A glebe, from the Latin 'glaeba', meaning a clod of earth, is a piece of land which has been given to the church. In 1789, 400 acres west of Sydney Cove

was granted to the Anglican Church for the colony's new chaplain, the Rev Richard Johnson. History of Glebe foreshore parks - City of Sydney Glebe's name is derived from the fact that the land on which it was developed was a glebe, originally owned by the Anglican Church. 'The Glebe' was a land grant of 162 hectares (400 acres) given by Governor Arthur Phillip to Reverend Richard Johnson, Chaplain of the First Fleet, in 1790.. In the 19th century, Glebe was home to architect, Edmund Blacket, who had migrated from England. Glebe, New South Wales - Wikipedia The following graph shows the progression of the tidal coefficient in the month of November of 2020. These values give us a rough idea of the tidal amplitude in Glebe Point (Great

Wicomico River), forecast in November.. Large coefficients indicate important high and low tides; major currents and movements usually take place on the sea bed.
