Trading forex is completely different  
from trading other markets. With low  
entry costs, 24-hour accessibility, global  
players and high degrees of leverage,  
there are enormous opportunities but  
also very real potential hazards along  
the way if you don't know what you're  
doing. Leverage can work both ways you

control large positions, but small moves in your favor can mean big returns on your investment. For these reasons, forex trading deserves its own volume, devoted entirely to SFO (Stocks, Futures, Options) Magazine articles explaining the ins and outs of currency trading. Forex traders don't need to follow hundreds of stocks or commodities to get a flavor for the market just the movements of eight major currencies: the U.S. dollar, Japanese yen, European Union euro, British pound, Canadian dollar, Australian dollar, New Zealand dollar and Swiss franc. Trading a country's currency is like trading the outlook for the country, so it helps to have a bit of fundamental knowledge. But it's also a highly technical form of trading. This book helps you assess how

to best synthesize your forex strategies to make the most of market movements. Learn from the top forex trading experts in the world. The key to trading currencies is figuring out what central banks will do before they actually make their moves.

true professional and develop your trading mind around the WHOLE trade, so you will become a trader, not just a strategy user! Many forex traders use too many indicators and rely solely on them, this is a big mistake and contributes to most of your losses. This forex trading course will show you how to use only a handful of indicators & put your efforts into spotting the repeatable setups that are right in front of you all the time. That's where the big money is. From scalping the forex market to trading medium & longer term, you're covered. The

See, Forex is not for everyone, but is it a legitimate way out of the 9 to 5 rat race. See, as I am writing this introduction for you I am

sitting under the bimini of my 51 foot sail boat yacht, in the heart of the Caribbean. Water is crystal turquoise blue, you can see all the way to the bottom.. The colors are incredible. It gives you such of sense of freedom and ability to enjoy life to the fullest. Man paradise, no alarm clocks, no traffic, I can hear the music from the small marina bar. I am not even at the marina, the boat is anchored at a mooring ball. Ha... tell me about the life, that you can have...yeah you can have it too. You need to be sick enough of your same all, same all in order to take action. Do you want trade like the pros, then you have to learn from the pros. You will not find the information in this book anywhere on the Amazon traders section. In a matter of fact no one is teaching what I am

about to show you in this book. You would ask, what is so special about it. See, the people that are making a living from Forex are not about to reveal their secrets. The ones that are making money from your trades A . K. A. your friendly broker don't care . In a matter of fact they will gladly offer their friendly education, to teach you how you can too loose a large amount of money like your fellow retail traders that are using the same broker. I am revealing the highly guarded secrets of the big guns. It is possible that I get some ugly letters from traders, and even some of my friends, after this book is released. But heck yeah, I am sick and tired of seeing the daily casualty of honest and hard working people, like yourself loose their hard earned money to the broker.

Enough is enough, I have made my stake is time to give back and help others to go the same road. So enough of my blurb... I have laid my hard learned secrets in that book and the price is ridiculously low. You would normally pay 2-3 times more in your local book store, for a book full of BS explaining you, the current economic climate, and how we are coming out of the recession hog wash. Year it says" learn how to trade" or something of that effect, but doesn't have even one tenth of the hard core to the bone content I am offering you. See I know you can live and have anything you want in this life. You can even create your own reality. Yeah I know creating you reality is cool, but it requires a "dirty word" called work. Do you you want to create your new reality, even step in to

it. You would if you knew what is on the other side. Well I decided to create you reality for you. I have done all the dirty work and have set everything up for you for success in this book. So, punch a few buttons and take a click of faith and by this book. I promise you, you will not be disappointed. See you on the other side.

*Technical and Fundamental Strategies to Profit from Market Moves 7 Winning Strategies For Trading Forex* Real and actionable techniques for profiting from the currency markets

If you are already making thousands of dollars trading Forex and make a full time extravagant living taking a couple of trades a month, then, please skip this book and go find something else to do. So, on the other side, do you live in a self denial chasing the next best

system? STOP... Enough is enough, enough ridicule from your relatives and friends, it's time to show your guts. Face it, think about it, what would you think if you were on the other side looking through the eyes of your family and friends. All you see is a loser, getting ups and downs totally controlled by the next guru they read about. Doode, this gota stop! Trust me, I know you feel the pain. I can kind of still remember it...kind of hard to do when I am sitting on my yacht in the Caribbean sipping from something that comes with umbrella on top. See, it didn't use to be that way, not too long, couple of years ago... but I will tell you about that later in my letter Ha! Forex trading is not all it is cracked up to be, it is a hard game controlled by robots and banks and foreign sovereign institutions.

Keep reading if you know where I am coming from... Things didn't used to be all pink for me either, pain, loss, closed one losing account, opened second one, heard of such and such broker giving a certain deal on lots opened another account, lost all the money, started in the mini, macro, regular lots... Does that sound familiar, try to look from the outside, Forex is for crazy people, crazy winners or crazy losers. Now, if this is your first contact with Forex, I am really sorry you had to hear this small talk. I would rather be the nice guy, rather be the good news bearer, but please, don't kill the messenger, this is the bloody truth in Forex. You may be mad at me at this moment, but soon will come the moment you will thank me . Or you would rather stumble on a nice guru

telling you all the lies, and how he can help you open a 10k account with a secret advantage. Or worse He can even offer to manage your 10k, if you so willingly send him a check for the whole amount. The book you are about to read is the hard learned secrets of the successful traders and brokers and I am putting it all out for you. See I don't really need the 10 bucks, but I am making sure you appreciate the value you are getting. I have made my share trading the market, paid for all the yachts cars and toys and the farm, now it's your turn. I am sick and tired of the pain in the community and all the retail traders like yourself slaughtered by the hefty brokers. It is time to pay back, it is time for me to give back and to make sure the small trader has evened the

plates no more secrets and golden grails uncovered. All the knowledge I am presenting in this book, comes from the school of hard knock, expensive paid Forex forums, where real traders hang out, not bothered by the rookies. Things I overheard on the golf course? Tell me about that, one of the guys I used to golf with executed only one trade a month, we used to call him the "ONE TRADE GUY..". How ridiculous that is? Hanging around, playing golf all month until a certain currency goes to a such and such monthly level, and pull the trigger to wipe out all the people with red eyes staring at the screens day and night, fighting with their spouses, wasting their

lives in front of the broker platforms. I know what you are thinking "this guy is full of it!" Well, I am fed up with the usual story that hits every newbie trader like you and I don't want you to have anything to do with it. So, I am giving you a choice: take this book read it, study and devour every single strategy (however don't choke take it step by step), because it's real, truth coming from a real trader (I wish I could stretch my hand over the monitor, I promise you! You could touch me.) Take the leap of faith; you are a couple mouse clicks away from finding the real freedom and trading like a pro. Take the click of faith! See you on the other si
