Ministry Marketing Made Easy Baker Books

Ministry Marketing Made Easy defines Ministry Marketing as everything the church does to share the story of Jesus. This book challenges church leaders with a totally different and practical approach to marketing the church's message. Often, church leaders define marketing as spending large amounts of money on big ads in the church page section of local newspapers, building a killer web site or a dozen other standard marketing ideas that cost lots of money, or creating publications in full color that are professionally printed. Just as often, the church realizes very little return on its investment. Ministry Marketing Made Easy provides alternative, practical ways for church leaders to communicate the church's message. This book deals with how to reach people where they are today; people who: ♦ are authority indifferent ♦ are time starved ♦ have no understanding of Christian terms or references ♦ and yet are spiritually seeking. Reaching people

with the church's message isn't as hard as you might assume. Rather than using fancy expensive ads, the book recommends the use of: ♦ postcards and business card-sized invitation cards ♦ ads in movie theaters and other unexpected places ♦ bulletins that make sense to people who visit the church for the first time ♦ welcome centers that really welcome people ♦ messages repeated enough times for even erratic church attendees to know what is going on ♦ niche newsletters, and more. Ministry Marketing Made Easy also suggests radical ideas to reach the unchurched, such as: ♦ becoming a local media spokesperson for Christianity ♦ allowing coffee inside the worship space during the service ♦ setting up a smoking area at church ♦ using pop-culture as the source for sermon illustrations ♦ serving the community by doing what no one else wants to do. Finally the book provides practical tips on how to: ♦ manage Marketing Ministry volunteers ♦ choose the right combination of software and printing tools ♦ find resources that will make your Ministry Marketing more effective. ~

The Complete Topical Guide to the Bible provides Scripture references, definitions, and cross-references for the study of the Bible by topic. The topical approach differs significantly from the

lexical approach of a concordance, and a topical guide is an essential supplement to a concordance. While a concordance is limited to the connection of biblical passages in which the same word appears, the topical approach identifies and connects all of the underlying concepts related to a topic. A concordance would not yield John 3:16 for a study of grace because the word grace does not appear in the verse, but The Complete Topical Guide to the Bible includes John 3:16 for grace because it's an essential verse on the topic. The topics in this resource include biblical, doctrinal, and historical subjects, and they are organized into nine major categories: God, Jesus Christ, the Holy Spirit, creation, humanity, sin and salvation, God's people, the life of the believer, and the last things. In addition to the great themes of the biblical message, practical issues of Christian living are also included.

Episcopal and Clerical Duty and Responsibility Considered, in Reference to Ireland Thomas Nelson

There are many things that make up a great leader. The ability to motivate, to see the big picture, to delegate. But perhaps just as important, if not more so, is the leader's emotional intelligence (EQ). How we feel impacts how we lead, and how those we lead feel about themselves when they're around us affects how well they follow our leadership. It follows then that if we want to be the most effective leaders, we must be emotionally mature. In this practical book, church leadership expert Aubrey Malphurs shows church and ministry leaders how to assess, understand, and improve both their own EQ and that of their followers, so that they can inspire the very best in their churches and organizations.

MacArthur's Quick Reference Guide to the Bible Holman Bible Publishers

At some time or another, every preacher has entered the pulpit wondering "What shall I preach?" This study finds the answer in the preaching charge of 2 Timothy 4:1-5 summarized in the command, "Preach the Word!" In this careful examination of the preaching ministry of Paul as recorded in his letters and sermons in the book of Acts, a Pauline theology of preaching emerges. What this work discovers is that the governing activity of the ministry of the Apostle Paul is the verbal proclamation of the gospel of Christ. All other activities in his ministry are subservient to this overriding concern, and they find meaning only if preaching is primary. That being the case, this book takes seriously the words of Paul when he encourages future preachers to follow his teaching, conduct, and purpose (2 Tim 3:10), offering Paul as the model for the Christian preacher. As readers will discover, anyone who desires to preach biblically should seek to preach like Paul, and the way to do that is to "Preach the Word!"

"Full Kingdom potential," says George Bullard, "is a journey, not a destination. To reach your full Kingdom potential, its pursuit must be your enduring passion and desire." Drawing on his more than four decades of experience in congregational leadership, Bullard offers not just another process for congregational redevelopment. He learns from the past to take congregations on a spiritual journey that is open-ended, custom-made, and locally owned. His focus is on capacity building in each congregation, calling for a narrative approach to futuring in the life of congregations that responds to new things God is seeking to do in and through members of the congregation. From the TCP Leadership Series. [The Preacher's Commentary - Vol. 32: 1 and 2 Thessalonians / 1 and 2 Timothy / Titus](#) Holman Bible Publishers

This is a thorough, full- scale English commentary on the Greek text of 1 and 2 Timothy and Titus. While author George W. Knight gives careful attention to the comments of previous interpreters

of the text, both ancient and modern, his emphasis is on exegesis of the Greek text itself and on the flow of the argument in each of these three epistles. Besides providing a detailed look at the meanings and interrelationships of the Greek words as they appear in each context, Knight's commentary includes an introduction that treats at length the question of authorship (he argues for Pauline authorship and proposes, on the basis of stylistic features, that Luke might have been the amanuensis for the Pastoral Epistles), the historical background of these letters, and the personalities and circumstances of the recipients. Knight also provides two special excursions: the first gathers together the information in the Pastorals and elsewhere in the New Testament on early church offices and leaders; the other excursus examines the motivations for conduct in Titus 2:1-10 with a view to their applicability to present-day situations.
