In the golden years of

professional football,

one team and one

coach reigned

supreme: the 1960s

Green Bay Packers,

and the fiery Vince

Lombardi. Run to

Daylight! is Lombardi's

own diary of a week at the helm of that magnificent club. Together with legendary sports-journalist, W.C. Heinz, Lombardi takes us from the first review of game films on Monday right through the final gun on Sunday afternoon. We see the planning, the plotting, the practice and the pain as forty-plus men come together to form that precision unit that makes for winning football. Lombardi gives us his views on life, the game, coaching, success, family, and the famed "Lombardi Sweep." Now, in this anniversary edition, with a special foreword by David Maraniss, we are once again reminded of the passion and power behind America's

greatest game. Written in W.C. Heinz's inimitable style, *Run to Daylight!* is part diary, part philosophy text, part coaches manual. Here, is professional football at its best. [Wishbone Wisdom](#) Coaches Choice Plattsmouth, Nebraska lies at the confluence of the Platte and Missouri rivers. The people of Plattsmouth are proud of their small towns rich history, of their strength and determination as a community. They also share something that larger towns cannot, something that for generations has helped unite them and shape their very lives. What they share is a community-wide excitement on fall Friday nights, the rush of a close game, the heartbreaking losses,

the exhilaration of a big win what they share is the Plattsmouth Blue Devils. Go Blue Devils!: A History of Plattsmouth High School Football, 1893-1979, by former Plattsmouth resident Jim Elworth, presents a one-of-a-kind account of a high school football team and the town that has rallied around it for more than one hundred years. Elworth's comfortable and at times humorous prose brings us season after season of game-day excitement, rendered in detail from years of researching and writing. But Go Blue Devils! is more than a story of game scores. It is a history of accomplished, hard working, down-to-earth townspeople. It is a history of the town

itself, told through the exploits of local boys giving their all on the fields of sport. It is a story of those local boys inspiring their community and going on to live rich, positive and valuable lives.

Split-field coverages are nothing new. Many coaches around the country run them at all levels of play, but there are not many resources on how to teach them. In Cody Alexander's third book, he breaks down how to teach the many varieties of Quarters coverage. From simple match-Quarters to defending Empty and Quads formations, Coach Alexander's breaks it down and

simplifies the concepts for any coach. Xs and Os are great, but the players must still execute and the coach must know when to use each scheme.

Match Quarters: A Modern Guidebook to Split-Field Coverages, allows anyone interested in football to have a deeper understanding of the game itself and why each coverage is used. Along with the basics, Coach Alexander gives you multiple tags and variations within each family (Cover 4 and Cover 2). Come learn the Art of X.

When coach Nick

Saban arrived in

and the top source of NFL talent while simultaneously graduating its players. No other program has won more games, captured more awards, or come close to approaching the kind of consistent success as the Crimson Tide. In *Nick Saban vs. College Football*, author Christopher Walsh not only explains what separates Saban from his peers and compares his accomplishments to some of the all-time legends, but tells why, if there were a Mount Rushmore of college football coaches, Saban's face would already be on it. From his upbringing in West Virginia to his relationship with legendary coach Bill Belichick, &“the process&” has not only

led to Saban having a statue along Alabama's &“Walk of Champions&” in front of Bryant-Denny Stadium, but the establishment of a new standard that may be unparalleled in college football history.

The QB-RB mesh is one of the most universal, and under coached, skills in modern football. From Flexbone/Wing-T based option attacks to Spread Zone Read concepts the mesh is the one skill that must be mastered to have an effective offense. The mesh is the one skill with the highest return on investment for coaching time. If done successfully a well read and executed mesh can cancel out up to three players. A poorly read mesh will result in a loss of yards in a best case scenario, and a turnover in a worst case scenario.

Coaching the Quarterback Mesh

gives coaches a system to teach this skill by breaking it down into five steps. These steps are then broken down further where the specific coaching points for each step are detailed. Lastly the book takes the system and applies it to the main plays that have a QB-RB mesh. This includes; Midline, Inside Veer, Outside Veer, Inside Zone, Outside Zone and Inverted Power. Take the next step in coaching your Quarterbacks and created a high powered offense with *Coaching the Quarterback Mesh. The Case for College Football's Greatest Coach* Coaches Choice Books

This course provides the foundation of Coach Simpson's offensive philosophy. Coach believes in the monikers that "Less is More" and the "Rule of 3", which both were evident in the explanation of the offense. His explanations were clear and concise, and the presentations were easy to follow." - Todd Knipp "This is absolutely amazing. Coach Simpson does an excellent job of

explaining his system. Whether your a young coach or an experienced coach this is must see. You can easily see why he is a successful coach. His detail an organization is on point and I cannot wait to learn more from Coach Simpson." - Mike Kloes "I've been following coach Simpson for a while now and it's very clear to me that even though I may not be a HC, we have similar philosophies. If you are a Wing T guy looking for ways to "Modernize" your offense, or a Spread guy looking for an effective and efficient run game this is the offense you should be looking at!" - Coach Sheffer "The course by Coach Simpson was quite helpful. As the new Head Coach of a
