## LOPEZ JONAS

PIRATE ATTACK Tom' Tips on Security, Safety & Scams for Round the World Sailors. i Hachette UK

WHEN HER SECRET COMES TO THE SURFACE, CAN HER FAMILY SURVIVE IT? The tender, immersive and beautifully observed international bestseller, perfect for fans of Liane Moriarty, Marian Keyes, and Carley Fortune. "Oh. My. God. The opening of this story was phenomenal. I was hooked from that first chapter, well done Anne Tiernan!" 5 star Goodreads review "Wow!!!! I basically couldn't put this book down. Started it last night and I just finished it. Spent the entire day glued to it" Goodreads review "It is so very brilliantly written. It's one that will stay with me for a long time" 5 star Goodreads review Meet the Tobin family ... Joy, the complicated, troubled mother She's spent her life running from her past while trying to raise her children as best she can. Conor, the high-achieving eldest child A high-profile media figure and CEO, he's walking a fine line between self-promotion and self-detonation. Frances, the 'perfect' middle child Now a wife and mother, she's about to make a mistake that could destroy her marriage. Youngest daughter, Sinead, the acclaimed writer Wrestling with writer's block, she resorts to desperate measures to deliver her next bestselling book to her publishers. When Joy's children receive the news that she has only days to live, they rush to her side, bringing with them all of the dysfunction and hurt they have been carrying since their childhoods. Each of them is at a crossroads in their lives - but there's one more secret about their mother they need to learn. Will they finally be able to forgive their mother and, in doing so, face their futures together? A stunning novel about complex family dynamics, the intricacies of motherhood, marriage, and infidelity, and the lingering power of past trauma, which echoes down generations. 'Deeply moving and full of hope, this book broke my heart a little' Jacqueline Bublitz 'The Last Days of Joy examines family, mental health and motherhood and is already being described as a worthy successor of Meg Mason's Sorrow And Bliss' Irish Independent 'The Last Days of Joy is a page turner, portraying the madness and messiness of family life. This novel is full of humanity, its cast of characters all at the centre of tragedy, but coupled with Tiernan's deliciously dark humour and sharp observations on modern life--it works brilliantly. I loved it!' Elaine Feeney 'Moving, funny, sharp, and beautifully written, The Last Days of Joy is an absolutely stunning debut. I laughed and cried my way through and can't wait to read the next Anne Tiernan' Andrea Mara 'A bittersweet tale of family betrayal and healing that will keep you engrossed to the last word' Irish Mail on Sunday 'This is Tiernan's first novel, but you wouldn't know it from the skilled storytelling, and the real

wisdom that lies alongside a vein of dark humour' Sunday Independent 'The Last Days of Joy is a debut of fluent prose, discerning insights and colourful characterisation. Each of the siblings is distinctly drawn; Tiernan has a nose for engrossing scenarios that will keep readers turning the pages' Irish Times

I know something about you without knowing you. I bet you spend A LOT of time in your head. You know, thinking, worrying, stressing, freaking out -- call it whatever you want. I call it a preoccupied mind. And with what? 99% of your thoughts are useless. William James, once the leading psychologist in America, and one of the founders of the philosophical school of pragmatism, put it best: "A great many people think they are thinking when they are merely rearranging their prejudices." Pragmatism believes that the mind is a tool. Your mind should work for you, not against you. People who don't master their mind, don't believe it's possible. They say: "I can't help but thinking these things." Well, you can TAKE CONTROL of your mind with enough practice. I've done it. And in THINK STRAIGHT, I share exactly how. It's a quick read and you can use it to immediately to improve your thinking. You have the ability to decide what you think. Or, you can choose NOT to think. And that is one of the most important and most practical things you can learn in life. Before I learned that skill, I would spend hours and hours inside my head. Just think about how much you think. - "I wonder what my boss thinks?" - "What happens if I screw up and lose my job?" - "What if my business never takes off?" - "Does she love me?" - "Why does my life suck?" - "What if I get cancer?" - "I can't finish anything. What's wrong with me? And the list goes on. THINK STRAIGHT reveals the recipe for taking control of your mind so you can improve your life, career, relationships, business. I wrote this little book in a way that you can read it more than once. And I hope that this book serves as an anchor to you--especially during trying times. The mind is the most powerful tool on earth. Change the way you think. And you'll change your life.

