 U of Nebraska Press  
 Hero of the Soviet Union Dmitriy Loza has  
 carefully crafted his World War II  
 experiences with U.S.-provided Sherman  
 tanks into a highly readable memoir.  
 Between the fall of 1943 and August 1945,  
 Loza fought in the Ukraine, Romania,  
 Hungary, Czechoslovakia, and Austria. He  
 commanded a tank battalion during much

of this period and had three Shermans  
 shot out from under him. Loza's unit  
 participated in such well-known combat  
 actions as the Korsun-Shevchenkivskiy  
 Operation, the Jassy-Kishinev Operation,  
 and the battles for Budapest, Vienna, and  
 Prague. Following the German surrender,  
 Loza's unit was sent to Mongolia, where it  
 participated in the arduous trek across the  
 Gobi Desert to attack the Japanese  
 Kwantung Army in Manchuria. This is the  
 first available detailed examination of the  
 Red Army's exploitation of U.S. war  
 materiel during World War II and one of the  
 first genuine memoirs available from the  
 Russian front. Loza also provides firsthand  
 testimony on tactical command decisions,  
 group objectives and how they were  
 accomplished, and Soviet use of combat  
 equipment and intelligence. Only after the  
 collapse of the USSR and concomitant  
 relaxing of prohibitions against publication  
 of materials related to the Lend-Lease  
 Program there could this account be made  
 available Dmitriy Loza served as an  
 instructor at the Frunze Academy after the  
 war, retiring in 1967 with the rank of  
 colonel. He resides in Moscow. James F.  
 Gebhardt, now a defense contractor at  
 Fort Leavenworth, is a Vietnam veteran.  
 He is the author of *Blood on the Shores:  
 Soviet Naval Commandos in World War II*.

 'For the sake of argument, one must never  
 let a euphemism or a false consolation

pass uncontested. The truth seldom lies, but when it does lie it lies somewhere in between.'. The global turmoil of the last few years has severely tested every analyst and commentator. Few have written with such insight as Christopher Hitchens about the large events - or with such discernment and with about the small tell-tale signs of a disordered culture. For the Sake of Argument ranges from the political squalor of Washington, as a beleaguered Bush administration seeks desperately to stave off disaster and Clinton prepares for power, to the twilight of Stalinism in Prague; from the Jewish quarter of Damascus in the aftermath of the Gulf War to the embattled barrios of Central America and the imperishable resistance of Saralevo, as a difficult peace is negotiated with ruthless foes. Hitchens' unsparing account of Western realpolitik in the end shows it to rest on delusion as well as deception. The reader will find in these pages outstanding essays on political assassination in America as well as a scathing review of the evisceration of politics by pollsters and spin-doctors. Hitchens' knowledge of the tortuous history of revolutions in the twentieth century helps him to explain both the New York intelligentsia's flirtation with Trotskyism and the frailty of Communist power structures in Eastern Europe. Hitchens' pointed reassessments of Graham Greene, P.G. Wodehouse and C.L.R. James, or his riotous celebration of drinkiness and smoking, display an engaging enthusiasm and an acerbic wit. Equally entertaining is his unsparing rogues' gallery, which gives us unforgettable portraits of the lugubrious 'Dr' Kissinger, the comprehensively reactionary 'Mother' Teresa, the preposterous Paul Johnson and the predictable P.J. O'Rourke.

A worldwide history of alien contact from one of the most respected authorities on the phenomenon: "A bible for UFO watchers" (The Wall Street Journal). This fascinating new volume tells the story of

contact between aliens and humans from all across the globe, dating back to 1932, including meetings with military personnel and American presidents such as Eisenhower and Kennedy. For the first time, a former member of MI6 reveals her conversation with Neil Armstrong at a NASA conference, when she confirmed that there were "other" spacecraft on the moon when Apollo 11 landed in 1969. Armstrong also confirmed that the CIA was behind the cover-up. In a further admission in December 2012, Russian Prime Minister Dmitry Medvedev revealed "the president of Russia is given a special top secret folder [that] in its entirety contains information about aliens who have visited our planet. Along with this, the president is given a report of the Special Service that exercises control over aliens in our country. I will not tell you how many of them are among us because it may cause panic."

Dorks, Dweebs, Debutantes, and Jocks—Where would you fit in? Being the new girl is tough—just ask sixteen-year-old Rio Jones. A New York transplant, Rio has no clue how she's going to fit in at her fancy new private school in Southern California. Plus, being late, overdressed, and named after a Duran Duran song doesn't make the first day any easier for her. Then Rio meets Kristi. Beautiful, rich, and a cheerleader, Kristi is the queen bee of Newport Beach. And Kristi isn't friends with just anyone, so Rio is thrilled when she's invited to be part of the most exclusive, popular clique. Of course, like any club, Kristi and her friends have rules: Always smile (even if you don't mean it), always dress cute (and never repeat outfits), and always flirt (but only with jocks, preps, and rich college guys). At first Rio is having a great time, but as she becomes more immersed in this jet-set crowd, she figures out there is one last rule that her new friends forgot to mention: Don't cross Kristi . . . in Alyson Noël's Art Geeks and Prom Queens.
