Do It identifies the too-common stumbling block to the realization of our dreams as The Comfort Zone - the trouble-, fear- and pain-free zone we are all more than happy to remain in. The Comfort Zone is so comfortable we don't realise it's there - but the danger is, that the longer we stay there, the smaller this zone becomes. Gradually our lives become less and less rewarding - and our dreams remain out of reach.

A Guide to Living Your Dreams Thomas Nelson

You've got the best life coach imaginable talking to you in your sleep. "Dream work is a very personal process. There is no Rosetta Stone for interpreting dreams, no universal meaning for

every dream symbol,” says reddit.com dreams forum moderator DeBord. But don’t let that scare you. With a few simple tools, you will soon be on your way to discovering just how much specific, guiding wisdom is packed into your dreams. This groundbreaking book takes you step-by-step through the process of learning the language of your dreams. It is a language like any other. It has nouns (characters and settings), verbs (actions and your reactions), and adjectives (symbols and feelings). At first you may only catch the simple words and phrases, then whole sentences and paragraphs, but soon enough you will get all the subtext, humor, irony, and slang. You will not only understand the language but speak it fluently. You’ll see that we dream to help reconcile with the past, handle the present, and step into the future. Three steps: remember, interpret, and live your dreams. It’s easier than you think.

Find your power,

transform your obstacles, surrender to success Aleta St. James has spent the past twenty-five years as an emotional healer and life coach developing a system for creating deep and dramatic life changes with lasting results. In *Life Shift*, she shares the secret of how to bring enormous success and deep satisfaction into your life. In an effort to fully compete in a man's world, contemporary women have become alpha females. We rely on masculine traits -- the testosterone energies of action, focus, determination, and self-reliance -- to create success and achieve our goals. We are now coming to realize that while we have mastered these means for pursuing our dreams, we have neglected the equally valuable and complementary energies of magnetism, receptivity, and intuition -- the Magnetic Female. In *Life Shift*, Aleta presents her techniques for breaking through our emotional blocks and allowing our Magnetic Female and alpha energies to interact and harmonize with each other. She teaches skills that open the doors to a powerful cocreative relationship between

these two forces within us and guides us to use these tools to identify our desires, engage our dreams, and realize our destinies. Using her renowned system, which integrates the teachings of primal therapy, Tibetan Buddhism, Hinduism, bioenergetics, and other life-enhancing practices and philosophies, Aleta shares with us all of the tools necessary to live our ideal lives. This Life-Shift Tool Kit incorporates techniques for realigning the physical, emotional, mental, and spiritual bodies, inviting rather than pursuing success, recognizing the power of release, eliminating emotional blocks, and reorganizing energy centers within the body. Aleta also offers her expert techniques in regenerative organic breathing, physical and emotional release work, color healing, light therapy, focused reflections, power mantras, prayers and blessings, love baths, and support circles. Weaving together Aleta's own dramatic story of inspiration, success stories from her elite clientele, and lessons from her journeys to spiritual "power spots," Life Shift teaches you how

to transform feelings of failure, frustration, doubt, and loneliness into a creative power that becomes a magnetic force attracting joy, fulfillment, success, and love.
