How to better manage systemic risks—from cyber attacks and pandemics to financial crises and climate change—in a globalized world The Butterfly Defect addresses the widening gap between the new systemic risks generated by globalization and their effective management. It shows how the dynamics of turbo-charged globalization has the potential and power to destabilize our societies. Drawing on the latest insights from a wide variety of disciplines, Ian Goldin and Mike Mariathan provide practical guidance for how governments, businesses, and individuals can better manage globalization and risk. Goldin and Mariathan demonstrate that systemic risk issues are now endemic everywhere—in supply chains, pandemics, infrastructure, ecology and climate change, economics, and politics. Unless we address these concerns, they will lead to greater protectionism, xenophobia, nationalism, and, inevitably, deglobalization, rising inequality, conflict, and slower growth. The Butterfly Defect shows that mitigating uncertainty and risk in an

interconnected world is an essential task for our future.

These novellas appeared at the height of fin-de-siecle American fascination with Japanese culture.

Usually dismissed by critics because of their stereotypical treatment of Asian women, they have been paired here to show how they defined and redefined contemporary misconceptions of the Orient.

Seminar paper from the year 2007 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 1,7, Ruhr-University of Bochum, language: English, abstract: 1. M. Butterfly - Introduction to the Text The play M.Butterfly by David Henry Hwang is a post-colonial story, based on a true story of a French diplomat, called Rene Gallimard in the play, who had a twenty-year affair with a Chinese actor and opera singer, namely Song Liling, not realizing that his partner was in fact a man passing as a woman. The diplomat actually became aware of the deception in 1986, when he was charged by the French government with disloyalty; it turned out that his companion had been an agent for the Chinese government, and had passed on sensitive political information that he had acquired from Gallimard.

Rich, New York Times Based on a true story that stunned the world, and inspired by Giacomo Puccini's opera *Madama Butterfly*, *M. Butterfly* was an immediate sensation when it premiered in 1988. It opens in the cramped prison cell where diplomat Rene Gallimard is being held captive by the French government—and by his own illusions. He recalls a time when Song Liling, the beautiful Chinese diva, touched him with a love as vivid, as seductive—and as elusive—as a butterfly. How could he have known that his true love was, in fact, a spy for the Chinese government—and a man disguised as a woman? The diplomat relives the twenty-year affair from the temptation to the seduction, from its consummation to the scandal that ultimately consumed them both. *M. Butterfly* is one of the most compelling, explosive, and slyly humorous dramas ever to light the Broadway stage, a work of unrivaled brilliance, illuminating the conflict between men and women, the differences between East and West, racial stereotypes—and the shadows we cast around our most cherished illusions. The original cast included John Lithgow as Gallimard and BD Wong as Song Liling. During the show's 777-performance run, David Dukes, Anthony Hopkins, Tony Randall, and John Rubinstein were also cast as Gallimard. Hwang adapted the play for a 1993 film directed by David Cronenberg, starring Jeremy Irons and John Lone. TEXT OF THE ORIGINAL BROADWAY PRODUCTION

For years theater director Bryan Doerries has been producing ancient Greek tragedies for a wide range of at-risk people in society. His is the personal and deeply passionate story of a life devoted to reclaiming the timeless power of an ancient artistic tradition to comfort the afflicted. Doerries leads an innovative public health project—Theater of War—that produces ancient dramas for current and returned soldiers, people in recovery from alcohol and substance abuse, tornado and hurricane survivors, and more. Tracing a path that links the personal to the artistic to the social and back again, Doerries shows us how suffering and healing are part of a timeless process in which dialogue and empathy are inextricably linked. The originality and generosity of Doerries's work is startling, and *The Theater of War*—wholly unsentimental, but intensely felt and emotionally engaging—is a humane, knowledgeable, and accessible book that will both inspire and enlighten. **How "Passing" is described in "M. This groundbreaking feminist classic dismantles the way we view rape in our culture and replaces it with a genuine understanding and respect for female sexual pleasure. In the original edition, feminist, political, and activist writers alike presented their ideas for a paradigm shift from the "No Means No" model--and the result was the groundbreaking shift to today's affirmative consent model ("Yes Means Yes," as coined by this book). With a timely new introduction, refreshed cover, and the timeless contributions of authors from Kate Harding to Jill Filipovic, *Yes Means Yes* brings to the table a dazzling variety of perspectives and experiences focused on the theory that educating all people to value female sexuality and pleasure leads to viewing women differently, and ending rape. *Yes Means Yes* has radical and far-reaching effects: from teaching men to treat women as collaborators and not conquests, encouraging men and women that women can enjoy sex instead of being shamed for it, and ultimately, that our children can inherit a world where rape is rare and swiftly punished.

