Is peace an aberration? The bestselling author of *Paris 1919* offers a provocative view of war as an essential component of humanity. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE EAST HAMPTON STAR “Margaret MacMillan has produced another seminal work. . . . She is right that we must, more than ever, think about war. And she has shown us how in this brilliant, elegantly written book.”—H.R. McMaster, author of *Dereliction of Duty* and *Battlegrounds: The Fight to Defend the Free World* The instinct to fight may be innate in human nature, but war—organized violence—comes with organized society. War has shaped humanity’s history, its social and political institutions, its

values and ideas. Our very language, our public spaces, our private memories, and some of our greatest cultural treasures reflect the glory and the misery of war. War is an uncomfortable and challenging subject not least because it brings out both the vilest and the noblest aspects of humanity. Margaret MacMillan looks at the ways in which war has influenced human society and how, in turn, changes in political organization, technology, or ideologies have affected how and why we fight. *War: How Conflict Shaped Us* explores such much-debated and controversial questions as: When did war first start? Does human nature doom us to fight one another? Why has war been described as the most organized of all human activities? Why are warriors almost always men? Is war ever within our control? Drawing on lessons from wars throughout the past, from classical history to the present day, MacMillan reveals the many faces of war—the way it has determined our past, our future, our views of the world, and our very conception of ourselves.

Folksy and fresh, endearing and affecting, *Fried Green Tomatoes* at the Whistle Stop Cafe is a now-classic novel about two women: Evelyn, who’s in the sad slump of middle age, and gray-headed Mrs. Threadgoode, who’s telling her life story. Her tale includes two more women—the irrepressibly daredevilish tomboy Ildgie and her friend Ruth—who back in the thirties ran a little place in Whistle Stop, Alabama, offering good coffee, southern barbecue, and all kinds of love and laughter—even an occasional murder. And as the past unfolds, the present will never be quite the same again. Praise for *Fried Green Tomatoes* at the Whistle Stop Cafe “A real novel and a good one [from] the busy brain of a born storyteller.”—The New York

Times “Happily for us, Fannie Flagg has preserved [the Threadgoodes] in a richly comic, poignant narrative that records the exuberance of their lives, the sadness of their departure.”—Harper Lee “This whole literary enterprise shines with honesty, gallantry, and love of perfect details that might otherwise be forgotten.”—Los Angeles Times “Funny and macabre.”—The Washington Post “Courageous and wise.”—Houston Chronicle [How Qualities of Place Shape Social Life](#) Da Capo Lifelong Books

"Tubbs' connection to these women is palpable on the page — as both a mother and a scholar of the impact Black motherhood has had on America. Through Tubbs' writing, Berdis, Alberta, and Louise's stories sing. Theirs is a history forgotten that begs to be told, and Tubbs tells it brilliantly." —Ibram X. Kendi, #1 New York Times bestselling author of *How to Be an Antiracist* and National Book Award winner *Stamped from the Beginning* Much has been written about Berdis Baldwin's son James, about Alberta King's son Martin Luther, and Louise Little's son Malcolm. But virtually nothing has been said about the extraordinary women who raised them. In her groundbreaking and essential debut *The Three Mothers*, scholar Anna Malaika Tubbs celebrates Black motherhood by telling the story of the three women who raised and shaped some of America's most pivotal heroes. A New York Times Bestsellers Editors' Choice An Amazon Editor's Pick for February Amazon's Best Biographies and Memoirs of 2021 One of theSkimm's "16 Essential Books to Read This Black History Month" One of Fortune Magazine's "21 Books to Look Forward to in 2021!" One of *Badass Women's* Bookclub picks for "Badass Books We Can't Wait to Read in 2021!" One of *Working Mother Magazine's* "21 Best Books of 2021 for Working Moms" One of *Ms. Magazine's* "Most Anticipated Reads for the Rest of Us 2021" One of *Bustle's* "11 Nonfiction Books To Read For Black History Month — All Written By Women" One of *SheReads.com's* "Most anticipated nonfiction books of 2021" Berdis Baldwin, Alberta King, and Louise Little were all born at the beginning of the 20th century and forced to contend with the prejudices of Jim Crow as Black women. These three extraordinary women passed their knowledge to their children with the hope of helping them to survive in a society that would deny their humanity from the very beginning—from Louise teaching her children about their activist roots, to Berdis encouraging James to express himself through writing, to Alberta basing all of her lessons in faith and social justice. These women used their strength and motherhood to push their children toward greatness, all with a conviction that every human being deserves dignity and respect despite the rampant discrimination they faced. These three mothers taught resistance and a fundamental belief in the worth of Black people to their sons, even when these beliefs flew in the face of America's racist practices and led to ramifications for all three families' safety. The fight for equal justice and dignity came above all else for the three mothers. These women, their similarities and differences, as individuals and as mothers, represent a piece of history left untold and a celebration of Black motherhood long overdue.

Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

A Dynamic New Approach to Organizational Change Dialogic Organization Development is a compelling alternative to the classical action research approach to planned change. Organizations are seen as fluid, socially constructed realities that are continuously created through conversations and images. Leaders and consultants can help foster change by encouraging disruptions to taken-for-granted ways of thinking and acting and the use of generative images to stimulate new organizational conversations and narratives. This book offers the first comprehensive introduction to Dialogic Organization Development with chapters by a global team of leading scholar-practitioners addressing both theoretical foundations and specific practices.

The Theory and Practice of Transformational Change One World

A masterful, thought-provoking, and wide-ranging study of how the vestiges of the imperial era shape society today. In this groundbreaking narrative, *The Shadows of Empire* explains (in the vein of *The Silk Roads* and *Prisoners of Geography*) how the world's imperial legacies still shape our lives—as well as the thorniest issues we face today. For the first time in millennia we live without formal empires. But that doesn't mean we don't feel their presence rumbling through history. From Russia's incursions in the Ukraine to Brexit; from Trump's America-First policy to China's forays into Africa; from Modi's India to the hotbed of the Middle East, Samir Puri provides a bold new framework for understanding the world's complex rivalries and politics. Organized by region, and covering vital topics such as security, foreign policy, national politics and commerce, *The Shadows of Empire* combines gripping history and astute analysis to explain why the history of empire affects us all in profound ways; it is also a plea for greater awareness, both as individuals and as nations, of how our varied imperial pasts have contributed to why we see the world in such different ways.
