AINSLEY SNYDER

The Atrocity Paradigm Anchor

Despite decades of effort to create fair classrooms and schools, gender bias is alive and well, and in some ways growing. School practices continue to send boys and girls down different life paths, too often treating them not as different genders but as different species. Teachers and parents often miss the subtle signs of sexism in classrooms. Through firsthand observations and up-to-the-minute research, *Still Failing at Fairness* brings the gender issue into focus. The authors provide an in-depth account of how girls' and boys' educations are compromised from elementary school through college, and offer practical advice for teachers and parents who want to make a positive difference. The authors examine today's pressing issues -- the lack of enforcement for Title IX, the impact of the backlash against gender equity, the much-hyped "boys' crisis," hardwired brain

differences, and the recent growth of singlesex public schools. This book documents how teaching, current testing practices, and subtle cultural attitudes continue to short-circuit both girls and boys of every race, social class, and ethnicity. Hard-hitting and remarkably informative, *Still Failing at Fairness* is "a fascinating look into America's classrooms" (National Association of School Psychologists).

Vom Antun und Erleiden Routledge

The rich history and social significance of the "Divine Nine" African American Greek-letter organizations is explored in this comprehensive anthology. In the long tradition of African American benevolent and secret societies, intercollegiate African American fraternities and sororities have strong traditions of fostering brotherhood and sisterhood among their members, exerting considerable influence in the African American community and being in the forefront of civic action, community service, and philanthropy. Dr. Martin Luther King, Jr., Toni Morrison, Arthur Ashe, and Sarah Vaughn are just a few of the trailblazing members of these organizations. African American

Fraternities and Sororities places the history of these organizations in context, linking them to other movements and organizations that predated them and tying their history to the Civil Rights movement. It explores various cultural aspects of the organizations, such as auxiliary groups, branding, calls, and stepping, and highlights the unique role of African American sororities.

Sexual Harassment and Misconduct John Wiley & Sons

2011 Edition with a New Afterword by the author The venerable and often misquoted phrase "Hell hath no fury like a woman scorned" continues to haunt American women who accuse men of sexual harassment and rape. In this bracing study of American sexual culture and the politics of acquaintance rape, anthropologist Peggy Reeves Sanday identifies the sexual stereotypes that continue to obstruct justice and diminish women. Beginning with a harrowing account of the St. John's rape case, Sanday reaches back through British and American landmark rape cases to explain how, with the exception of earliest colonial times, rape has been a crime notable for placing the woman on trial. Whether she is charged as a false accuser, gold digger, loose or scorned woman, stereotypes prevail. American jurisprudence and the public at large remain divided on acquaintance rape. With the passage of the Violence Against Women Act—one of the most important legislation for women—a new breed of antifeminists stepped up to the plate to subordinate women's bid for sexual autonomy and freedom. A groundbreaking, classic work of scholarship that coherently challenges the anti-rape backlash and its rhetoric, *A Woman Scorned* continues to bring a broad perspective to our understanding of acquaintance rape, even if its original vision of a new paradigm for female sexual equality awaits implementation.

Gender Violence, 3rd Edition Routledge

Laura Wolters legt mit ihrer umfassenden Studie die erste Soziologie der Gruppenvergewaltigung vor und leistet damit einen wichtigen Beitrag zu einem gesellschaftlich und politisch überaus relevanten Thema. Wenn sich im Winter die Übergriffe der Kölner Silvesternacht abermals jähren, wird in den Debatten wohl auf ein Neues die Frage nach dem »Warum« im Zentrum stehen. In einem Spannungsverhältnis zur öffentlichen Aufmerksamkeit und zum Ringen um die Ursachen von Gruppenvergewaltigungen steht der Umstand, dass es zu kollektiver sexueller Gewalt bislang wenig Forschung gibt, die dazu oft auch noch einen blinden Fleck aufweist: Das Gewaltgeschehen selbst wird kaum zum Thema gemacht. In ihrer so klugen wie umsichtigen Studie über Gruppenvergewaltigungen rückt Laura Wolters die Gewaltpraktiken und Interaktionen in den Mittelpunkt. Sie plädiert dafür, Fragen zur kollektiven sexuellen Gewalt stärker empirisch zu wenden und das Gewaltphänomen als soziales Geschehen ernst zu nehmen. Anhand von Gerichtsakten, autobiografischen Zeugnissen sowie Erfahrungs- und Augenzeugenberichten nimmt sie eine spezielle Form des Antuns und Erleidens in den Blick.

