Tres Guitar Method R.

R. Bowker
In this uniquely wide-ranging book, David Craven investigates the extraordinary impact of three Latin American revolutions on the visual arts and on cultural policy. The three great upheavals - in Mexico (1910-40), in Cuba (1959-89), and in Nicaragua (1979-90) - were defining moments in twentieth-century life in the Americas. Craven discusses the structural logic of each movement's artistic project - by whom, how, and for whom artworks were produced -- and assesses their legacies. In each case, he demonstrates how the consequences of the revolution reverberated in the arts and cultures far beyond national borders. The book not

only examines specific artworks originating from each revolution's attempt to deal with the challenge of 'socializing the arts,' but also the engagement of the working classes in Mexico, Cuba, and Nicaragua with a tradition of the fine arts made newly accessible through social transformation. Craven considers how each revolution dealt with the pressing problem of creating a 'dialogical art' -- one that reconfigures the existing artistic resource rather than one that just reproduces a populist art to keep things as they were. In addition, the author charts the impact on the revolutionary processes of theories of art and education,

articulated by such thinkers as John Dewey and Paulo Freire. The book provides a fascinating new view of the Latin American revolutionaries -- from artists to political leaders -- who defined art as a fundamental force for the transformation of society and who bequeathed new ways of thinking about the relations among art, ideology, and class, within a revolutionary process.

Alfonso, Juan Antonio Martínez de Osaba y el inefable Ismael Sené. Cumple el autor con un concepto suscrito por Miguel Barnet al fundamentar el alcance de toda literatura testimonial que se respete: "El libro trasciende al libro; trasciende al hecho de ser un objeto, con una escritura que se lee por entretenimiento, o por búsqueda de conocimientos, o por cualquier otra razón. Se convierte en un talismán de comunicación entre los seres humanos y ahí es donde adquiere su sentido de utilidad y se completa su mensaje". *El Trabajo Social desde miradas transnacionales - Experiencias empíricas y conceptuales* Ella Y Yo
Este material tiene el

propósito de mostrarles los caminos que encontré para hacer la versión del precioso tema "Ella y yo", el cual forma parte del repertorio de la Trova Tradicional de Cuba y esta está compuesto por el trovador Oscar Hernández. This material is intended to show you the diverse ways I've found to make my own version of the beautiful Cuban song "Ella y yo" (Me and Her). This song is part of the repertoire of the Traditional Trove of Cuba and it was written by the troubadour Oscar Hernandez. En estas partituras podrán encontrar algunos de los patrones más utilizados por la guitarra y el Tres Cubano, los cuales resultan de vital

importancia para interpretar este estilo musical correctamente. In these scores you may find some of the most recurrent patterns used by the guitar and the Cuban Tres (Tres Cubano), which are vital to the correctly interpret this musical style. Renesito Avich

 The Garland Handbook of Latin American Music is comprised of essays from The Garland Encyclopedia of World Music: Volume 2, South America, Mexico, Central

America, and the Caribbean, (1998). Revised and updated, the essays offer detailed, regional studies of the different musical cultures of Latin America and examine the ways in which music helps to define the identity of this particular area. Part One provides an in-depth introduction to the area of Latin America and describes the history, geography, demography, and cultural settings of the regions that comprise Latin America. It also explores the many ways to research Latin American music, including archaeology, iconography, mythology, history, ethnography, and practice. Part Two focuses on issues and processes, such as history, politics,

geography, and immigration, which are responsible for the similarities and the differences of each region's uniqueness and individuality. Part Three focuses on the different regions, countries, and cultures of Caribbean Latin America, Middle Latin America, and South America with selected regional case studies. The second edition has been expanded to cover Haiti, Panama, several more Amerindian musical cultures, and Afro-Peru. Questions for Critical Thinking at the end of each major section guide focus attention on what musical and cultural issues arise when one studies the music of Latin America -- issues that might not occur in the study of other musics of the

world. Two audio compact discs offer musical examples of some of the music of Latin America.

Diseñado para enseñar a los hispanos en los Estados Unidos y Canadá un conocimiento práctico

del inglés. Actualizada con frases adicionales de uso común, nuevas preguntas y respuestas para la práctica y la revisión, y ayudas para la escucha como cajas de búsqueda de la palabra, palabras mezcladas y crucigramas, la nueva edición de este programa informal de aprendizaje de idiomas se ha creado para dar a los hispanos en los Estados Unidos y Canadá un conocimiento práctico del inglés. El autor William Harvey evita las reglas aburridas de la gramática, y en su lugar familiariza a los lectores con frases usadas a menudo, incluyendo una serie de conversaciones informales entre los hablantes en inglés estadounidense idiomático. También

presenta tablas que presentan verbos y tiempos de verbos en inglés de uso común. El énfasis en la pronunciación correcta incluye consejos útiles y consejos sobre la pronunciación y la comprensión auditiva. El audio en línea utiliza diálogos hablados y entrenamiento para enfatizar la pronunciación correcta del inglés estadounidense informal. Designed to teach Hispanics in the United States and Canada a practical working knowledge of English. Updated with

additional commonly-used phrases, new questions and answers for practice and review, and listening aids such as find-the-word boxes, jumbled words, and crosswords, the new edition of this informal language-learning program has been created to give Hispanics in the United States and Canada a practical working knowledge of English. Author William Harvey bypasses the dull rules of grammar, and instead familiarizes readers with often-used phrases, including a series of informal conversations among speakers in idiomatic American English. It also features tables that present commonly-used English verbs and verb tenses. Emphasis on correct pronunciation

includes helpful tips and advice on pronunciation and listening comprehension. The online audio uses spoken dialogues and coaching to emphasize correct pronunciation of informal American English.

