David ...David
Staack was
born in the
west
Greenwich
Village
neighborhood
of New York
City in 1977
growing up in
Westbeth. He
attended
Stuyvesant
H.S. in both
the new and
old buildings.
He received
the B.S. and
M.S. degrees
in aerospace
engineering
from the
University of
Virginia,

Charlottesville, in 2000. Personal Page: David Staack Texas A&M Our research is focused on the experimental study of microscale and low temperature plasmas and devices which plasmas. The results and discoveries of this research have far reaching consequences in fields ranging from medicine and health, to integrated circuit manufacturing, to fossil fuel reforming. David Staack |
