NATHAN MCMAHON

Contract Law Routledge

This textbook takes a fresh approach to contract law; as a first edition it reflects the subject in the 21st century more accurately than other texts. Comprehensive and scholarly, it maps the curriculum perfectly but detailed references and further reading sections encourage students to explore the subject further. Understanding is paramount and

chapter introductions clearly guide students through the material. The textbook takes an innovative approach to case law: breaking down and discussing individual elements of a case and selecting short key extracts it gives students the tools to read cases independently and with confidence. An examination of the historical and theoretical foundations of the subject and a concluding chapter tracking emerging fields ensure the broadest possible perspective. Discussion of key recent cases such as Durham Tess Valley Airport (2010) and Chartbrook (2009) make this

important new text a must for contract law students.

OUP Oxford

This book explores commercial contract law in scholarship and legal practice, suggests new research agendas and provides a forum for debate of typical issues that might benefit from further attention by scholarship and legislatures. The authors from over ten different jurisdictions take an international and comparative approach. Not confined to EU law it re-opens the debate internationally and seeks to reclaim the wider meaning of European law as rooted in geography and

cultural legal heritage. There is a need to focus on commercial contracts in more detail in research and legislation. The transactional approach, the role of recent law reform, including the new French Civil Code, cross-border dealings, substantive contract law in public international law and ICSID arbitration as well as current contractual practices like OEM, CSR, contractual co-operation, sustainability and intra-corporate arbitration contribute to a wider regulatory outlook for commercial transactions.

Mistake and Non-Disclosure of Fact

Bloomsbury Publishing

Contains Contract Law, ninth edition plus Core Statutes on Contract, Tort and Restitution 2011-2012. These texts provide undergraduate students with the essential knowledge, skills and understanding required for success in Contract Law, featuring Mckendrick's widely praised textbook.

Law of Contract Edward Elgar Publishing
"This Nutshell provides a comprehensive guide to the law of contracts. It contains detailed explanations of contract concepts under both the common law and Article 2 of the Uniform Commercial Code, as well

as the basics of restitution law. It also provides an extensive introduction to contracts in the digital age."--Publisher
Contracts in a Nutshell Anderson
Publishing Company (OH)

PROBLEMS IN CONTRACT LAW: Cases and Materials has always been a favorite of first-time Contracts teachers. By combining contemporary theory and problems with more traditional cases and notes, this successful casebook has become the choice of wide range of professors. This eagerly-awaited revision introduces new co-author H.G. Prince and a host of new material while it retains the intellectual integrity of previous editions. This extremely teachable casebook draws praise for its: exceptionally engaging problems that mesh with cases, notes, and questions to hold student interest integration of contemporary contract theory such as feminist, law and economics, and other viewpoints. balanced structure and organization that allows the book to be comprehensive, without overwhelming students companion Rules Supplement outstanding Teacher's Manual, with sample syllabi, teaching points keyed to specific pages,

answers to many of the problems, and questions keyed to case summaries To keep the book fresh and current, this Fourth Edition features: updated problems, cases, and references expanded coverage of promissory estoppel greater discussion of Alternative Dispute Resolution as it relates to contract law. For your next Contracts course, consider the book that is firmly positioned where scholarship meets practice: PROBLEMS IN CONTRACT LAW: Cases and Materials, Fourth Edition. *Contract Law and Its Application* Gilbert Law Summaries
Interesting and informative, Perspectives on Contract Law is an anthology of legal scholarship that presents both seminal and cutting-edge writing by luminaries in the field. Featuring selections from a new generation of contracts scholars including Steven J. Burton, Nathan B. Oman, Margaret Radin, and more, along with additional content by Alan Schwartz and Robert E. Scott, this text offers a diversity of articles that reflect a variety of contract theorists and perspectives. Created with the first-year law student in mind, this text provides introductory text and Study Guides that frame each article and

helpfully suggest salient themes. A logical and modular organization make this reader suitable for use alongside any contracts casebook.

The Oxford Handbook of Comparative Law West Academic Publishing

Understanding Contract Law presents a succinct but intellectually challenging overview of contract law. Offering a unique analysis of contract doctrine (the authors' terminology of "market-individualism" and "consumer-welfarism" has been adopted wholesale), Understanding Contract Law explains how the contract rule-book emerged, and how the rule-book doctrines and particular judicial decisions reflect a range of underlying tensions (relating to the general ideologies of adjudication and the particular ideologies of contract)

Contract in a Nutshell Oxford University Press

Providing a comprehensive, practice-oriented approach to the legal and practical aspects of contract law, Contract Law In Focus offers realworld scenarios throughout give students numerous opportunities to apply and solidify their understanding of important concepts. Clear explanatory text, Case Previews, and

Case Follow-ups further clarify the doctrine and aid in student understanding. This text begins with a helpful introduction to the study of contract law, providing basic information about the way contracts are governed in the United States. It then introduces formation of contracts, covering offer, acceptance, consideration, and exceptions to consideration. The casebook moves on to provide clear and comprehensive discussions of defenses, excuses, and remedies for breach. By effectively synthesizing the statutory law, common law, relevant rules, and secondary sources, while offering a focus on understanding contract law -- as it developed in the past, exists today, and will evolve in the future -- the authors have created an indispensable guide for students learning contract law.

