A Diachronic
Perspective Palgrave
Macmillan
The
Winterlings Restless
Books
Restless Books
The major aim of this
volume is to
investigate infinitival

structures from a
diachronic point of
view and,
simultaneously, to
embed the diachronic
findings into the
ongoing theoretical
discussion on non-finite
clauses in general. All
contributions subscribe
to a dynamic approach
to infinitival clauses by
investigating their
origin, development
and loss in
miscellaneous patterns

and across different languages.

Approaches, Affordances, Forms

The Winterlings

This open access book offers innovative and wide-ranging responses to the continuously flourishing literary phenomenon of autofiction. The book shows the insights that are gained in the shift from the genre descriptor to the adjective, and from a broad application of “the autofictional” as a theoretical lens and aesthetic strategy. In three sections on “Approaches,” “Affordances,” and “Forms,” the volume proposes new theoretical approaches for the study of autofiction and the autofictional, offers fresh perspectives on

many of the prominent authors in the discussion, draws them into a dialogue with autofictional practice from across the globe, and brings into view texts, forms, and media that have not traditionally been considered for their autofictional dimensions. The book, in sum, expands the parameters of research on autofiction to date to allow new voices and viewpoints to emerge.

The Autofictional

Walter de Gruyter GmbH & Co KG

A reckoning with violent history, the occult, and death set against the broodingly romantic backdrop of the Spanish Civil War’s fallout and Hollywood’s Golden Age, by “one of the most powerful female voices Spanish

literature has produced” (La Razón). After a childhood in exile, two odd sisters, known mysteriously as “The Winterlings,” return to their murdered grandfather’s cottage in the Galician countryside and settle into the unchanged routines of rural living. When the sisters learn of nearby filming for Pandora and the Flying Dutchman and the call for Ava Gardner lookalikes, the chance to stand in for the most beautiful woman in the world divides their once-unified passion for Hollywood cinema and acting, threatening to sunder their close relationship. Meanwhile, the insular villagers gradually reveal themselves as grotesque (albeit charming) characters:

a widow in perpetual mourning, a woman who never dies and the priest who climbs a steep hill daily to give her last rites, and a dentist who plants the teeth of the deceased in his patients’ mouths. But most unsettling of all is the revelation of the perverse business arrangement the townspeople have made with the girls’ departed grandfather. Enchanting as a spell, award-winning Galician author Cristina Sánchez-Andrade’s novel draws equally from Spanish oral tradition and the American gothic fiction of Flannery O’Connor and Shirley Jackson, puncturing the idyllic surface of provincial life and historical codes of silence to expose the darkness lurking underneath.