"A thesis of a play, unafraid of complexities and contradictions, pepped up with a light dramatic fizz. It asks whether race is skin-deep, actable or even fakeable, and it does so with huge wit and brio." -TimeOut London "A pungent play of ideas with a big heart. *Yellow Face* brings to the national discussion about race a sense of humor a mile wide, an even-handed treatment and a hopeful, healing vision of a world that could be" -Variety "It's about our country, about public image, about face," says David Henry Hwang about his latest work, a mock documentary that puts Hwang himself center stage. An exploration of Asian identity and the ever-changing definition of what it is to be an American, *Yellow Face* "is by turns acidly funny, insightful and provocative" (Washington Post). The play begins with the 1990s controversy over color-blind casting for Miss Saigon before it spins into a comic fantasy, in which the character DHH pens a play in protest and then unwittingly casts a white actor as the Asian lead. *Yellow Face* also explores the real-life investigation of Hwang's father, the first Asian American to own a federally chartered bank, and the espionage charges against physicist Wen Ho Lee. Adroitly combining the light touch of comedy with weighty political and emotional issues, Hwang creates a "lively and provocative cultural self-portrait [that] lets nobody off the hook" (The New York Times). David Henry Hwang is the author of the Tony Award-winning *M. Butterfly*, *Yellow Face* (OBIE Award, 2008 Pulitzer Prize finalist), *Golden Child* (1997 OBIE Award), *FOB* (1981 OBIE Award), *Family Devotions* (Drama Desk nomination), and the books for musicals *Aida* (co-author), *Flower Drum Song* (2002 Broadway revival), and *Tarzan*, among other works. David Henry Hwang graduated from Stanford University, attended the Yale School of Drama, and holds honorary degrees from Columbia College in Chicago and The American Conservatory Theatre. He lives in New York City with his wife, actress Kathryn Layng, and their children, Noah David and Eva Veanne.

Seminar paper from the year 2011 in the subject American Studies - Literature, grade: 1,7, Humboldt-University of Berlin (Institut für Anglistik und Amerikanistik), course: Gender, Sexuality, Race and Class in Contemporary American Drama, language: English, abstract: 1 Introduction Modern-day drama is often considered to be an effective means of expressing criticism. Numerous contemporary playwrights experiment freely with dramatic conventions, and most works overtly demonstrate to be a piece of performance, so that the audience is alerted not to view reality but a play. Thus, the boundaries between authenticity (the natural) and role playing (the artificial) are blurred "in order to address the construction of social and political identity." (Saddik 2007: 13). David Henry Hwang's play *M. Butterfly* (1988) can be regarded as one representative of that type of contemporary dramatic pieces. It demonstrates the construction of identity around the politics of gender, sexuality, power and race. In the course of the drama, the (biological male) character Song Liling constructs a female, Oriental fantasy for the French diplomat Rene Gallimard. By performing her race and gender according to Gallimard's ideas about the Oriental, Song is able to disguise her male sex. For almost two decades, the French diplomat is not aware of the fact that his partner is not a woman but a man. (cf. Hwang 1988: 94ff.). The drama *M. Butterfly* - the first Asian American play to be produced on Broadway - has been introduced in the course of last summer semesters seminar Gender, Sexuality, Race and Class in Contemporary American Drama. It aroused my interest not only due to its witty and provocative style, but also because of the dramas fascinating and powerful but rather bizarre story about the relationship of a Western man and a perceived Chinese woman. I could not understand how Gallimard neither was nor, in the course of all their years together, became aware of his partner"
