Ein neues Bild Martin Luthers, eine einfühlsame, mehrfach ausgezeichnete Biographie, die uns Luther so nahe bringt wie nie zuvor. Hier erfahren wir, wer Luther wirklich war und warum gerade er zum großen Reformator wurde, der die Welt aus den Angeln hob. Die renommierte Oxford-Historikerin Lyndal Roper hat sich aufgemacht, Luthers ganze Persönlichkeit zu verstehen, seine innere Welt und die Beziehungen zu seinen Freunden nachzuvollziehen. Dafür hat sie seine Schriften und vor allem seine Briefe noch einmal neu gelesen und zahlreiche Dokumente über Luther und sein Umfeld ausgewertet. Sie schildert den

Reformator als Mann, der mit beiden Beinen im Leben stand, als Menschen aus Fleisch und Blut. Für Luther waren der Körper und die Sexualität Teil des Mensch-Seins, er wollte den Körper vom Makel der Sünde befreien. Sein Glaube an die Einheit von Körper und Geist führt zum Kern seiner Theologie, der zu einem der großen Streitpunkte des Christentums werden sollte: Luthers unumstößliche Überzeugung, dass Christus bei der Eucharistie leibhaftig anwesend ist. Erst durch die lebendige Darstellung von Luthers innerer Entwicklung wie auch seiner Beziehungen und Freundschaften wird deutlich, warum und wie es zur Reformation kommen konnte. Eine großartige Lektüre, ein Lesevergnügen für alle, die Luther und die Reformation neu entdecken oder erstmals kennen lernen wollen – eine neue Luther-Biographie für unsere Zeit. Opulent ausgestattet mit mehr als 100 Abbildungen in Schwarzweiß und Farbe. »Ein brillanter Blick auf Luther als

Mensch.« Professor Dr. Karl-Heinz Göttert »Lyndal Roper bürestet Luther gegen den Strich und legt neue, bislang unerkannte Facetten des großen Reformators frei.« Professor Dr. Thomas Kaufmann »Lyndal Roper ... zählt zu den prägenden Gestalten der internationalen Geschichtswissenschaft.« Aus der Begründung der Jury zur Verleihung des Gerda Henkel Preises 2016 an Lyndal Roper

A History of Christianity examines the development of Christianity from its biblical foundations to modern times. While seeking to be comprehensive, historian Joseph Early Jr. centers on key events, people, theological developments, and conflicts that have shaped Christianity over its two-thousand-year history. He also presents the development of Christianity within the social, political, and economic challenges of the times. In doing so, he paints a clear, detailed, and balanced picture of the opportunities and struggles faced by the church and the contributions made by significant people, institutions, and traditions. A History of Christianity is an ideal introductory survey for undergraduate students and any reader who desires to know more about the broad scope of Christianity.

A fascinating history of the growth in monastic and papal power that preceded the Crusades—excerpted from Diarmaid MacCulloch's award-winning New York Times bestseller, Christianity: The First Three Thousand Years. A product of electrifying scholarship conveyed with commanding skill, Diarmaid MacCulloch's Christianity: The First Three Thousand Years stretches from the Greek Platonists and the origins of the

Hebrew Bible to the present and encompasses the globe. In this excerpt, MacCulloch chronicles the rise of monasteries like the great Cluny Abbey, which formed orders that reached across secular kingdoms, enjoying exclusive papal privileges and encouraging their followers to make pilgrimages among towering cathedrals and far-flung shrines. Meanwhile, the introduction of the tithe, expanding control over marriage, and a new emphasis on Purgatory brought penitent parishioners even closer to the Church and dependent on ministry. By the time Pope Urban II launched the First Crusade, the practice of indulgences had made possible his grant that all who died in a state of repentance and confession while fighting would gain immediate entry into heaven. Holy War spawned whole new orders, most famously the Knights Templar and the Knights Hospitaller, as soldiers from across Europe joined the campaigns of conquest toward Jerusalem. The many causes and consequences of these clashes between Christianity and Islam are captured here in illuminating detail with elegance and wit. Diarmaid MacCulloch's latest book, Silence: A Christian History, is available from Viking.