Failing at Fairness W. W. Norton & Company

Just Sex chronicles the movement to end all forms of sexual violence on campus and gives a voice not only to rape victims but also to reformed rape perpetrators.

Das Ende des Patriarchats Hachette UK

Although awareness of campus sexual assault is at a historic high, institutional responses to incidents of sexual violence remain widely varied. In this volume, a diverse mix of expert contributors provide a critical, nuanced, and timely examination of some of the factors that inhibit effective prevention and response in higher education. Chapter authors take on one of the most troubling aspects of higher education today, bridging theory

and practice to offer programmatic interventions and solutions to help institutions address their own competing interests and institutional culture to improve their practices and policies with regard to sexual violence. The Crisis of Campus Sexual Violence provides higher education scholars, administrators, and practitioners with a necessary and more holistic understanding of the challenges that colleges and universities face in implementing adequate and effective sexual assault prevention and response practices.

Yale Law Journal: Volume 125, Number 7 - May 2016 NYU Press

This authoritative one-stop resource helps readers understand the problem of sexual assault in the United States, including societal factors, notorious cases, laws and practices, victim advocacy and reform efforts, and keys to recovery. It discusses who is being victimized, who is perpetrating the offenses, and what can be done (and is being done) to reduce rape, sexual assault, and sexual harassment in homes and communities across America. The volume also explores the role that investigative shortcomings and rape culture have played in facilitating sexual assault and abuse, and how shifts in attitude and policy could combat this devastating crime.

Truth and Repair Herbert von Halem Verlag

This authoritative reference work informs readers about the scope, nature, and prevalence of sexual harassment and misconduct in all walks of American life and how changes in policy, law, and traditional gender dynamics can address the problem. As revelations of sexual harassment and misconduct roil Hollywood; Washington, D.C.; and workplaces across the country, these problems are being examined more closely than ever before. This encyclopedia provides interested readers with a comprehensive and authoritative resource to help them understand not only the specific scandals that have erupted across U.S. society, but the historical factors and events that have led to this moment in American history. The book features entries that illuminate various types of sexual harassment and misconduct (e.g., quid pro quo, hostile environment), explain different classifications of harassers (e.g., territorial, predatory), survey how sexual harassment and misconduct manifest themselves in different settings (e.g., workplace, school, military, politics, home), detail the major cases that have been publicized since the #MeToo Movement gained momentum, and explain various reforms and responses that are being crafted to address deeply entrenched problems of sexism and harassment in American culture.

Campus Sexual Violence Quid Pro Books

»Einer der bedeutendsten Autoren der amerikanischen Nachkriegsliteratur.« Paul Ingendaay, FAZ. Ralph Ellison, neben Toni Morrison und James Baldwin eine der großen Stimmen der afroamerikanischen Literatur der Gegenwart, gewann 1953 den National Book Award und wurde mit seinem gefeierten New-York-Roman schlagartig berühmt. Die Geschichte von der Odyssee eines namenlosen Schwarzen, die ihn von ganz oben bis ganz unten durch alle Schichten der amerikanischen Gesellschaft führt, ist eines der Lieblingsbücher von Barack Obama und bleibt hochaktuell: als schonungslose Abrechnung mit den alltäglichen rassistischen Ideologien und als Lob auf das gewachsene Selbstbewusstsein der noch immer um ihre selbstverständlichen Rechte Kämpfenden. »Ich bin unsichtbar, verstehen Sie, weil sich die Leute weigern, mich zu sehen. Wer sich mir nähert, sieht nur meine Umgebung, sich selbst oder die Auswüchse seiner Phantasie – in der Tat alles und jedes, nur mich nicht.«

