Andre Rieu is a violinist, conductor and international classical music star, who has won the hearts of millions of music-lovers throughout the world with his extravagant concerts and sell-out tours. Born in the Netherlands in 1949, Andre started taking violin lessons at the age of five, the beginning of a love affair that would never end. As a student he was asked to take part in a salon ensemble and as he played his first waltz a whole new world opened up for him. From that time on Andre was hooked on the waltz rhythm and dreamt of creating a large orchestra that would enchant its audience. After recruiting his own 'Johann Strauss Orchestra', Andre began to tour. Crowned the "Waltz King", Andre's wish was to make classical music accessible for everyone, and this has undoubtedly come true. The Johann Strauss Orchestra has grown from strength to strength and now has up to 50 players, and the orchestra's first CD, 'From Holland

with Love' (1994) stayed in the Top 10 chart in the Netherlands for over a year. Written by his wife, Marjorie Rieu, *My Music My Life* explores the story of Andre's youth; growing up in the Netherlands; the musical family he grew up in; his music studies; and his extraordinary success story as he went on to become a bestselling, international music star.

Andre Rieu: My Music, My Life

Ce volume présente les délibérations des Deuxièmes Rencontres Internationales harmoniques du printemps 2004. Les conférences ont été données par des experts des instruments à claviers et des cuivres. L'accent a été mis sur une variété de traditions historiques de facture instrumentale et sur l'histoire du renouveau de l'utilisation d'instruments anciens. Les contributions traitent non seulement des paramètres des pratiques instrumentales, mais encore de l'inspiration donnée dans ces domaines par quelques pionniers du renouveau de la musique ancienne. Dans bien des cas, les auteurs se sont penchés plus spécialement sur l'interprétation de la musique de Johann Sebastian Bach. This volume presents the proceedings of the second International Congress organised in Lausanne by the harmoniques Foundation and held in the Spring of 2004. The papers were given by experts on brass and stringed keyboard instruments. The emphasis was on a variety of historical

instrument-making traditions and on the history of the revival of the use of early instruments. The contributions not only included detailed discussions regarding the parameters of performance practice and the use of historical instruments but also about the inspiration given by some of the leading revivalists in these fields. In many cases the contributors placed a special focus on the performance of the music of Johann Sebastian Bach.

As the Czech ambassador to the United States, H. E. Petr Gandalovic noted in his foreword to this book Mla RechcgI has written a monumental work representing a culmination of his life achievement as a historian of Czech America. The Encyclopedia of Bohemian and Czech-American Biography is a unique and

unparalleled publication. The enormity of this undertaking is reflected in the fact that it covers a universe, starting a few decades after the discovery of the New World, through the escapades and significant contributions of Bohemian Jesuits and Moravian Brethren in the seventeenth and eighteenth centuries, and the mass migration of the Czechs after the revolutionary year of 1848 up to the early years of the twentieth century and the influx of refugees from Nazism and Communism. The encyclopedia has been planned as a representative, comprehensive, and authoritative reference tool, encompassing over 7,500 biographies. This prodigious and unparalleled encyclopedic vademecum, reflecting enduring contributions of notable Americans with Czech roots, is not only an invaluable tool for all researchers and students of Czech-American history, but also a cart blanche for the Czech Republic, which considers Czech Americans as their own and as a part of its magnificent cultural history.
