Jugari Cross is a suspense
thriller woven around the

occur with an ordinary

The rough English translation of Kamasutra is pleasure (kama) treatise (sutra). In an ocean where myriads of rivers converge, can one sole river lend the ocean its distinct flavour? For someone who is at home with several languages, literary traditions and disciplines, is it possible for one form to criss-cross the landscape of another? In a poet's world of mirrors, where stream and earth are sky, one may 'sometimes count

every orange on a tree', but can one count 'all the trees in a single orange'? In this volume, Guillermo Rodríguez explores these possibilities by analysing the works of one of India's finest poets, translators, essayists and scholars of the twentieth century, A.K. Ramanujan (1929-1993).

In 1998, a book was published that was surprisingly ahead of its times. It was called India 2020 and proposed that India could soon be one of the top five economies of the world. The nation had set off a series of nuclear tests and was facing worldwide sanctions. A new government had taken charge, and the economy was facing a

tough time. It was not the best of times to predict that India had it in her to get on the fast track to development. The vision presented in the book would go on to inspire, directly or indirectly, many sectors of the economy to work for and achieve high growth. The book has since sold hundreds of thousands of copies. In *A Manifesto for Change*, its author A.P.J. Abdul Kalam, writing with co-author V. Ponraj, offers a sequel. As focused then as now on his dream of a developed India by 2020,

the eleventh President of India examines what we need to get right to accomplish that essential goal: harnessing the stupendous energy of our youth to contribute to growth, a united Parliament that makes full use of its time for constructive debate and rises above petty party politics to achieve the larger national vision, and a plan of action that looks at development from the grassroots to giant strides in infrastructure and bridging the urban-rural disparity. It is time to

leave behind the politics of antagonism and disruption behind, he suggests. As reward: a developed India as befits this beautiful land.
