In June 2005 four US Navy SEALs left their base in Afghanistan for the Pakistani border. Their mission was to capture or kill a notorious al-Qaeda leader known to be ensconced in a Taliban stronghold surrounded by a small but heavily armed force. Less than twenty-four hours later, only one of those Navy SEALs was alive. This is the story of team leader Marcus Luttrell, the sole survivor of Operation Redwing. Blasted unconscious by a rocket grenade, blown over a cliff, but still armed and still breathing, Luttrell endured four desperate days fighting the al-Qaeda assassins sent to kill him, before finding unlikely sanctuary with a Pashtun tribe who risked everything to protect him from the circling Taliban killers.

"Its theme is political fanaticism, with which it deals severely and brilliantly." —New Yorker The famous bestseller with "concise insight into what drives the mind of the fanatic and the dynamics of a mass movement" (Wall St. Journal) by the legendary San Francisco longshoreman. A stevedore on the San Francisco docks in the 1940s, Eric Hoffer wrote philosophical treatises in his spare time while living in the railroad yards. The True Believer—the first and most famous of his books—was made into a bestseller when President Eisenhower cited it during one of the earliest television press conferences. Called a "brilliant and original inquiry" and "a genuine contribution to our social thought" by Arthur Schlesinger, Jr., this landmark in the field of social psychology is completely relevant and essential for understanding the world today as it delivers a visionary, highly provocative look into the mind of the fanatic and a penetrating study of how an individual becomes one.

Bestselling, award-winning author of STIGERS TIGERS Marc Alan Edelheit delivers the third action-packed book in his fantasy epic, The Karus Saga. One of history's greatest mysteries, the disappearance of ancient Rome's Ninth Imperial Legion, is now revealed in this untold story. Having been transported to the world of Tanis, separated from everything they know, the Ninth find themselves caught amidst an ancient war of the gods. Like a dark tide, the Horde is slowly conquering one nation after another, and a great migration of peoples has begun fleeing westward before the enemy's advancing armies. No has been able to stand against the might of the Horde. But the Horde has never faced the power of a Roman legion. Cast adrift in this

strange, fantastical world, so unlike the one he knew, Karus has been given a number of tasks by his God Jupiter, known in this world as the High Father. Karus's holy mission and mandate: retrieve a dread artifact and form an alliance with the peoples of this world so together they can withstand the might of the enemy and finally escape Tanis before it is too late. If he succeeds, the reward is everything Romulus and Remus were promised. If he fails, all will be lost and the Ninth destroyed. Aided by the dragons Cyl'n'Phax and Kordem and the dwarven warchief Shoega, Karus and Amarra have succeeded in the first task, retrieving the dread sword Rarokan. It is a weapon that is both powerful and incredibly dangerous, for it has a mind of its own and an evil agenda. Returning from the Fortress of Radiance, Karus must now find a way to save Shoega's besieged warband, cure the sickness ravaging his legion, and then defeat an enemy army that outnumbers his legion greatly before he can even begin to think about unifying the free peoples of Tanis, who dislike and despise one another. If you enjoy an original story, honorable heroes, mind-blowing twists, and page-turning action that puts you right in the middle of gritty battles, then you will love The Karus Saga.
