MATHIAS ALVAREZ

The Story of the Tube Penguin
Oysters have always enjoyed an

aphrodisiac reputation. And The Oyster - the hugely popular Victorian underground journal from whose pages this bumper selection is taken - certainly lived up to it. A Successor publication to The Pearl, it was even more bawdy and uninhibited than that organ. Even by

today's standards, it is completely open in its robust descriptions of sexual pleasure. Few copies of *The Oyster* survived into the later twentieth century. We are therefore indeed fortunate that an almost complete set was discovered a few years ago in a locked cabinet in the library of one of Britain's most famous stately homes. Here is writing that is often lovely and witty as well as gloriously explicit in its detailed celebrations of erotic adventure. *The Oyster* represents Victorian Values at their most upstanding.

London Open Guide Hamlyn

Ticketing and concessionary travel on public transport, is the 5th report from the Transport Committee in 2007-08 session (HCP 84, ISBN 9780215514493). It examines the the aim of producing an

integrated ticketing system across England, with the introduction of smartcard concessionary travel passes. The report inquires into the extent to which integrated ticketing on public transport has been achieved for all users; the issues regarding smartcards; arrangements for revenue protection (stopping fare-evasion) which will be affected by new forms of ticket; the impact of concessionary travel in England which is costing £1 billion per annum. The Committee has set out a number of recommendations, including: the Committee believes that the Government in terms of promoting integrated bus ticketing has achieved too little of practical value; it recommends that Traffic Commissioners be given powers to arbitrate where bus

companies and local transport authorities disagree; that coach travel should be given greater consideration in future statements of public transport policy; it is imperative that the full range of tickets, including multi-modal options be available at all main outlets so that the Government's aim of fare simplification can be better achieved (see *The Future of Rail*, Cm. 6233, ISBN 9780101623322); that the Government needs to ensure suitable guidelines on differential pricing is included in decisions on rail fares and rail franchises with particular reference to smartcards; that the Government needs to articulate a clearer strategy for the development of integrated ticketing in general and smartcards in particular; that the Government should move towards a

unified system of public transport revenue protection; that the Department of Transport should commission an evaluation of the benefits of the national scheme for free local bus travel and that national concessionary travel is properly funded. For a related title see, *How Fair are the Fairs* (HCP 700-I, session 2005-06, ISBN 9780215028853). [Fifth Report of Session 2007-08, Report Together with Formal Minutes, Oral and Written Evidence](#) WW Norton
This is the 'full' expanded PDF desktop version of Michael Brein's Travel Guide to London which includes an ultra-large, zoomable official map of London's subway (Underground) system with embedded links to visitor attractions. This version of the London guide is optimized for desktops and tablets. A

'lite' version (\$3.99) for mobile devices is also available but without these special features of the 'full' expanded edition. Michael Brein's London Travel Guide helps you get to the city's top 50 visitor attractions easily and cheaply using London's excellent Underground system. From the British Museum to the London Eye, with this ultra simple guide you can discover and get to London's 50 top points of interest, or London's top 10 "Must See" attractions if you have limited time; find the nearest Underground station and which lines to take; see how to exit the station and walk to the attraction; note other nearby points of interest; view the attraction's location on the official London Underground map; get to attractions without needing wireless internet

access. Michael Brein's London Travel Guide is compact, concise and comprehensive and is so simple and convenient to use--it is really all you need on your mobile device to get to all of London's top sights. And since it's based on Michael Brein's acclaimed travel guide series to sightseeing by public transportation, it's the simplest way to get around the world's big cities. Similar guides to Paris, Honolulu, Los Angeles, Chicago, Washington, DC, and Madrid are also available, and others are planned.

A&C Black

For centuries, oysters have had the power to sustain and delight, inspiring writers and artists, lowly cooks and four-star chefs, laborers and gourmards, and everyone in between. A feast for the eyes and the palate oysters also are rich in history and for *Oysters: A Celebration in the Raw* is true to its title from start to finish. Chapter One is a primer on all things oyster. Chapter Two introduces readers to legendary oystermen and women from around the country. Chapter Three offers exquisite

photographs of more than fifty varieties of North American oysters, along with flavor profiles and "merroir." *Oysters: A Celebration in the Raw* concludes with highlights from the oyster timeline, depictions of oysters in art through the ages and stories of oysters as aphrodisiacs, and parses oyster myths and metaphors. The book also features an oyster glossary and resource list. It is the only book of its kind—a definitive visual companion to this iconic, much loved mollusk. Overflowing with gorgeous original photography and fascinating anecdotes, *Oysters: A Celebration in the Raw* is the perfect book for oyster aficionados and newbies, foodies and chefs of all stripes, lovers of photography and art, the environment, history, and the sea.

