Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Helps students understand and analyze race and ethnic issues Racial and Ethnic Diversity in the USA applies contemporary theories to race and ethnic relations. The text explores issues inherent in race and ethnicity and then applies these issues to the four largest minority ethnic groups in the U.S. This foundation will enable readers to discuss how diversity will change in the future. MySocLab is an integral part of the Schaefer program. Engaging

activities and assessments provide a teaching and learning system that helps students discover sociology in their lives. With MySocLab, students can watch videos on sociological core concepts, explore real-world sociology through the new Social Explorer, and develop critical thinking skills through writing. 0205949797 / 9780205949793 Racial and Ethnic Diversity in the USA Plus NEW MySocLab with eText -- Access Card Package Package consists of: 0205181880 / 9780205181889 Racial and Ethnic Diversity in the USA 0205206530 / 9780205206537 NEW MySocLab with Pearson eText -- Valuepack Access Card Studyguide for Sociology Matters by Schaefer, Richard T. , Isbn 9780078026959 McGraw-Hill Higher Education

Sociology: A Brief Introduction invites students to take sociology with them in their daily lives. This successful student-friendly program includes strong coverage of race, ethnicity, and globalization. The approachable material encourages students to develop their sociological imaginations and start to think like a sociologist. Paired with Connect, a personal and adaptive learning experience, students learn to apply sociology's three theoretical frameworks to the world around them.

Encyclopedia of Race, Ethnicity, and Society Cram101

Three basic premises guide this highly successful introductory text - first that theory and research must be both comprehensive and clear, second that the text must show how sociology is relevant both to the study of society and to students' lives and third that sociology can play a valuable role in teaching critical thinking skills. To that end, this solid, well respected text combines a balanced three-perspective approach with excellent

student oriented examples, and distinctive social policy sections in a concise presentation that offers an alternative to full length books.

9780073404318 McGraw-Hill Education

Richard T. Schaefer's Sociology Matters is a concise introduction to the discipline of sociology. Schaefer's characteristic straightforward style, a streamlined design, and highly focused coverage make it the perfect affordable, ultra-brief, introductory text for instructors who use a variety of materials in their course. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: • SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content. • Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course. • Progress dashboards that quickly show how you are performing on your assignments and tips for improvement. • The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping. Complete system requirements to use Connect can be found here:

ValuePack ISBN-10: 0205248152 / ValuePack ISBN-13: 9780205248155 Studyguide for Sociology: a Brief Introduction by Richard T. Schaefer, ISBN 9780077554217 Pearson College Division For generations, visitors, journalists, and social scientists alike have asserted that Chicago is the quintessentially American city. Indeed, the introduction to "The New Chicago" reminds us that to know America, you must know Chicago. The contributors boldly announce the demise of the city of broad shoulders and the transformation of its physical, social, cultural, and economic institutions into a new Chicago. In this wide-ranging book, twenty scholars, journalists, and activists, relying on data from the 2000 census and many years of direct experience with the city, identify five converging forces in American urbanization which are reshaping this storied metropolis. The twenty-six essays included here analyze Chicago by way of globalization and its impact on the contemporary city; economic restructuring; the evolution of machine-style politics into managerial politics; physical transformations of the central city and its suburbs; and race relations in a multicultural era. In elaborating on the effects of these broad forces, contributors detail the role of eight significant racial, ethnic, and immigrant communities in shaping the character of the new Chicago and present ten case studies of innovative governmental, grassroots, and civic action. Multifaceted and authoritative, "The New Chicago" offers an important and unique portrait of an emergent and new Windy City. *Sociology: A Brief Introduction* Academic Internet Pub Incorporated This three volume reference set offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives. General readers, students, and scholars alike will appreciate the informative coverage of intergroup relations in the United States and the comparative examination of race and ethnicity worldwide. These volumes offer a foundation to understanding as well as researching racial and ethnic diversity from a multidisciplinary perspective. Over a hundred racial and ethnic groups are

described, with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society. The encyclopedia has alphabetically arranged author-signed essays with references to guide further reading. Numerous cross-references aid the reader to explore beyond specific entries, reflecting the interdependent nature of race and ethnicity operating in society. The text is supplemented by photographs, tables, figures and custom-designed maps to provide an engaging visual look at race and ethnicity. An easy-to-use statistical appendix offers the latest data with carefully selected historical comparisons to aid study and research in the area **Outlines and Highlights for Sociology** Cram101 Drawing from a wide selection of classic and contemporary works, this best-selling reader includes 56 readings that represent a plurality of voices and views within sociology. *Colonization, Culture, and Complexity* Cram101 *Sociology: A Brief Introduction* invites students to take sociology with them in their daily lives. For courses in *Race and Ethnic Relations A History of Misunderstanding: Race and Ethnicity in the United States* *Race and Ethnicity in the United States* explores the complex history of cultural differences in a nation comprised of immigrants. By examining major themes of multiculturalism, discrimination, injustice, and diversity, the text explores the historical patterns of our country's treatment of people of different faiths, colors, and cultures. The Eighth Edition discusses recent 21st century phenomena in diversity and immigration in the United States, including the rising number of Latino and Asian American youth and the continued discrimination of Native American populations.

Providing a broad yet current assessment of our nation's immigration and multicultural patterns, the text serves as a comprehensive source for racial and ethnic studies. Also Available with MySocLab MySocLab for Race and Ethnicity courses extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MySocLab does not include an eText. *Race and Ethnicity in the United States, Eighth Edition* is also available via REVEL (tm), an immersive learning experience designed for the way today's students read, think, and learn. Like its predecessors, the tenth edition of this text reflects Rick Schaefer's mission to bring readers a comprehensive, up-to-date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives. Combining balanced coverage of theory with current research findings, distinctive social policy sections, examples of interest to students, and abundant learning aids and exercises, this text will help students develop a sociological imagination. An optional package combines Schaefer, *Sociology*, with PowerWeb , Tenth Edition and Reel Society

Interactive Movie 2.0 CD-ROM at nominal extra cost. "The introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors. The distinctive emphasis on social policy found in this text shows students how to use the sociological imagination in examining such public policy issues as sexual harassment, the AIDS crisis, welfare reform, the death penalty, and privacy and censorship in an electronic age." - Richard T. Schaefer

Sociology McGraw-Hill Education

Extraordinary Groups has had a storied history of excellence over multiple editions. Now available from Waveland Press at the start of its fifth decade of availability, its interdisciplinary approach to groups engaged in unconventional lifestyles makes it a popular textbook choice in hundreds of college courses across the social sciences, including anthropology, religion, history, and psychology. Written by sociologists, using and illustrating sociological principles, the book is appealing because it is descriptive and explanatory rather than analytical. Descriptions of the groups are interwoven with basic sociological concepts, but systematic analysis and inductive reasoning are left to the discretion of the instructor. *Extraordinary Groups* is a compelling overview of the broad tapestry of social life that constitutes the United States. The illustrated, full-featured Ninth Edition includes a glossary and end-of-chapter key terms, sources on the Web, and selected readings.