**Project Download** Xlibris Corporation

A no-nonsense introduction to software design using the Python programming language. Written for people with no programming experience, this book starts with the most basic concepts and gradually adds new material. Some of the ideas students find most challenging, like recursion and object-oriented programming, are divided into a sequence of smaller steps and introduced over the course of several chapters. The focus is on the programming process, with special emphasis on debugging. The book includes a wide range of exercises, from short examples to substantial projects, so that students have ample opportunity to practise each new concept. Exercise solutions and code examples are available from thinkpython.com, along with Swampy, a suite of Python programs that is used in some of the

exercises.

**How to Think Straight about Psychology** Hachette UK

'A remarkable, authentic and chilling exposé of a global conspiracy that reads like a first-rate conspiracy thriller: a book of gripping, compulsive and disturbing impact' William Boyd Dark Mirror is the ultimate inside account of the vast, global surveillance network that now pervades all our lives. Barton Gellman's informant called himself 'Verax' - the truth-teller. It was only later that Verax unmasked himself as Edward Snowden. But Gellman's primary role in bringing Snowden's revelations to light, for which he shared the Pulitzer prize, is only the beginning of this gripping real-life spy story. Snowden unlocked the door: here Gellman describes what he found on the other side over the course of a years-long journey of investigation. It is also the story of his own escalating battle against unknown digital adversaries after he discovered his own name on a file in the leaked document trove and realised that he himself was under attack. Through a gripping narrative of paranoia, clandestine operations and jaw-dropping revelations, Dark Mirror delineates in full for the first time the hidden superstructure that connects government espionage with Silicon Valley. Who is spying on us and why? Here are the answers.

**Cutting Down: A CBT workbook for treating young people who self-harm** Lulu.com

A complete guide to the growing phenomenon of internet-based music distribution and the art of downloading, with details of the

programs, products and websites and what they can do for you. Using clear terms and concise language, Steve Levine's book is a one-stop resource for everybody interested in this new and exciting technology. Developing from the file-sharing culture of the internet, downloading music has become one of the biggest methods of distribution of the modern music industry, but what is it, and how does it all work? Written by an expert in the field, this comprehensive guide explains the basics, walks you through the essentials like iPod and iTunes, and will help you make informed choices when purchasing new music online. How does downloading work? What does iTunes offer that other services don't? What kind of sound quality should I expect? How do I record my downloads onto CD? How much music can I fit on my iPod? How can downloading enhance my own music productions?

Treat yourself to FULL SPEED by Janet Evanovich and Charlotte Hughes. Praise for the FULL series: 'A fine romance with plenty of kisses' Mirror; 'A wild mix of intrigue, sex and pyrotechnics' The Times Their enemies haven't got a prayer... Journalist Jamie Swift and millionaire Max Holt drive each other crazy when they work together - but they just can't stop. Especially when they both have their reasons for wanting to investigate a charismatic preacher with suspected ties to the Mob and a long history with his female church members. The trouble is, someone has got wind of Jamie and Max's snooping around, and is pretty eager to introduce them to their Maker - a lot sooner than either Jamie or Max had planned...

#### *Mother Knows Best* Routledge

This book series contains a blog post for each day of the season. I share many aspects of my life, and that includes struggles, funnies and family moments. I wrote this book to keep track of my daily activities and to remember precious family moments that we never want to forget. Life goes by really fast, it is like someone is turning the hands of time and not giving you a chance to treasure each moment we have in life. Spring 2013 Edition

#### **The Girl In The Forest** Lulu.com

From the pine tree forests in Switzerland, a thriller-romance which will take your sleep away... A sad twist of the destiny catapults Anna, a young Brazilian woman, into a reality greater than her. Driven by desire to help and make the good, she'll find herself slave of human trafficking gangs, in the hands of merciless torturers ready to sell her to the richest bidder. Only using her cunning she'll be able to escape, helped by the Swiss officer Thomas Graff, a man with an icy heart and past he can't leave behind. The crash between two different cultures that will make sparks fly! This is Anna's story, undeservedly a victim like many other women. Among intrigues, betrayal, crimes and games of fate, the young lady will fight for freedom and love. First volume of the Swiss Stories which can be read on its own. Recommended for an adult audience.