A Short Introduction to the History of Christianity SCM Press

This superb volume provides the first genuinely global one-volume history of the rise and development of the Christian faith. An international team of specialists takes seriously the geographical diversity of the Christian story, discussing the impact of Christianity not only in the West but also in Latin America, Africa, India, the Orient and Australasia.

Diarmaid MacCulloch, acknowledged master of the big picture in

Christian history, unravels a polyphony of silences from the history of Christianity and beyond. He considers the surprisingly mixed attitudes of Judaism to silence, Jewish and Christian borrowings from Greek explorations of the divine, and the silences which were a feature of Jesus's brief ministry and witness. Besides prayer and mystical contemplation, there are shame and evasion; careless and purposeful forgetting. Many deliberate silences are revealed: the forgetting of histories which were not useful to later Church authorities (such as the leadership roles of women among the first Christians), or the constant problems which Christianity has faced in dealing honestly with sexuality. Behind all this is the silence of God; and in a deeply personal final chapter, MacCulloch brings a message of optimism for those who still seek God beyond the clamorous noise of over-confident certainties.

Charting the rise and development of Christianity, Carter Lindberg has succeeded in writing a concise and compelling history of the world's largest religion. He spans over 2,000 years of colorful incident to give an authoritative history of Christianity for both the general reader and the beginning student. Ranges from the missionary journeys of the apostles to the televangelism of the twenty-first century. Demonstrates how the Christian community received and forged its identity from its development of the Bible to the present day. Covers topics fundamental to understanding the course of Western Christianity, including the growth of the papacy, heresy and schism, reformation and counter-reformation. Includes an introduction to the historiography of Christianity, a note on the problems of

periodization, an appendix on theological terms, and a useful bibliography. An authoritative yet succinct history, written to appeal to a general audience as well as students of the history of Christianity. Written by internationally regarded theologian, Carter Lindberg, who is the author of numerous titles on theology and Church history.

Reformation: A History Penguin UK

Examines the interaction between Christianity and the secular world, covering four major periods in Christian history: The Imperial Church (300-500); the Medieval Church (1050-1250); the Reformation Church (1450-1650); and the Modern Church (1800-2000).

The Reformation Random House

The New York Times bestseller and definitive history of Christianity for our time—from the award-winning author of *The Reformation and Silence* A product of electrifying scholarship conveyed with commanding skill, Diarmaid MacCulloch's Christianity goes back to the origins of the Hebrew Bible and encompasses the globe. It captures the major turning points in Catholic, Protestant, and Orthodox history and fills in often neglected accounts of conversion and confrontation in Africa, Latin America, and Asia. MacCulloch introduces us to monks and crusaders, heretics and reformers, popes and abolitionists, and discover Christianity's essential role in shaping human history and the intimate lives of men and women. And he uncovers the roots of the faith that galvanized America, charting the surprising beliefs of the founding fathers, the rise of the Evangelical movement and of Pentecostalism, and the recent crises within the Catholic Church. Bursting with original insights and a great

pleasure to read, this monumental religious history will not soon be surpassed.

Contesting Orthodoxies in the History of Christianity Abingdon Press

The Reformation was the seismic event in European history over the past 1000 years, and one which tore the medieval world apart. Not just European religion, but thought, culture, society, state systems, personal relations - everything - was turned upside down. Just about everything which followed in European history can be traced back in some way to the Reformation and the Counter-Reformation which it provoked. The Reformation is where the modern world painfully and dramatically began, and MacCulloch's great history of it is recognised as the best modern account.

Das Urchristentum im Rahmen der antiken Religionen B&H Publishing Group

Christianity is a global faith. Today, people are increasingly aware that Christianity extends far beyond Europe and North America, permeating the Eastern and Southern hemispheres. What we may know less well is that Christianity has always been a global faith. A vast untold story waits to be heard beyond the familiar tale of how the Christian faith spread across Europe. Not only was Jesus born in Asia, but in the early years of the church Christianity found fertile soil in Africa and soon extended to East Asia as well. In this brief introduction to world Christian history, Derek Cooper explores the development of Christianity across time and the continents. Guiding readers to places like Iraq, Ethiopia and India, Scandanavia, Brazil and Oceania, he reveals the fascinating—and often surprising—history of the church.

