The machines are the technicians' raison d'être and preoccupation, as well as occupation and sometimes passion, and so the technicians talk about them, continually, in a surprising variety of ways. In fact, this chapter is primarily about the ways in which technicians talk about machines and only somewhat about the ... Talking about Machines: An Ethnography of a Modern Job on ... Excerpts from TALKING ABOUT MACHINES: An Ethnography of a Modern Job by Julian E. Orr Cornell University Press, 1996 170pp, \$13.95, ISBN 0-8014-8390-5 TALKING ABOUT MACHINES, Julian Orr (1996) Ethnography of technical work is susceptible of many readings. The author responds, suggesting that learning, narratives, and community all derive from the work and cannot be considered without it. Similarly, the relationship of the work to its parent organization is examined in terms of enactment, control, managerial discourse, technique, the socialization of technology, and the question of caring for society.
