Whether you're a novice photographer or a budding professional, this indispensable guide shows you how to capture the perfect shot-every time! Rick deGaris Doble is an award-winning photographer with nearly 40 years of photography experience. His site, [www.RickDoble.net](http://www.RickDoble.net), receives 150,000 unique hits per year and his popular 600-photo "painting with light" section was ranked #2 in Google searches. Doble has been working with computer-related digital imagery for the

past 22 years and, for the past 14, he has taught photography courses at institutions like Duke University. He lives in Smyrna, North Carolina.  
*DarkMarket* Rowman & Littlefield  
Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist

invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

A Novel Clarendon Press

Sociolinguistics is the descriptive study of the effect of any and all aspects of society, including cultural norms, expectations, and context, on the way language is used,

and the effects of language use on society. Sociolinguistics differs from sociology of language in that the focus of sociolinguistics is the effect of the society on the language, while the latter's focus is on the language's effect on the society. Sociolinguistics overlaps to a considerable degree with pragmatics. It is historically closely related to linguistic anthropology and the distinction between the two fields has even been questioned recently. It also studies how language varieties differ between groups separated by certain social variables, e.g., ethnicity, religion, status, gender, level of education, age, etc., and how creation and adherence to these

rules is used to categorize individuals in social or socioeconomic classes. As the usage of a language varies from place to place, language usage also varies among social classes, and it is these sociolects that sociolinguistics studies. The social aspects of language were in the modern sense first studied by Indian and Japanese linguists in the 1930s, and also by Gauchat in Switzerland in the early 1900s, but none received much attention in the West until much later. The study of the social motivation of language change, on the other hand, has its foundation in the wave model of the late 19th century. The first attested use of the term sociolinguistics

was by Thomas Callan Hodson in the title of a 1939 paper.

Sociolinguistics in the West first appeared in the 1960s and was pioneered by linguists such as William Labov in the US and Basil Bernstein in the UK. For example, a sociolinguist might determine through study of social attitudes that a particular vernacular would not be considered appropriate language use in a business or professional setting. Sociolinguists might also study the grammar, phonetics, vocabulary, and other aspects of this sociolect much as dialectologists would study the same for a regional dialect. The study of language variation is concerned

with social constraints determining language in its contextual environment. Code-switching is the term given to the use of different varieties of language in different social situations.

William Labov is often regarded as the founder of the study of sociolinguistics. He is especially noted for introducing the quantitative study of language variation and change, making the sociology of language into a scientific discipline.

The Sixth Language  
University of Missouri Press

This work, by the greatest living authority on medieval palaeography, offers the most comprehensive and up-to-date account in any language of the history

of Latin script. It also contains a detailed account of the role of the book in cultural history from antiquity to the Renaissance, which outlines the history of book illumination. Designed as a textbook, it contains a full and updated bibliography. Because the volume sets the development of Latin script in its cultural context, it also provides an unrivalled introduction to the nature of medieval Latin culture. It will be used extensively in the teaching of latin palaeography, and is unlikely to be superseded.

The Metamorphosis is a novella by Franz Kafka, first published in 1915. It has been cited

as one of the seminal works of fiction of the 20th century and is studied in colleges and universities across the Western world. The story begins with a traveling salesman, Gregor Samsa, waking to find himself transformed (metamorphosed) into a large, monstrous insect-like creature. The cause of Samsa's transformation is never revealed, and Kafka himself never gave an explanation. The rest of Kafka's novella deals with Gregor's attempts to adjust to his new condition as he deals with being burdensome to his parents and sister, who are repulsed by the horrible, verminous creature Gregor has become.

"We live in an era where the university system is undergoing great changes owing to developments in financing policies and research priorities, as well as changes in the society in which this system is embedded. This change toward a more market-oriented university, which also has immediate effects in academic peripheries such as the Balkans, the Middle East, or South-East Asia, is of great influence for the pedagogical practice of "less profitable" academic areas such as the Humanities: philosophy, languages, sociology, anthropology, history. Because of the absence of a historically grounded establishment of the

Humanities, academic peripheries, usually accompanied by a weak civil society infrastructure, seem to offer the most fertile ground for rethinking the Humanities, their pedagogical practice, and their politics, as well as the greatest threats, such as the ongoing capitalization of research, and profitability as the norm of educational achievement. The sprawling presence of for-profit universities and in academic peripheries such as Albania and Kosovo is indicative of this problematic, as are consistent underfunding of universities and the relentless budget cuts in American and English, and to a lesser extent European, universities.

Motivations for this ongoing attack on the university are often driven by a political system or a politics with an aggressive stance to critical thought."

*Bravelands #1: Broken Pride Skyhorse*

A critically acclaimed foundational text, *Translation in Systems* offers a comprehensive guide to the descriptive and systemic approaches which have shaped translation studies.

Theo Hermans considers translation norms, equivalence, polysystems and social systems, covering a wide range of theorists in his discussion of the principles of translation studies. Reissued with a new foreword by Kathryn Batchelor, which updates the text for a new generation of

readers, *Translation in Systems* endures partly on account of Hermans's vivid and articulate writing style. The book covers the fundamental problems of translation norms, equivalence, polysystems and social systems, encompassing not only the work of Levý, Holmes, Even-Zohar, Toury, Lefevere, Lambert, Bassnett, D'hulst and others, but also giving special attention to contributions derived from Pierre Bourdieu and Niklas Luhmann. Hermans explains how contemporary descriptive approaches came about, what the basic ideas were, how those ideas have evolved over time, and offers a critique of these approaches. With practical questions of

how to investigate translation (including problems of definition, description and assessment of readerships), this is essential reading for graduate students and researchers in translation studies and related areas.

