With only mild tweaks and updates, the basic 1948 Ford truck design lasted through the 1956 model year. Classic Ford F-Series Pickup Trucks 1948-1956 celebrates the glory of Ford's early F-Series trucks - all the pickups, sedan deliveries, medium-duty trucks, over-the-road heavy-duty rigs, and rare Canadian Mercury trucks that made the F-Series famous. Also highlighted are fabulous customized trucks that have received hand-built modifications and personalized features. *Motor Truck Journal* Veloce Publishing Ltd

There are certain books of the Bible that just seem to stand out and the Gospel of John is surely one such book. It is frequently the first book of the Bible we encourage non-Christians to read in the hope that its message will lead them to faith in Christ. After all, that is the purpose of the book. See John 20:31. For Christians, the Gospel of John is a source of much truth about our Lord and the Gospel. But it is much more than that. It is an opportunity for us to follow Him as we read, and to identify with the disciples as their knowledge of Him continues to expand. It is our opportunity to get to know the heart of the Savior, and to fellowship with Him through His Word. If men of old found their hearts set on fire as they listened to Him teach in person (Luke 24:32), so we will find our hearts warmed as we seek to listen to Him through this Gospel. I challenge you to join me in making the Gospel of John the subject of your study. May God use it to help you see and serve Jesus Christ as the Lamb of God, who takes away the sin of the world (John 1:29).

Great collector cars are still out there--just waiting to be found! Sadly, there is very little reality in reality TV. That wouldn't be so bad except for the fact that these shows are the only TV shows for the barn-find collector car aficionado. Barn Find Road Trip is the antidote to all the manufactured collector "reality" shows. It's a real-world, barn-find banzai run in which auto archaeologist Tom Cotter, his car collector pal Brian Barr, and photographer Michael Alan Ross embarked on a 14-day collector-car-seeking adventure with no predetermined destinations. It's barn-find freestyle! Roaming the Southeast, they documented their day-to-day car search in photos and through stories and interviews. This trip is absolutely real and the same kind of junket any gearhead with

the skills, knowledge, and time can undertake. Cotter and company hit the road in Cotter's 1939 Ford Woody, the kind of car that opened doors and started the conversations that revealed where interesting cars were squirreled away. The result? The discovery of over 1,000 collector cars and some of the most amazing barn-find stories Cotter has yet unearthed, all accompanied by Ross' evocative photography. If you love stories of automotive adventure, this is the book for you!