#### Think Complexity Carmen Weiz

"Bored and Brilliant shows the fascinating side of boredom. Manoush Zomorodi investigates cutting-edge research as well as compelling (and often funny) real-life examples to demonstrate that boredom is actually a crucial tool for making our lives happier, more productive, and more creative. What's more, the book is crammed with practical exercises for anyone who wants to reclaim the power of spacing out - deleting the Two Dots app, for instance, or having a photo-free day, or taking a 'fakecation'." —Gretchen Rubin, author of #1 New York Times Bestseller *The Happiness Project* "Bored and Brilliant is full of easy steps to make each day more effective and every life more intentional. Manoush's mix of personal stories, neuroscience, and data will convince you that boredom is actually a gift." —Charles Duhigg, author of *The Power of Habit* and *Smarter, Faster, Better* It's time to move "doing nothing" to the top of your to-do list. In 2015 Manoush Zomorodi, creator of WNYC's popular podcast and radio show *Note to Self*, led tens of thousands of listeners through an experiment to help them unplug from their devices, get bored, jump-start their creativity, and change their lives. *Bored and Brilliant* builds on that experiment to show us how to rethink our gadget use to live better and smarter in this new digital ecosystem. Manoush explains the connection between boredom and original thinking, exploring how we can harness boredom's hidden benefits to become our most productive and creative selves without totally abandoning our gadgets in the process. Grounding the book in the neuroscience and cognitive psychology of "mind wandering" what our brains do when we're doing nothing at all—Manoush includes practical steps you can take to ease the nonstop busyness and enhance your ability to dream, wonder, and gain clarity in your work and life. The outcome is mind-blowing. Unplug and read on.

#### Adrenaline Rush Taylor & Francis

Updated to include information and discussion on new technologies and new critical ideas, Jonathon Bignell and Jeremy Orlebar present this excellent critical introduction to the practice and theory of television, which relates media studies theories and critical approaches to practical television programme making. Featuring advice on many aspects of programme making, from initial ideas to post-production processes, and includes profiles to give insight into how people in the industry, from graduates to executives, think about their work. With debates on what is meant by 'quality' television, key discussions include: the state of television today how television is made and how production is organized how new technology and the changing structure of the television industry will lead the medium in new directions the rise of new formats such as Reality TV how drama, sport and music television can be understood.

#### The Television Handbook Hachette UK

Henrik's ambitions were different than anyone else in his field, or as a matter of fact, in the world. He could have simply taken the road to success and had an illustrious career as a neurosurgeon with a model wife, four children and a beautiful home in the suburbs, but he wanted more and was driven by a force that could not be explained. A force to conquer the human brain and communicate with it in ways that would change the world as we know it today. His early experiments had already proven that he could retrieve the memories of the dead, but now he had more ambitious goals. He was on a quest to capture the memories of the living and ultimately provide his subjects with new memories, all without harming them. Memories that he had retrieved from previous subjects. Unfortunately, he could have never predicted the casualties that would occur in the wake of his success.

#### *The Best Outdoor Activities for Families: Wintertime* Troubador Publishing Ltd

Combines development theory with practice through a case study of the West African community of Tostan.

#### **Queering Digital India** SMT

Tala, a London-based Palestinian, is preparing for her elaborate Middle Eastern wedding when she meets Leyla, a young British Indian woman who is dating her best friend. Spirited Christian Tala and shy Muslim Leyla could not be more different from each other, but the attraction is immediate and goes deeper than friendship. But Tala is not ready to accept the implications of the choice her heart has made for her and escapes back to Jordan, while Leyla tries to move on with her new-found life, to the shock of her tradition-loving parents. As Tala's wedding day approaches, simmering tensions come to boiling point and the pressure mounts for Tala to be true to herself. Moving between the vast enclaves of Middle Eastern high society and the stunning backdrop of London's West End, *I Can't Think Straight* explores the clashes between East and West, love and marriage, conventions and individuality, creating a humorous and tender story of unexpected love and unusual freedoms.

