## **Incarnational Model for**

...

Answer: A working definition of incarnational ministry is “the immersion of one’s self into a local culture and ‘becoming Jesus’ to that culture.” Incarnational ministry seeks to dispense with ministry “from a

distance” and embrace ministry “up close and personal”—the love of God and the gospel of Christ are “incarnated” or embodied by the person ministering. In *Ministering Cross-Culturally*, the authors demonstrate that Jesus needed to learn and understand

the culture in which he lived before he could undertake his public ministry. The authors examine how this can help us better understand what it means to establish relationships of grace with those from different cultural and social backgrounds.
