If you lived anywhere else in the country, you would probably send your child to your neighborhood high school. In New York City, it's much more complicated than that. But what parent has time to research hundreds of school options? To help you choose a high school that is just right for your child, Clara Hemphill and her colleagues at Insideschools visited nearly all of the city's 400 high schools. This essential revision of the critically acclaimed parents' guide features new school profiles; invaluable advice to help parents and students through the stressful admissions process; and new sections on alternative schools, vocational schools, and schools for students learning English. Featuring interviews with teachers, parents, and students, this guide uncovers the "inside scoop" about school atmosphere, homework, student stress, competition among students, the quality of teachers, gender issues, the condition of the building, class size, and much more. "For [this] third edition I looked for schools that spark students' curiosity, broaden their horizons, and help them develop into thoughtful, caring adults." —Clara Hemphill Praise for Clara Hemphill's Parents' Guides! Die »Festung der Einsamkeit« ist ein großer und bewegender Roman über die Kraft der Freundschaft und das Erwachsen werden im Großstadtdschungel New Yorks. Die New York Times kürte das Buch bei Erscheinen zum »Besten Roman des Jahres«. Anfang der siebziger Jahre ziehen die ersten weißen Hippiefamilien ins Zentrum Brooklyns, das zu der Zeit überwiegend von Schwarzen und Puerto-Ricanern bewohnt wird. Dylan, der schüchterne Sohn des Malers Abraham Ebdus und dessen Frau Rachel sieht sich mit dem Umzug der Familie in eine bedrohliche Welt versetzt. Jede Zuneigung muss er sich erkämpfen wie das Stück Asphalt beim Spielen auf der Straße. Dennoch versucht seine Mutter ihn mit aller Macht in dem Viertel, in dem sie selbst aufwuchs, zu integrieren. Als sie eines Tages verschwindet und sich der Vater in die abstrakte Welt seiner Malerei flüchtet, ist der achtjährige Dylan auf sich allein gestellt. Beschützt von seinem gleichaltrigen schwarzen Freund Mingus Rude, den selbstbewussten Sohn eines früher berühmten Jazzmusikers aus der Nachbarschaft, und begleitet von einem geheimnisvollen Ring, begibt er sich auf die Suche nach seiner Identität. »Ein Jahrhundertroman!« Tagesspiegel

Sometimes being true to yourself is the most bewitching magic of all! This young middle-grade series is hilarious, enchanting, and filled with mischief! Perfect for fans of The Worst Witch! Bella Broomstick is a terrible witch. She doesn't have nose hair or warts. Her magic wand never does what she wants it to do. And she's obsessed with things no good witch would ever need...like toothbrushes, fluffy slippers, and a pink flamingo pen. So it's really not a surprise when Bella fails the Creepy Castle School entrance exam. Aunt Hemlock sends her to live with a nice family and warns her that magic is forbidden! It turns out that living with non-magical parents means all kinds of fun new things--like eating ice cream instead of frog spawn porridge and taking hot bubble baths instead of washing in a swamp. Bella can totally give up magic to live here . . . unless there's a really good reason to try a spell. This hilarious series starter features a reluctant witch, a lost kitten, and a fun look at our world through the eyes of an outsider. When Bella follows her heart, making magic is easy!

An archaeology of lunacy is a materially focused exploration of the first wave of public asylum building in Britain and Ireland, which took place during the late-Georgian and early Victorian period. Examining architecture and material culture, the book proposes that the familiar asylum archetype, usually attributed to the Victorians, was in fact developed much earlier. It looks at the planning and construction of the first public asylums and assesses the extent to which popular ideas about reformed management practices for the insane were applied at ground level. Crucially, it moves beyond doctors and reformers, repopulating the asylum with the myriad characters that made up its everyday existence: keepers, clerks and patients. Contributing to archaeological scholarship on institutions of confinement, the book is aimed at academics, students and general readers interested in the material environment of the historic lunatic asylum.