The First Thousand Years Penguin UK

Describes the first 1,000 years of Christian history, from the early practices and beliefs through the conversion of Constantine as well as documenting its growth to communities in Ethiopia, Armenia, Central Asia, India and China.

First published in 1976, Paul Johnson's exceptional study of Christianity has been loved and widely hailed for its intensive research, writing, and magnitude—"a tour de force, one of the most ambitious surveys of the history of Christianity ever attempted and perhaps the most radical" (New York Review of Books). In a highly readable companion to books on faith and history, the scholar and author Johnson has illuminated the Christian world and its fascinating history in a way that no other has. Johnson takes off in the year AD 49 with his namesake the apostle Paul. Thus beginning an ambitious quest to paint the centuries since the founding of a little-known 'Jesus Sect', A History of Christianity explores to a great degree the evolution of the Western world. With an unbiased and overall optimistic tone, Johnson traces the fantastic scope of the consequent sects of Christianity and the people who followed them. Information drawn from extensive and varied sources from around the world makes this history as credible as it is reliable. Invaluable understanding of the framework of modern Christianity—and its trials and tribulations throughout history—has never before been contained in such a captivating work.

Tim Dowley's masterful one-volume survey of church history is now available in a new concise format designed with today's

student in mind. Each section of Dowley's Introduction to the History of Christianity has been reviewed and content edited to create a more compact summary of Christian history. This new, shorter introduction retains the full-color format of the popular full edition, including the third edition's new images and maps. Dowley has assembled a global cast of respected scholars to write the full story of the rise of the Christian faith and to provide a rounded picture of the worldwide development of Christianity. The volume has been praised as accurate, scholarly, and balanced. Its writers are committed to Christianity but also to the unhindered pursuit of truth that does not avoid the darker aspects of the varied story of Christianity. The accessible text is supported by detailed timelines, maps, profiles of key figures in Christianity, colorful images, and a complete glossary. Each section includes questions for discussion.

A New History of Christianity InterVarsity Press

This book is a history of Christianity from its earliest beginnings to the end of the twentieth century. The book provides students with an introduction to the many persons, places, movements, and events necessary for the telling of our story, the story of the Church. This history of Christianity is told in its essentials, simply and straightforwardly for students with little or no experience in the academic study of religion. It is a story told within the complex contexts of larger world events and world cultures, but defined and simplified by attention to those developments which have proven most influential for the past and present shaping of Church thought and practice. The book is a comprehensive and definitive introduction to the history of Christianity. It provides students with the necessary outline and description of the broad

sweep of movements and periods in this history, but it also pauses at important points to provide details about the lives of Christians as lived at various times and in various locations. This story is told in easy-to-understand prose and with illustrative photographs, maps and charts.

Das goldene Zeitalter des Christentums Simon and Schuster
 Diarmaid MacCulloch's epic, acclaimed history *A History of Christianity: The First Three Thousand Years* follows the story of Christianity around the globe, from ancient Palestine to contemporary China. How did an obscure personality cult come to be the world's biggest religion, with a third of humanity its followers? This book, now the most comprehensive and up to date single volume work in English, describes not only the main facts, ideas and personalities of Christian history, its organization and spirituality, but how it has changed politics, sex, and human society. Taking in wars, empires, reformers, apostles, sects, churches and crusaders, Diarmaid MacCulloch shows how Christianity has brought humanity to the most terrible acts of cruelty - and inspired its most sublime accomplishments. 'A

stunning tour de force' Simon Sebag Montefiore, Sunday Telegraph Books of the Year 'A landmark in its field, astonishing in its range, compulsively readable, full of insight ... It will have few, if any, rivals in the English language' Rowan Williams, Archbishop of Canterbury, Guardian 'A prodigious, thrilling, masterclass of a history book' John Cornwell, Financial Times 'Essential reading for those enthralled by Christianity and for those enraged by it' Melvyn Bragg, Observer, Books of the Year 'Magnificent ... a sumptuous portrait, alive with detail and generous in judgement' Richard Holloway, The Times Diarmaid MacCulloch is Professor of the History of the Church at Oxford University. His Thomas Cranmer won the Whitbread Biography Prize, the James Tait Black Prize and the Duff Cooper Prize. He is the author most recently of *Reformation: Europe's House Divided 1490 - 1700*, which won the Wolfson Prize for History and the British Academy Prize.

