"Folksy charm, an undercurrent of menace, and an aura of hope permeate this ultimately inspirational tale." —Booklist From award-winning author James Markert comes a Southern tale of fathers and sons, young romance, revenge and redemption, and the mystery of miracles. Now that Prohibition has ended, what the townspeople of Twisted Tree, Kentucky, need most is the revival of the Old Sam Bourbon distillery. But William McFee knows it'll take a miracle to convince his father, Barley, to once more fill his family's aging house with barrels full of bourbon. When a drifter recently buried near the distillery begins to draw crowds of pilgrims, the McFees are dubious. Yet miracles seem to come to those who once interacted with the deceased and to those now praying at his grave. As people descend on the town to visit the "Potter's Field Christ," William seeks to find the connection between the tragic death of his younger brother and the mysterious drifter. But as news spreads about the miracles at the potter's field, the publicity threatens to bring the depth of Barley's secret past to light and put the entire McFee family in jeopardy. "Distinguished by complex ideas and a foreboding tone, Markert's (*A White Wind Blew*) enthralling novel captures a dark time and a people desperate for hope." —Library Journal "Mysterious, gritty and a bit mystical, Markert's entertaining new novel inspires the question of 'What if?' Many characters are nicely multilayered, providing a good balance of intrigue and realism. The fascinating glimpse into the process of distilling bourbon—and the effect of the Prohibition on Kentucky and its bourbon families—adds another layer to the story." —RT Book Reviews

A story of the power of memory, *Midnight at the Tuscany Hotel* explores the mysteries of the mind, the truth behind lore, and the miracle of inspiration. After thirteen months at war, Vittorio Gandy

is haunted by memories, and his former life is unrecognizable. Once a gifted painter, now he can't bear the vivid, bleeding colors on a canvas. His young son doesn't remember him, and his wife, Valerie, is scared of him. But the most disconcerting change is in Vitto's father, Robert Gandy, who has fallen from being a larger-than-life sculptor to a man whose heart has been broken by the death of his muse—Vitto's mother—and whose mind has been taken by Alzheimer's. When Robert steals away in the night, Valerie, Vitto, and his new acquaintance and fellow veteran John go to the only place Robert might remember—the now-abandoned Tuscany Hotel, where it was once rumored that creatives of all kinds could find inspiration. When they find him there, Robert's mind is sound and his memories are intact. Before long, word gets out that drinking from the fountain at the hotel can restore the memories of those suffering from Alzheimer's and dementia. The rooms once again fill up with guests—not artists this time, but people seeking control over their memories and lives. Vitto desperately wants to clear his own mind, but as he learns more about his late mother's life and her tragic death, he begins to wonder whether drinking the water comes at a price. Some of the words within these pages are for music, and not just the poetry. 'The Wind In The Grass' tells of an Elsa, a Jeanne, and mostly, a Barbara. They're pages in a book, pushed along by an off-shore wind like the tall grass on the 'true' cape of Hatteras. There's a boxer in the 30's, a killing hurricane at sea, an imaginary French resistance fighter defending white wine. There's the Viking, Teymor, a lost soul and a lost story before recorded history; and a brave little tugboat at Pearl Harbor. There are words of loneliness, of wanting and not wanting, and other words, gentle and direct. 'The Wind In The Grass' is for all of us who understand silence and those of us intimidated by it. Life does get in the way. It's something we have to understand. As others rush by, it's up to us to motion to them, beckon and wave. Slow down, we should say...come over here. Let's sit and read together.

A New York Times Book Review Editors' Choice "Pagan Light is mesmerizing. Every detail is compelling. I felt I was reading a family history of a family far more interesting than mine." -- Edmund White, author of *Our Young Man* A rich, intimate embrace of Capri, which was a magnet for artistic renegades and a place of erotic refuge Isolated and arrestingly beautiful, the island of Capri has been a refuge for renegade artists and writers fleeing the strictures of conventional society from the time of Augustus, who bought the island in 29 BC after defeating Antony and Cleopatra, to the early twentieth century, when the poet and novelist Jacques d'Adelswärd-Fersen was in exile there after being charged with corrupting minors, to the 1960s, when Truman Capote spent time on the island. We also meet the Marquis de Sade, Goethe, Mark Twain, Oscar Wilde, Compton Mackenzie, Rilke, Lenin, and Gorky, among other astonishingly vivid characters. Grounded in a deep intimacy with Capri and full of captivating anecdotes, Jamie James's *Pagan Light* tells how a tiny island served as a wildly permissive haven for people—queer, criminal, sick, marginalized, and simply crazy—who had nowhere else to go.

In an era of bootlegged whiskey and muddled race relations, faith and medicine are failing the patients at the Waverly Hills tuberculosis sanatorium. "Compelling and thought-provoking." --John Burnham Schwartz, author of *Reservation Road* When the body fails, you've got two choices. Send the doctor in, or send a prayer up. But when no miracle arrives, how do you pull out a measure of hope? Dr. Wolfgang Pike would love nothing more than to finish the requiem he's composing for his late wife, but the ending seems as hopeless as the patients dying a hundred yards away at the Waverly Hills Tuberculosis sanatorium. If he can't ease his own pain with music, he tries to ease theirs -- but his boss thinks music is a waste, and in 1920s Louisville, the specter of racial tensions looms over everything. When a retired concert pianist arrives, Wolfgang is thrust into an orchestra of the most extraordinary kind that emerges to change everything.

T. Kingfisher meets Cassandra Khaw in a chilling horror novel that illustrates the fine line between humanity and monstrosity. Blackwood mansion looms, surrounded by nightmare pines, atop the hill over the small town of Crooked Tree. Ben Bookman, bestselling novelist and heir to the Blackwood estate, spent a weekend at the ancestral home to finish writing his latest horror novel, *The Scarecrow*. Now, on the eve of the book's release, the terrible story within begins to unfold in real life. Detective Mills arrives at the scene of a gruesome murder: a family butchered and bundled inside cocoons stitched from corn husks, and hung from the rafters of a barn, eerily mirroring the opening of Bookman's latest novel. When another family is killed in a similar manner, Mills, along with his daughter, rookie detective Samantha Blue, is determined to find the link to the book—and the killer—before the story reaches its chilling climax. As the series of "Scarecrow crimes" continues to mirror the book, Ben quickly becomes the prime suspect. He can't remember much from the night he finished writing the novel, but he knows he wrote it in The Atrium, his grandfather's forbidden room full of numbered books. Thousands of books. Books without words. As Ben digs deep into Blackwood's history he learns he may have triggered a release of something trapped long ago—and it won't stop with the horrors buried within the pages of his book.

"A compelling and thought-provoking novel that will move and inspire readers of all kinds." -John Burnham Schwartz, author of *Reservation Road* When the body fails, you've got two choices. Send a doctor in, or send a prayer up. And if neither works? You'll find Dr. Wolfgang Pike at his piano. Music has always been Wolfgang's refuge. It's betraying him now, as he struggles to compose a requiem for his late wife, but surely the right ending will come to him. Certainly it'll come more quickly than a cure for his patients up at Waverly Hills, the tuberculosis hospital, where nearly a body an hour leaves in a coffin. Wolfgang can't seem to save anyone these days, least of all himself. Sometimes we just need to know we're not the only ones in the fight. A former

concert pianist checks in, triggering something deep inside Wolfgang, and spreading from patient to patient. Soon Wolfgang finds himself in the center of an orchestra that won't give up, with music that won't stop. *A White Wind Blew* delivers a sweeping crescendo of hope in a time of despair, raising compelling questions about faith and confession, music and medicine, and the undying force of love.