En Clásicos de tres décadas venezolanas: 60, 70 y 80, José Luis Briceño recoge —en forma de crónicas— fragmentos políticos, económicos, sociales y culturales de Venezuela a lo largo de esos años y los hilvana en un relato coherente. El autor va enlazando acontecimientos tales como la decisiva presencia cubana en el país durante los años sesenta, la llegada de la píldora anticonceptiva, la bonanza petrolera y un dólar a 4,30; el cierre de la Cinemateca Nacional por la proyección de El último tango en París y el

éxito de la telenovela cultural, escrita por Salvador Garmendia o José Ignacio Cabrujas; la llegada de la televisión a color y el sonado caso del «monstruo de Mamera», como lo llamó la prensa local a principios de los ochenta; el abultamiento de la deuda externa, el traumático «viernes negro», la privatización de Viasa y el decreto del «1 x 1», que dio un impulso sin precedentes a la producción musical nacional. Briceño pone de relieve acontecimientos decisivos de la Venezuela de esos años, permitiendo que el lector reviva o descubra las causalidades y los laberintos sociológicos que han condicionado

nuestra historia reciente y que, como señala su prologuista, Rodolfo Izaguirre, pueden ayudar «a conocernos y a protegernos de nuestros propios desatinos».

En el debate científico sobre trabajo social y comunidad, aún no se han valorado en su justa medida varias dimensiones de la transnacionalización, por ejemplo la transnacionalización fuera del tema de la

migración o la perspectiva latinoamericana. Se trata, pues, con la planeación de éste publicación, de establecer puntos de contacto pertinentes con estas dimensiones, para lo cual sirven de fundamento conceptualizaciones científico-sociales del debate internacional. Asimismo, han de tener la oportunidad de expresar sus ideas autores latinoamericanos importantes que se ocupan de esta temática así como colegas que han investigado hasta ahora sobre Latinoamérica. Se logra, con ello, una perspectiva interdisciplinaria e internacional, la cual constituye el punto de partida de la

publicación y cuyo título también es programa: 'El Trabajo Social desde miradas transnacionales - Experiencias empíricas y conceptuales'. *Art and Revolution in Latin America, 1910-1990* Simon and Schuster
 Joel Peña, a professional musician with many years of experience, has created the definitive method book for those interested in taking up the unique instrument known as the Cuban tres or three-course guitar. This bilingual book/CD method addresses everything from appropriate string gauges to creating authentic Latin tumbaos or groove patterns. Beginners and experienced players alike will appreciate the book's

logic as each section features diagrams and exercises in standard notation to help the student understand the concepts being presented at any given point. the book includes many musical examples from the tres repertoire, and the companion CD, recorded by an authentic tresero, erases any doubts about performance style.

Senador Marco Rubio ha sido llamado el Michael Jordan de la política republicana y un príncipe de la corona del Tea Party. Él es una figura política que inspira feroces pasiones entre sus seguidores-y sus detractores. De raíces inmigrantes de su familia a su ascenso desde comisario de pueblo pequeño a la altura del Senado de Estados Unidos, The Rise of Marco Rubio traza una odisea americana clásica. El abuelo de Rubio nació en una casa con techo de paja de palma humilde en una región de cultivo de caña de azúcar de Cuba, más

de cincuenta años antes de que los padres de Rubio abandonaron la isla para una mejor vida en Miami. Su padre trabajaba como camarero, su madre como empleada doméstica y empleado de almacén en Kmart. Rubio fue rápido en su campo de fútbol del instituto, e incluso más rápido en convertirse en una voz importante en todo, desde la inmigración hasta el papel de la fe en la vida pública y una de las grandes esperanzas del Partido Republicano. Sobre la base de cientos de entrevistas y documentos, Washington Post, Manuel Roig-Franzia muestra cómo Rubio cultiva el don de sí mismo como aprendiz con el mentor

adecuado, el aprendizaje de los temas, y el voluntariado para trabajos políticos difíciles que le hicieron brillar. También tiene una habilidad con las palabras y el instinto para aprovechar las oportunidades que otros no ven. Como Mike Huckabee dice Rubio "es nuestro Barack Obama con la sustancia." The Rise of Marco Rubio elegantemente nos dice por qué.

Arsenio Rodríguez was one of the most important Cuban musicians of the twentieth century. In this first scholarly study, ethnomusicologist David F. García examines Rodríguez's life, including the conjunto musical combo he led and the highly influential son montuno style of music he created in the 1940s. García recounts Rodríguez's battle for recognition at the height of "mambo

mania" in New York City and the significance of his music in the development of salsa. With firsthand accounts from relatives and fellow musicians, Arsenio Rodríguez and the Transnational Flows of Latin Popular Music follows Rodríguez's fortunes on several continents, speculating on why he

never enjoyed wide commercial success despite the importance of his music. García focuses on the roles that race, identity, and politics played in shaping Rodríguez's music and the trajectory of his musical career. His transnational perspective has important implications for Latin American and popular music studies.