Brothers and Sisters Bloomsbury Publishing USA

Campus Sexual Violence: A State of Institutionalized Sexual Terrorism conceptualizes sexual violence on college campuses as a form of sexual terrorism, arguing that institutional compliance

and inaction within the neoliberal university perpetuate a system of sexual terrorism. Using a sexual terrorism framework, the authors examine a myriad of examples of campus sexual violence with an intersectional lens and explore the role of the institution and the influence of neoliberalism in undermining sexual violence prevention efforts. The book utilizes Carole Sheffield's five components of sexual terrorism (ideology, propaganda, amorality, perceptions of the perpetrator, and voluntary compliance) to describe how the "ivory tower stereotype" and adoption of neoliberal values into education contribute to an environment where victimization is painfully common. Cases such as those from Michigan State University and Baylor University are used as examples to highlight institutional culpability and neoliberal value systems within higher education, as well as illustrating the pervasiveness of rape culture that contributes to a system of sexual terrorism. Crucially, the book focuses on systems of inequality and oppression, and uses an intersectional perspective that recognizes victimization experienced by multiple marginalized groups including women, LGBTQ+, and racially minoritized people. Building on campus violence research and institutional harm research, the authors define campus sexual violence as a serious social problem based in structural inequality and advocate for civic responsibility at the institutional level and the development of institutional advocates. Weaving together theoretical and practical perspectives, the book will be of great interest to students and scholars of sociology, criminal justice, women's and gender studies, social/political policy, victimology, and education. It will also be of use to those working in higher education administration and other student life and student health professions.

Plays Well in Groups Hachette UK

This book presents an up-to-date analysis of women as victims of crime, as individuals under justice system supervision, and as professionals in the field. The text features an empowerment approach that is unified by underlying themes of the intersection of gender, race, and class; and evidence-based research. Personal narratives supplement research and statistics to help students connect the text material with real-life situations. This new edition is informed by consideration of major ongoing social movements such as #MeToo, Black Lives Matter, and the fight to reduce mass incarceration. The text stresses contemporary topics such as recognition of lesbian, bisexual, and transgender issues in juvenile and adult facilities; the introduction of trauma-informed care in detention centers and prisons; the criminalization of Black girls and women; the effects of an increasingly militarized police culture; and the contributions of Ruth Bader Ginsburg and other influential women. With its emphasis on critical thinking, this text is ideal for undergraduate courses concerning women in the justice system.

Der unsichtbare Mann Akashic Books

This annotated bibliography reviews scholarly work on acquaintance and date rape published in recent years. Acquaintance rape research has grown significantly since the mid-1980s, and it is often argued that acquaintance rape is a common occurrence, especially on college campuses. It is also argued that this type of sexual assault is very different from stranger rape, principally because of the socially defined and accepted nature of the relationship between the victim and the perpetrator. Works specifically on acquaintance or date rape are included, as well as earlier works that led to the emergence of the separate conceptual category of acquaintance rape. Each work is summarized, and the annotation includes a statement of the purpose, the method, and the major findings of the work. Separate chapters are devoted to the incidence of acquaintance rape; its social correlates; and its causes, effects, treatment, and

prevention.

Women and the Criminal Justice System Bloomsbury Publishing USA

"Profoundly eye-opening.... Hirsch and Khan present a novel model for explaining and responding to campus sexual assault." —Claire M. Renzetti, Science Research has shown that by the time they graduate, as many as one in three women and almost one in six men will have been sexually assaulted. But why is sexual assault such a common feature of college life, and what can be done to prevent it? Drawing on the Sexual Health Initiative to Foster Transformation (SHIFT) at Columbia University, the most comprehensive study to date of sexual assault on a campus, Jennifer S. Hirsch and Shamus Khan present an entirely new framework that emphasizes sexual assault's social roots, based on the powerful concepts of "sexual projects," "sexual citizenship," and "sexual geographies." Empathic, insightful, and far-ranging, *Sexual Citizens* transforms our understanding of sexual assault and offers a roadmap for how to address it.

Campus Sexual Assault Routledge

This book brings together leading researchers and practitioners from psychology, sociology and law to consider the proposed causes and contexts of multiple perpetrator rape and the many ways in which we can improve how we tackle this social problem.

Unsportsmanlike Conduct Spinifex Press

Social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences. Over the past 150 years, the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it. Consequently, both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar, if they have heard of them at all. Students, in particular, are likely to turn to the web to find quick background information on theorists and theories. However, most web-based information is inaccurate and/or lacks depth. Students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics—the "who, what, where, how, and why". In response, SAGE Reference is publishing the two-volume *Theory in Social and Cultural Anthropology: An Encyclopedia*. Features & Benefits: Two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory, both in terms of breadth and depth of coverage. To ease navigation between and among related entries, a Reader's Guide groups entries thematically and each entry is followed by Cross-References. In the electronic version, the Reader's Guide combines with the Cross-References and a detailed Index to provide robust search-and-browse capabilities. An appendix with a Chronology of Anthropology Theory allows students to easily chart directions and trends in thought and theory from early times to the present. Suggestions for Further Reading at the end of each entry and a Master Bibliography at the end guide readers to sources for more detailed research and discussion.

