Get Yours Today and Keep Your Budget Organized! The Skiai Book Daily Income and Expense Worksheet for Independent Delivery Contractors Most people drive as independent delivery couriers, or contractors for Amazon, USPS, Walmart, HEB, Grubhub, Favor, Doordash, and a host of other delivery and

courier companies for a variety of reasons; employment, part time, full time, need extra cash, second job, holiday gig, need flexibility in work schedule, make the cash you need, self-employment, whatever. However, most drivers do not know how much they really make while driving, how many hours worked per day/week, mileage used, amount spent on gas per week, for car maintenance, etc. Daily, and/or weekly use of this accounting journal gives you control over these challenges, helps to organize your income/expenses and encourage you to treat your paid driving or delivery as a business, compare your figures with those given you

by the delivery companies, and with accurate tax reporting probably claim some deductions from the IRS. You can easily extract tax info, or simply just hand over the Skiai book to your tax preparer. The Skiai book is a "DO-IT-YOURSELF" accounting made easy. You can easily track and monitor mileage, expenses, income and hours worked just by keeping daily records. The good old-fashioned way of record keeping, no monthly fees for apps, no downtimes, no computer crashing. In addition, you can easily create a financial report if you so wish to do-it-yourself. It includes instruction on how to use this journal, very easy. If you drive for more than one delivery

company, say Amazon and HEB, as most drivers do, the "Skiai" (pronounced: Sky) book helps to keep you organized, by tracking income from multiple sources, how many deliveries made per day or week, and helps you plan for the following week. With regular use of the Skiai book, you would notice a trend between deliveries and hours worked, income, expenses, and profit for the day or week, and plan accordingly. Ultimately your productivity improves, and your income increases. With daily use of the Skiai book, you would know immediately if you made a loss, or profit at the end of day (or week, or month), and you can plan adequately for the next

day, week, or month. You've got to have a game plan to come out on top, with the desired results. The Skiai book should be an important part of your game plan for success!! The timesheet and worksheet have been dated from January 2018 to December 2018, and is custom made for you for your convenience. The colors help to easily identify and group together similar items for easy use. The worksheet is ideal for independent contractors who partner with Amazon, HEB, Walmart, Grubhub, Favor runners, instacart shoppers, Schipt, Doordash, pizza delivery, and a host of other delivery businesses too many to

be mentioned here. CDL drivers will find this worksheet very useful. We can do this. B.Y.O.B.
