Barakatud Du'a or The Blessings of Prayer, written by the Promised Messiah in 1893, is a refutation of Sir Sayyid Ahmad Khan's view that there is no such thing as the acceptance of prayer, and that prayer is no more than a form of worship. The Promised Messiah rejects this view and proclaims that Allah hears and accepts the supplication of believers which are offered in humility and sincerity, and that the acceptance of prayer sets in motion its own chain of causes which culminates in the fulfilment of the objective prayed for. In the second part of the book, which deals with Sir Sayyid Ahmad Khan's other book Usulut Tafsir (On the Principles of Commentary of the Holy Quran), the Promised Messiah presents his criteria or guiding principles for the correct interpretation of the Holy Quran.

One of America's most beloved spiritual leaders and the New York Times bestselling author of The Jesuit Guide to (Almost) Everything and Jesus: A Pilgrimage teaches anyone to converse with God in this comprehensive guide to prayer. In The Jesuit Guide to (Almost) Everything, Father James Martin included a chapter on communicating with God. Now, he expands those thoughts in this profound and practical handbook. Learning to Pray explains what prayer is, what to expect from praying, how to do it, and how it can transform us when we make it a regular practice in our lives. A

trusted guide walking beside us as we navigate our unique spiritual paths, Martin lays out the different styles and traditions of prayer throughout Christian history and invites us to experiment and discover which works best to feed our soul and build intimacy with our Creator. Father Martin makes clear there is not one secret formula for praying. But like any relationship, each person can discover the best style for building an intimate relationship with God, regardless of religion or denomination. Prayer, he teaches us, is open and accessible to anyone willing to open their heart.

Dear readers and cooks, With this cookbook I would like to introduce you to the typical dishes from Germany. We have many friends in the USA who cook German cuisine privately or also run restaurants. Now we are in the middle of the CORONA time. Restaurants are closed. Contacts between people are limited. Internet trade, including the book market, is booming. We can have food delivered to us. Many families now cook for themselves. And anyone who loves or wants to get to know German cuisine has a look at cookbooks or the Internet. With this cookbook I would like to explain some typical dishes step by step. The book in German has been a great success. Now I want to publish it in English. As a translator, I chose GOOGLE. In the event of an editing, the book would not be ready until next year. In addition, the cookbook would become more expensive. We will pass these

saved costs on to you. However, it may happen that GOOGLE does not translate everything correctly. So a bratwurst remains a "bratwurst". It's a fried sausage, a "roasted sausage". For those who want it in German, the German translation is also printed. I hope you excuse me, after all, it depends on the typical taste. And of course that you can cook it. Have fun cooking, everyone stays healthy!

this book in a simpler language. He says: "Before this, I prepared a paper in which I wrote on the secrets of the Salat as much as was feasible. But as it was not suitable for the common people, I decided to write parts of the cordial disciplines of this spiritual ascension, so that my brothers in faith may have a remembrance, and my hard heart may be affected by it."

The Reconstruction of Religious Thought in Islam (1930) is Muhammad Iqbal's major philosophic work: a series of profound reflections on the perennial conflict among science, religion, and philosophy, culminating in new visions of the unity of human knowledge, of the human spirit, and of God. Iqbal's thought contributed significantly to the establishment of Pakistan, to the religious and political ideals of the Iranian Revolution, and to the survival of Muslim identity in parts of the former USSR. It now serves as new bridge between East and West and between Islam and the other Religions of the Book. With a new Introduction by Javed Majeed, this edition of The Reconstruction opens the teachings of Iqbal to the modern,

Western reader. It will be essential reading for all those interested in Islamic intellectual history, the renewal of Islam in the modern world, and political theory of Islam's relationship to the West.