A Casebook on Contract West Academic Publishing

Softbound - New, softbound print book.

Contents of Commercial Contracts Oxford University Press

Composed of approximately one-quarter authors' commentaries and three-quarters cases and materials, including academics' articles and extracts from books and Law

Commission papers, this book facilitates the development of personal study skills and encourages readers to engage with the leading commentaries in the area. Clearly signposted chapter introductions highlight the salient features under discussion and additional reading collected at the end of each chapter guides further study and independent research. The range of material covered and the straightforward style makes Text, Cases and Materials on Contract Law an invaluable resource for all undergraduate students of contract law.

Contract Law and Its Application Aspen Publishers

Hardbound - New, hardbound print book.

Basic Contract Law Aspen Publishing

A complete guide to contract law in a single volume. Comprising a unique balance of 60% text to 40% cases and materials, Contract Law: Text, Cases, and Materials combines the best features of a textbook with those of a traditional casebook. The author's clear explanations and analysis of the law provide invaluable support to students, while the extracts from cases and materials promote the development of essential case-reading

skills and allow for a more detailed appreciation of the practical workings of the law. Online resources The book is accompanied by online resources which include:- Extra material with in-depth coverage of topics such as illegality and incapacity- Updates on recent developments in the law- Self-test multiple choice questions and answers- Annotated web links to key sources of information on contract law

Contract Law and Its Application Taylor & Francis

As a part of our CasebookPlus offering, you'll receive the print book along with lifetime digital access to the eBook. Additionally you'll receive 12-month online access to the Learning Library which includes quizzes tied specifically to your book, an outline starter and digital access to leading study aids in that subject and the Gilbert® Law Dictionary. The included study aids are Contracts in a Nutshell, Exam Pro on Contracts and Acing Contracts. The ninth edition continues the approach of earlier editions in emphasizing rich, full-bodied versions of the principal cases. This concise version is a stream-lined version of the Standard

version for a four unit course. It omits note materials and cases and a few principal cases that are included in the longer version to under-score or elaborate upon the key principles in each unit. The new edition includes a great number of new principal cases, including extensive coverage of pertinent materials in the new restatement of restitution and up to date materials on "rolling contracts."

Mistake and Non-Disclosure of Fact Oxford University Press

A considered balance of depth, detail, context, and critique, Contract Law Directions offers the most student-friendly guide to the subject; empowering students to evaluate the law, understand its practical application, and approach assessments with confidence.

Poole's Casebook on Contract Law

Contract Law A complete guide to contract law in a single volume. Comprising a unique balance of 60% text to 40% cases and materials, Contract Law: Text, Cases, and Materials combines the best features of a textbook with those of a traditional casebook. The author's clear explanations and analysis of the law provide invaluable support to students, while the extracts

from cases and materials promote the development of essential case-reading skills and allow for a more detailed appreciation of the practical workings of the law. Online resources The book is accompanied by online resources which include:- Extra material with in-depth coverage of topics such as illegality and incapacity- Updates on recent developments in the law- Self-test multiple choice questions and answers- Annotated web links to key sources of information on contract law Contracts This classic casebook, now in its 9th Edition, offers first-year students a solid and inviting introduction to contract law, recognizing both the English and American common law traditions and bringing them into our age of statutes, most particularly the Uniform Commercial Code. Like earlier editions, the 9th Edition features carefully-selected cases, well-tailored notes and problems, and authoritative textual discussions of major developments in current contract law. These include the meaning of assent and agreement (with particular focus on the online environment and in the context of mandatory arbitration clauses); attention to

comparative and international approaches; and accessible discussion of theoretical underpinnings of contract doctrine, the importance of which remain a mainstay of this new edition. The casebook is ecumenical in its outlook, presenting a well-balanced approach that is usable by professors with a wide-range of theoretical outlooks and pedagogical styles. Cases are situated within a variety of disciplines--history, economics, philosophy, and ethics--and present the law in a variety of typical settings--commercial, familial, employment, consumer, real estate and so on. The 9th Edition will feel familiar yet fresh to current users and both exciting and comfortable to newcomers. Contract Law and Its Application Hardbound - New, hardbound print book. Problems in Contract Law In Problems in Contract Law: Cases and Materials, Ninth Edition, by Charles L. Knapp, Nathan M. Crystal, and Harry G. Prince, a balance of traditional and contemporary cases reflect the development and complexity of contract law. Explanatory notes and text place classic and contemporary cases in their larger legal context, while questions and

