This book is a critical biography of Baba Padmanji (1831-1906), a firebrand native Christian missionary, ideologue, and litterateur from 19th-century Bombay Presidency. Though Padmanji was well-known, and a very influential figure among Christian converts, his contributions have received inadequate attention from the perspective of 'social reform' — an intellectual domain dominated by offshoots of the Brahma Samaj movement, like the Prarthana Samaj in Bombay. This book constitutes an in-depth analysis of Padmanji's relationships with questions of

reform, education, modernity, feminism, and religion, that had wide-ranging repercussions on the intellectual horizon of 19th-century India. It presents Padmanji's integrated writing persona and identity as a revolutionary pathfinder of his times who amalgamated and blended vernacular ideas of Christianity together with early feminism, modernity, and incipient nationalism. Drawing on a variety of primary and secondary sources, this unique book will be of great interest for area studies scholars (especially Maharashtra), and to researchers of modern India, engaged with the history of colonialism and missions, religion, global Christianity, South Asian intellectual history, and literature.

The God of Small Things Biography of Raja Ram Mohan Roy Rammohun Roy A Critical Biography

'Give me blood and I'll give you freedom', declared Subhash Chandra Bose. This was exactly what he believed in. The moderate ways of the Congress were not for him. Therefore, he formed the Azad Hind Fauj to overthrow the British. Burning with patriotic zeal, he tried his best to oust the British from his motherland. He was respectfully addressed as 'Netaji' and he dedicated his entire life for the freedom of his country. The annals of history have not done justice to this great patriot. It is time that he should be known by the people of India and given his due recognition. This book attempts to bring his life into spotlight and illuminate it so that the reader is conversant with it and appreciates his efforts.

A Novel Delhi : Vikas Publishing House
Bhagat Singh is a name that became synonymous with revolution in India's struggle for Independence. This young boy brought about a change in the way people thought about freedom. He was well read and fought extensively for rights – his own, his comrades' and his countrymen's. A discussion with a friend soon turned into a matter of self-assessment for Bhagat Singh, leading to a discourse on why he chose to be an atheist. Even in the face of death at a very young age, his uncanny observation leads to his putting forth some pertinent questions. On another occasion, he was disappointed with his father's plea in court for his innocence and chose to write a letter to him. This book is a collection of eighteen of his valued writings from within the walls of prison and outside it, which show us the resolve in his words, and the bravery in his acts subsequently.

The Father of Modern India Routledge
The chronology of Indian history rests on two sheet anchors. First sheet anchor is the identification of Sandrokottos of Greek

accounts with Chandragupta Maurya, the founder of Mauryan dynasty. Sandrokottos was the contemporary of Alexander the Great. Second sheet anchor is the identification of Devanampriya Priyadarshi of inscriptions with Ashoka Maurya, the grandson of Chandragupta Maurya. Devanampriya Priyadarshi mentions five Greek kings in his inscriptions, one of them being Antiyoka, who is currently identified with Antiochus II. Native historians claim that Sandrokottos should be identified with Chandragupta I of the Imperial Gupta dynasty. However, in the 180 years since the identification of Devanampriya Priyadarshi with Ashoka Maurya, a satisfactory alternative has not been found. In this pioneering book a new identification is proposed for Devanampriya Priyadarshi after presenting a comprehensive analysis of the source materials. This never before proposed identification of Devanampriya Priyadarshi opens the door for developing a new chronological framework for Indian history. *Nationalism* Prabhat Prakashan

Raja Rammohun Roy (1774—1833) was a great champion of liberty and civil rights in colonial India. He was also a true cosmopolitan who envisioned a world without borders. A tireless crusader for religious and social reform, Rammohun attempted a progressive reinterpretation of Hinduism and tried to improve the lot of socially marginalized groups such as women. Yet, in spite of his lofty public presence, Rammohun was a hugely controversial figure. He shocked the Hindu orthodoxy by his support to the abolition of Sati, offended evangelists by separating the moral message of Christ from the purely theological, and was often dragged

into legal disputes over family property. By the time of his death in Bristol, he was as much resented as respected, both at home and abroad. Using relatively unexplored sources, this elegant and accessible new biography by Amiya P. Sen paints a fascinating portrait of one of the legendary makers of modern India. *The Last Days in England of the Rajah Rammohun Roy* Penguin Random House India Private Limited

History of the Brahma Samaj Ramesh Publishing House

In author's previous book "India before Alexander: A New chronology" a new identity for Devanampriya Priyadarshi was proposed, which opened the door for developing a new chronological framework for the Indian history. Subsequently, a new chronology was developed for the period spanning from the time of Buddha to the invasion of India by Alexander. In this book, the chronological reconstruction of the Indian history is continued beginning from the invasion of India by Alexander. A proper understanding of the various eras used in ancient India is developed and for the first time the correct starting dates of the Nanda era, the Malava era, the Imperial Gupta era, and the Shudraka era are proposed. Focus of the book then shifts to establishing the historicity of Emperor Vikramaditya. For this purpose the scientific meaning of the legend of Vikramaditya is revealed and different stories of the historical Vikramadityas are attributed to the respective Vikramadityas, Samudragupta, Chandragupta II, Skandagupta and Yashodharma. It is then proposed that the Vikrama era was instituted to commemorate the death of Emperor Yashodharma Vishnuvardhana Vikramaditya in 57 BCE.
