The Confession of Mr. Darcy, Vampire Simon and Schuster

This carefully edited collection has been designed and formatted to the highest digital standards and adjusted for readability on all devices. Edward Frederic Benson (1867-1940) was an English novelist, biographer, memoirist, archaeologist and short story writer. He achieved the big success with his first novel, the fashionably controversial *Dodo*, and also with its sequels, but the greatest success came relatively late in his career with the Mapp and Lucia series. Benson was also known as a writer of

atmospheric, oblique, and at times humorous or satirical ghost stories. For decades, James Joyce's modernism has overshadowed his Irishness, as his self-imposed exile and association with the high modernism of Europe's urban centers has led critics to see him almost exclusively as a cosmopolitan figure. In Joyce's *Ghosts*, Luke Gibbons mounts a powerful argument that this view is mistaken: Joyce's Irishness is intrinsic to his modernism, informing his most distinctive literary experiments. Ireland, Gibbons shows, is not just a source of subject matter or content for Joyce, but of form itself. Joyce's stylistic innovations can be traced at least as much to the tragedies of Irish history as to the shock of European modernity, as he explores the incomplete project of inner life under colonialism. Joyce's language, Gibbons reveals, is haunted by ghosts, less concerned with the stream of consciousness than with a vernacular interior dialogue, the "shout in the street," that gives room to outside voices and shadowy presences, the disruptions of a late colonial culture in crisis. Showing us how memory under modernism breaks free of the nightmare of history, and how in doing so it gives birth to new

forms, Gibbons forces us to think anew about Joyce's achievement and its foundations.

 In Evelyn Lozada and Holly Lorincz's lightly inspired *Pride and Prejudice* romantic comedy, two unlikely people discover the error of judging by first impressions and the beauty of family, friendship and love. This book will entice you through the last page. Hara Isari has big ambitions and they won't be sidetracked by her mother's insisting that she settle down soon. She dreams of leaving her small-town newspaper behind, as well as her felon father, and building a career as a sports writer, so when she is chosen to exclusively interview a basketball superstar, she jumps at the chance. It's time to show the bigwigs what she's truly made of. At the same time, she meets a rookie on the rise, Derek Darcy. Darcy is incredibly handsome, obnoxiously proud, and has a major chip on his shoulder. Hara can't think of a man more arrogant and infuriating. However, fate keeps bringing them together—from locker rooms to elegant parties, to the storm of the century—and what begins as a clash might just be more complicated than Hara anticipated. When she begins to see Darcy in a new light, Hara is not quite sure if she should drop the ball or play the love game.