problem exercises bridge theory and practice. This successful book includes various perspectives and contractual settings, and offers a highly intelligent, contemporary treatment of contract law. It can easily be used in teaching by traditional case analysis, through problem-based instruction, or using theoretical inquiry. New to the Ninth Edition: Seven new cases that reflect advances in or improved statements of contract law Two restored cases (Kirksey v. Kirksey and Hill v. Jones) that provide valuable perspectives on fundamental areas of contract law Eight new problems (including seven net additions and one replacement) to provide more review options for students and to add contemporary fact patterns A new, two-color design featuring interesting photographs illustrating people and places discussed in some of the cases Editing of note and text material to reduce length without affecting coverage Reorganization of text and comment material to focus comments primarily on historical developments, allowing professors flexibility in assigning or deleting comments Student accessibility to deleted

cases from prior editions through Connected Casebook, allowing professors the further flexibility of continuing to easily assign cases for which they have a particular preference Professors and students will benefit from: A mixture of classic and contemporary cases The authors' emphasis on accessibility of the material--rejecting a hide-the-ball approach Review questions at the end of each chapter that are primarily designed for students to perform self-assessments of their grasp of the material. Answers with explanations are included in an appendix within the book. Law of Contract This 9th edition aims to provide a complete update of case law which has come into effect in this area of law in recent years, particularly with regard to the provisions of the Law of Property (Miscellaneous Provisions) Act 1989. level, this handbook provides a clear and concise introductory guide to the principles of contract law. It contains a thoroughly updated text, significant new cases and is designed for CPE, ILEX, ACCA and CIMA students. Basic Contract Law Freedom of contract is a great strength of English law: indeed it is a key reason why

English law is often the law of choice. But the terms of commercial contracts often restrict freedom of action. This book considers such terms. Leading commentators take stock of recent developments such as increased reliance on good faith/discretion and the rise of smart contracts. In so doing, they make original contributions to ongoing debates concerning the limits to parties' freedom of contract. This important subject will interest drafters of commercial contracts keen to ensure that contracts are clear and enforceable; litigators disputing the meaning, scope and validity of terms; and academics interested in the purpose and nature of the exercises involved.

Perspectives on Contract Law West Academic Publishing

This classic casebook, now in its 9th Edition, offers first-year students a solid and inviting introduction to contract law, recognizing both the English and American common law traditions and bringing them into our age of statutes, most particularly the Uniform Commercial Code. Like earlier editions, the 9th Edition features carefully-selected cases, well-tailored notes and problems, and authoritative textual

discussions of major developments in current contract law. These include the meaning of assent and agreement (with particular focus on the online environment and in the context of mandatory arbitration clauses); attention to comparative and international approaches; and accessible discussion of theoretical underpinnings of contract doctrine, the importance of which remain a mainstay of this new edition. The casebook is ecumenical in its outlook, presenting a well-balanced approach that is usable by professors with a wide-range of theoretical outlooks and pedagogical styles. Cases are situated within a variety of disciplines--history, economics, philosophy, and ethics--and present the law in a variety of typical settings--commercial, familial, employment, consumer, real estate and so on. The 9th Edition will feel familiar yet fresh to current users and both exciting and comfortable to newcomers.

Basic Contract Law - Casebook Plus OUP Oxford

"This book comprises the collected and revised papers from a conference on comparative British and American contract

law, held at the University of Edinburgh Law School in September 2013"--Preface. *Contract Law + Core Statutes on Contract, Tort and Restitution 2011-12 Value Pack* Aspen Publishing

This book presents the key principles of contract law in a clear, and straightforward language. It explains basic principles and highlights key cases and statutes. It focuses on those topics favored by examiners, and provides an essential revision aid for all students of contract law.

The Future of the Commercial Contract in Scholarship and Law Reform Oxford University Press

European Contract Law unification projects have recently advanced from the Draft Common Frame of Reference (2009) to a European Commission proposal for an optional Common European Sales Law (2011) which is to facilitate cross-border marketing. This book investigates for the first time how CESL and DCFR rules would interact with various aspects of domestic law, represented by English and German law. Nineteen chapters, co-authored by British and German scholars, examine such interface issues for eg pre-

contractual relationships, notions of contract, formation, interpretation, and remedies, extending to non-discrimination, third parties, transfers or rights, aspects of property law, and collective proceedings. They go beyond a critical analysis of CESL and DCFR rules by demonstrating where and how CESL rules would interact with

neighbouring areas of English and German law before English and German courts, how domestic traditions might influence the application, which aspects might motivate sellers and buyers to choose or reject CESL, and which might serve as model for national legislators. The findings are summarized in the final two chapters. *Contract Law in Modern Society* Palgrave

MacMillan

This textbook is designed for use in the first year Contracts course offered in U.S. law schools. It is written in a straightforward method that doesn't "hide the ball" while including a wide and representative collection of precedent setting cases in the field of Contract Law.