#### **Python for Software Design** Sourcebooks, Inc.

Vikram Shetty, a once-brilliant investigative journalist in Bangalore, is on a downward spiral. His stories have dried up and his career is nearly over. A leading supermodel is brutally murdered and the story is forced upon a reluctant Vikram. His editor knows only the tenacity of Vikram's once-brilliant mind can unravel the impossible skein. Vikram's investigation seems to be going nowhere until he has a chance encounter with a girl suffering from nightmares about the gory murder. But nightmares have a habit of coming true and soon, Vikram is thrust into a nightmare of his own. He must unravel the mystery and find the killer. Unfortunately, there is a clock ticking and without Vikram knowing it, the countdown has begun.

#### **S.U.C.C.E.S.S.** Prentice Hall

Round the World cruising yachtsmen are targets for sea robberies from opportunist fishermen to being held hostage by ruthless extremists who chop heads off if huge ransom money is not paid. Tom's Tips gives some practical ideas to minimize such attacks. Everything from making dummy crewmen to sit in the cockpit at night to fixing an electric fence around your yacht to deter boarding, are all covered in this book. A must read for all intending to start cruising to exotic destinations and a useful book for those already afloat on the other side of the world.

#### Expose Your Hidden Talents Cambridge University Press

'Based on a true story... It just hasn't happened yet.' Imagine the ultimate app: a futuristic quantum supercomputer that secretly connects you to an alien Internet! Now your avatar can explore the entire universe - riding waves of code thousands of feet high - on rocket powered surfboards - faster than the speed of light!

Meet Pi Lightfoot... When she and science collide - there's nothing in the world that can't happen! "What a fantastically enthralling, charming, funny and frolicsome read. In Pi Lightfoot, Nick Gilador has created a genuinely original and unforgettable hero. Hugely recommended." - Stephen Fry, actor, author, broadcaster. "Pi Lightfoot is my kinda gal. Feisty and funny... I was gripped!" - Julian Clary, comedian, actor, author. "Young readers will enjoy the adventures of Pi Lightfoot tremendously, it's the kind of book I would have absolutely loved as a child. She is a terrific heroine." - Emma Pass, author of *Acid* and *The Fearless*.

#### **The Television Handbook** Edinburgh University Press

I am an advocate of 'self-improvement, the straightening out process and the bigger picture where spirituality is concerned. Even though it may appear; I'm a controversial writer, the reality is: I only state clear and precise true facts. In these modern times, I believe that too many people become seriously caught up in this 'global fast paced world' of technology. Most people are trapped in error. Many people don't creatively thrive. Many people are not consciously aware that they are programmed and conditioned to think in a humanistic robotic fast pace way. People become trapped in their ruts. The world is seriously confused. This is a world that is dangerously losing its way. Christian values seriously need to be brought back into the world. In this book, I encourage hobbies and therapy techniques, for the purpose of logic and constructive thoughts. I also analyze conscious thought, open-mindedness and new awareness through natural logic and reasoning. In order for a person to break away from distracted error; (a person should use their own intelligence, logic and common sense, find out the absolute truth involving the facts; also use God's Wisdom; pray, be open minded, find true spiritual direction, also become self educated, learn new awareness & find graceful hope with God.) As a writer, I continue working towards the cause of: a better world. I created some amazing profound parts of this book, through divine providence granted to me from the grace of God.

#### The Lion in the Living Room Routledge

Doesn't radical Islamic terrorism deserve a worthy Christian opponent? What will a Russian call-girl demand from the director of the Topkapi Museum as compensation for a night of ultimate pleasure? Is her lucrative fee the control of a sacrilegious ancient document, or something infinitely more sinister? Can two retired WW II veterans retain their cool and spoil her devilish plans or will they succumb to her treacherous charms and become the latest innocent tourist casualties of the war on terror? If an interest in similar questions exists or if a trip to Istanbul is contemplated in the near future, this book serves well both as a travel guide and as a warning of what might happen to a tourist in the City of the World's Desires. P. S. Garbol
