Evidence-Based Creative Teaching: Making Sense of Teaching Making Sense Teaching And Learning Making Sense: We want only the best for students. Online lessons will end by 28 Nov. Certain elements of teaching eg interaction with students, checking student's workings and spontaneous asking of questions cannot be replicated in the virtual setting. We are excited that everyone will be moving back into physical class soon! Read More Making Sense For us, making sense of writing about learning and teaching means recognizing that it is not only a way to contribute to existing scholarly conversations but also a way to create new ones. Relatedly, it is a method for fostering the development of identities and clarifying values, and it is a medium for engaging in ongoing learning.