Rape and Sexual Assault LIT Verlag Münster

A classic. *Fraternity Gang Rape* is a fascinating analysis of how all-male groups such as fraternities or athletic teams may create a rape culture where behavior occurs that few individuals acting alone would perpetrate. The new Introduction and Afterword shed light on how this pernicious problem continues today, insightfully illuminating the complicity of society in the failure of accountability for acquaintance rape."—Mary P. Koss, co-editor of *No Safe Haven: Male Violence Against Women at Home, at Work, and in the Community* Praise for the First Edition "A powerful and important book."—*Contemporary Psychology* "Full of insights an

important contribution written in accessible prose and ideal for course use.--Women's Review of Books."Powerfully moving and analytically provocative...If the college or university at which AJS readers teach has a fraternity or sorority system, this book will be useful in understanding the way those organizations not only construct the gender relations between women and men on campus but also provide a map of male domination that members can take with them for the rest of their lives."--Michael S. Kimmel, American Journal of Sociology."Sanday draws a chilling picture of fraternity society, its debasement of women and the way it creates a looking-glass world in which gang rape can be considered normal behavior and the pressure of group-think it powerful. "--The Philadelphia Inquirer."An important book that should be read by everyone in higher education - faculty, administrators, and students."--Contemporary Sociology."Very accessible...Sanday's book explores the vulnerability of college women, and of young men seeking to prove their manhood. I read it on vacation. My daughter has just turned 12. I told her I wanted her to read

The Relativity of Deviance Bloomsbury Publishing USA

Fraternity Gang Rape NYU Press

College Men and Masculinities Hamburger Edition HIS

The Relativity of Deviance is a primer on the constructivist perspective on deviance—the idea that deviance cannot be explained in terms of absolutes, nor can it be understood apart from its social setting. The book is frequently used alongside all of the major core deviance textbooks on the market. It answers such questions as: What is deviant? What is deviant behavior? How should the deviant be treated? Why is the same act sometimes praised and sometimes condemned? Readers will see that what qualifies as deviance varies from place to place, time to time, and situation to situation. The book explores some of the most frequent contexts for deviant behavior in ways that challenge definitive or objective judgments. The Fifth Edition has been updated to include the most current developments in American society, including deviance at the highest levels of national politics and corporate life, sex abuse scandals, the opioid

crisis, and the growing decriminalization of marijuana.

Theory in Social and Cultural Anthropology Bloomsbury Publishing USA

This invaluable reference text thoroughly examines the alarming epidemic of campus sexual assault, including a discussion of laws, high-profile cases, controversies, and proposed solutions. From the assault of a high school girl by a multitude of her peers in Steubenville, Ohio, to the alleged gang rape at the University of Virginia, the ongoing and serious problem of sexual violence at U.S. educational institutions is well established. These horrific attacks continue in spite of the Title IX probe launched by the Obama administration in order to hold schools more accountable. *Campus Sexual Assault: A Reference Handbook* addresses the difficult questions about the widespread incidence of sexual assault among high school and college students. Written to be highly accessible to high school and undergraduate students, general readers, as well as individuals interested in the campus rape discourse, the book covers the background history of sexual assault on college campuses, discusses how laws regarding sexual assault and the cultural understanding of the crime have evolved over time, and outlines some of the highest-profile cases of sexual assault at U.S. schools. A perspectives chapter presents testimonials from those who by profession or experience have insight into the problem of sexual assault, giving voice to a Title IX investigator, a college counselor, a sexual assault nurse, and individuals who have been sexually assaulted. Readers will come away with a deeper appreciation of the gravity of the problem of campus sexual assault and grasp the causes of this societal issue to intelligently consider proposed solutions.

College Crime Springer-Verlag

"This book examines the breadth of serious criminality and victimization occurring on college and university campuses across the United States, placing special emphasis on sexual assault, dating violence, stalking, hate crime, and murder. The book also provides several victim resources and a guide to laws relevant to the prevention and deterrence of on-campus crime"-- Provided by publisher.