Fodor's 2012 London John Wiley & Sons

Welcome to the weird and wonderful world of London's Underground, or as it is affectionately referred to, the Tube. Though this isn't the usual side of the Tube the tourists, travellers and residents see. (Though, of course, they do see a great deal of strangeness in their daily commutes!). This is the real Underground, the strange and twisted nooks and crannies of what happens hundreds of metres below millions of London legs from its peculiar past through to its paranormal present and looking forward to its fascinating future. Following on from the bestselling Portico Strangest titles now comes a book devoted to London's globally envied, and much loved, public transport system.

Located deep beneath the heart of Greater London, the Underground is awash with more strangeness than you can shake your pre-paid Oyster card at. In 2013 the whole city will be celebrating the Underground's 150th birthday the oldest underground in the world. So, pack up your old kit bag and travel stop-by-stop with us on this strange and fantastic journey along the Northern, Picadilly, Metropolitan, Jubilee, Hammersmith and City and District Line ... and explore the Underground as you've never seen it before. London Underground's Strangest Tales is a treasure trove of the humorous, the odd and the baffling an alternative travel guide to the Underground's best-kept secrets. Read on, if you dare! You have been warned. Word Count: 35,000

Michael Brein's Guide to London by the Underground Portico

It is impossible to imagine London without the Tube: the beating heart of the city, the Underground shuttles over a billion passengers each year below its busy streets and across its leafy suburbs. The distinctive roundel, colour-coded maps and Johnston typeface have become design classics, recognised and imitated worldwide. Opening in 1863, the first sections were operated by steam engines, yet throughout its long history the Tube has been at the forefront of contemporary design, pioneering building techniques, electrical trains and escalators, and business planning. Architects such as Leslie W. Green and Charles Holden developed a distinctively English version of

Modernism, and the latest stations for the Jubilee line extension, Overground and Elizabeth line carry this aesthetic forward into the twenty-first century. In this major work published in association with Transport for London, Tube expert Oliver Green traces the history of the Underground, following its troubles and triumphs, its wartime and peacetime work, and the essential part it has played in shaping London's economy, geography, tourism and identity. Specially commissioned photography by Benjamin Graham (UK Landscape Photographer of the Year 2017) brings the story to life in vivid portraits of London Underground's stations, tunnels and trains.

Press, Inc.

A tongue-in-cheek revelation of a Victorian third world - a world of high-spirited, totally explicit sexual enjoyment, peopled by consenting adults who revel in any opportunity for erotic adventure.

Must-see attractions, wonderful hotels, excellent restaurants, valuable tips and so much more! The Stationery Office

Did you know. . . In 2013, 1.265 billion passengers traveled on the London Underground? Before 1907, the colors of London buses were different to signify the routes they took? The city's first omnibus service began on July 4, 1829? Every year London opens its doors to a staggering 16 million people, all wanting to get to their destination of choice in the shortest time possible. Yet for many

of us, the beauty and clockwork of the transport we use, be it taxi, tube, bus, bike, or boat, is a part of the London experience we tend to forget. Spanning the past to the future, the iconic red buses to the abandoned tube stations and the engineering achievements to the cultural highlights, this book celebrates everything you should know about getting about in London.

The Rough Guide to Great Britain White Lion Publishing

Providing an alphabetical listing of sexual language and locution in 16th and 17th-century English, this book draws especially on the more immediate literary modes: the theatre, broadside ballads, newsbooks and pamphlets. The aim is to assist the reader of Shakespearean and Stuart literature to

identify metaphors and elucidate meanings; and more broadly, to chart, through illustrative quotation, shifting and recurrent linguistic patterns. Linguistic habit is closely bound up with the ideas and assumptions of a period, and the figurative language of sexuality across this period is highly illuminating of socio-cultural change as well as linguistic development. Thus the entries offer as much to those concerned with social history and the history of ideas as to the reader of Shakespeare or Dryden.