Monks, the Pope, and the Origins of the Crusades Macmillan
A short but powerful study of one of the great watersheds of European history. Although for generations the Reformation was regarded as a major turning point in European history, in recent years its significance has been downgraded. But in this book Professor Collinson sets out to restore a sense of the Reformation as a momentous historical event. He brilliantly explores the complexities and corruption of the late-medieval Catholic Church - and the Europe-wide reform movement which produced Lutherans, Calvinists, Huguenots, Presbyterians and the Church of England, and which profoundly shaped the identity of the emerging nation-states of Europe.

An Introduction to the History of Christianity Penguin UK

'This is the biography we have been awaiting for 400 years' Hilary Mantel Thomas Cromwell is one of the most famous - or notorious - figures in English history. Born in obscurity in Putney, he became a fixer for Cardinal Wolsey in the 1520s. After Wolsey's fall, Henry VIII promoted him to a series of ever greater offices, and by the end of the 1530s he was effectively running the country for the King. That decade was one of the most momentous in English history: it saw a religious break with the Pope, unprecedented use of parliament, the dissolution of all monasteries. Cromwell was central to all this, but establishing his role with precision, at a distance of nearly five centuries and after the destruction of many of his papers at his own fall, has been notoriously difficult. Diarmaid MacCulloch's biography is much the most complete and persuasive life ever written of this elusive figure, a masterclass in historical detective work, making connections not previously seen. It overturns many received interpretations, for example that Cromwell was a cynical, 'secular' politician without deep-felt religious commitment, or that he and Anne Boleyn were allies because of their common religious sympathies - in fact he destroyed her. It introduces the many different personalities of these foundational years, all conscious of the 'terrifyingly unpredictable' Henry VIII. MacCulloch allows readers to feel that they are immersed in all this, that it is going on around them. For a time, the self-made 'ruffian' (as he described himself) - ruthless, adept in the exercise of power, quietly determined in religious revolution - was master of events. MacCulloch's biography for the first time reveals his true place in the making of modern England and Ireland, for good and ill.

Lower than the Angels Klett-Cotta

Although the young Edward VI's death in 1553 led to resounding defeat for his Protestant allies, his reign has a significance out of all proportion to its brief six-year span. For during its course England's rulers let loose an explosive form of Christianity within the realm. In this lavishly illustrated book, MacCulloch underlines the significance of Edward's turbulent and neglected reign. As well as the young king's life and beliefs he takes a fresh look at the ruthless politicians who jostled for position around him and explores the strange afterlife of Edward's attempt at the religious transformation of his kingdom. In this MacCulloch traces a connection through the civil wars of the 17th century up to the present day.

A New History of Christianity Klett-Cotta

Examines the pursuit of orthodoxy, and its consequences for the history of Christianity. Christianity is a hugely diverse and quarrelsome family of faiths, but most Christians have nevertheless set great store by orthodoxy - literally, 'right

opinion' - even if they cannot agree what that orthodoxy should be. The notion that there is a 'catholic', or universal, Christian faith - that which, according to the famous fifth-century formula, has been believed everywhere, at all times and by all people - is itself an act of faith: to reconcile it with the historical fact of persistent division and plurality requires a constant effort. It also requires a variety of strategies, from confrontation and exclusion, through deliberate choices as to what is forgotten or ignored, to creative or even indulgent inclusion. In this volume, seventeen leading historians of Christianity ask how the ideal of unity has clashed, negotiated, reconciled or coexisted with the historical reality of diversity, in a range of historical settings from the early Church through the Reformation era to the twentieth and twenty-first centuries. These essays hold the huge variety of the Christian experience together with the ideal of orthodoxy, which Christians have never (yet) fully attained but for which they have always striven; and they trace some of the consequences of the pursuit of that ideal for the history of Christianity.
