Microfinance in India provides an informative and holistic status of microfinance in the country and suggests a road map for the future. A valuable source of information for policy makers, Finance and Management students, and professionals alike, it is a collection of essays by experts from diverse backgrounds on topical themes that capture the complexities of the continuously evolving microfinance sector in India. It covers major microfinance delivery models in an unbiased manner through well-researched articles. The book provides an overview on microfinance institutions and measures that help promote the same. Among other things, it reflects upon the challenges faced by the dominant credit delivery model, i.e., SHG-Bank Linkage Programme and issues related to the emerging microfinance institutions (MFIs). It also dwells upon innovations in the microfinance sector and the efforts being made to evolve new models such as SHG Federations.