This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. Blazing World is a utopian kingdom in another world (with different stars in the sky) that can be reached via the North Pole. A young woman enters this other world, becomes the empress of a society composed of various species of talking animals, and

organizes an invasion back into her world complete with submarines towed by the "fish men" and the dropping of "fire stones" by the "bird men" to confound the enemies of her homeland, the Kingdom of Esfi.

### **Learning a Living in the Internet Age**

Greenwood Press

H. G. Wells wasn't the only nineteenth-century writer to dream of a time machine. The Spanish playwright Enrique Gaspar published *El anacronópete*—"He who flies against time"—eight years before Wells's influential work appeared. The novel begins at the 1878 Paris Exposition, where Dr. Don Sindulfo unveils his new invention—which looks

like a giant sailing vessel. Soon the doctor embarks on a voyage back in time, accompanied by a motley crew of French prostitutes and Spanish soldiers. The purpose of his expedition is to track down the imprisoned wife of a third-century Chinese emperor, believed to possess the secret to immortality. A classic tale of obsession, high adventure, and star-crossed love, *The Time Ship* includes intricately drawn illustrations from the original 1887 edition, and a critical introduction that argues persuasively for *The Time Ship*'s historical importance to science fiction and world literature.

Heed the call of the wild with this brand-new, action-packed animal fantasy series from the #1 nationally bestselling author of

Warriors. Enter the Bravelands...and discover the Erin Hunter series you've been waiting for. A lion cast out from his pride. An elephant who can read the bones of the dead. A baboon rebelling against his destiny. For generations, the animals of the African plains have followed a single rule: only kill to survive. But when an unthinkable act of betrayal shatters the peace, the fragile balance between predators and prey will rest in the paws of three unlikely heroes. Set in an epic new world and told from three different animals' points of view, Bravelands will thrill readers who love Spirit Animals and Wings of Fire, as well as the legion of dedicated

fans who've made Erin Hunter a bestselling phenomenon. Arcade Publishing  
The prolific and famous science and science-fiction writer continues the tale of his life, proceeding from the years immediately following his early successes and continuing through the writing of his 200th book *Tom Brown's School Days* Vintage  
From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have

refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow - of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him.

"Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

Cosimo, Inc.

- "Deliciously entertaining!" —People Magazine's "People Pick" • Entertainment Weekly's "MUST List" • O Magazine's "15 Best Beach Books of the Year So Far" • Bustle "Best Book of April" • Refinery29 "Best Book of April" • Cosmopolitan "Best Book of April" • Woman's Day's "27 Fiction Books of 2019 to Add to Your Reading List ASAP" • BookBub's "Biggest Books of April" • PopSugar's "30 Must-Read Books of 2019" A twisty, compelling new novel about one woman's complicated relationship with her mother-in-law that ends in death... From the moment Lucy met

her husband's mother, she knew she wasn't the wife Diana had envisioned for her perfect son. Exquisitely polite, friendly, and always generous, Diana nonetheless kept Lucy at arm's length despite her desperate attempts to win her over. And as a pillar in the community, an advocate for female refugees, and a woman happily married for decades, no one had a bad word to say about Diana...except Lucy. That was five years ago. Now, Diana is dead, a suicide note found near her body claiming that she no longer wanted to live because of the cancer wreaking havoc inside her body. But the autopsy finds no cancer. It does find traces of poison, and evidence of

suffocation. Who could possibly want Diana dead? Why was her will changed at the eleventh hour to disinherit both of her children, and their spouses? And what does it mean that Lucy isn't exactly sad she's gone? Fractured relationships and deep family secrets grow more compelling with every page in this twisty, captivating new novel from Sally Hepworth. Praise for Sally Hepworth: "With jaw-dropping discoveries, and realistic consequences, this novel is not to be missed. Perfect for lovers of Big Little Lies." —Library Journal, starred review "Hepworth deftly keeps the reader turning pages and looking for clues, all the while building multilayered

characters and carefully doling out bits of their motivations."

French political

libertarian and

economist CLAUDE

FRDRIC BASTIAT

(1801-1850) was one

of the most eloquent

champions of the

concept that property

rights and individual

freedoms flowed from

natural law. Here, in

this 1850 classic, a

powerful refutation of

Karl Marx's Communist

Manifesto, published

two years earlier,

Bastiat discusses: .

what is law? . why

socialism constitutes

legal plunder . the

proper function of the

law . the law and

morality . "the vicious

circle of socialism" .

the basis for stable government . and more.

Performatism, Or the End of Postmodernism

Stanford University

Press

Works of science

fiction and fantasy

increasingly explore

gender issues, feature

women as central

characters, and are

written by women

writers. This book

examines women's

contributions to

science fiction and

fantasy across a range

of media and genres,

such as fiction,

nonfiction, film,

television, art, comics,

graphic novels, and

music. The first volume

offers survey essays on

major topics, such as

sexual identities,

fandom, women's

writing groups, and

feminist spirituality;

the second provides

alphabetically arranged entries on more specific subjects, such as Hindu mythology, Toni Morrison, magical realism, and Margaret Atwood. Entries are written by expert contributors and cite works for further reading, and the set closes with a selected, general bibliography. Students and general readers love science fiction and fantasy. And science fiction and fantasy works increasingly explore

gender issues, feature women as central characters, and are written by women writers. Older works demonstrate attitudes toward women in times past, while more recent works grapple with contemporary social issues. This book helps students use science fiction and fantasy to understand the contributions of women writers, the representation of women in the media, and the experiences of women in society.
