*Challenging Cases for Advanced Study* Simon and Schuster  
This book is to help foreign medical doctors who immigrate to the US legally to return to practice medicine via medical licensing. It explains in very details all the steps and important issues to help foreign medical doctors to start their saga of medical licensing on their own with DIY- Do It Yourself fashion. Furthermore, I explain the extraordinary work that USFMDs (US citizen foreign Medical Doctors) have to go through this tough process of medical licensing; they have paid very high prices to earn the ECFMG certificate. However, they are currently terribly mistreated. The book reveals the true painful story how USFMDs have been buried alive for the last six decades. USFMDs, especially the ones who graduated and left medical schools over three or more years are of terribly unjust and unable to return to practice medicine even they proved their qualifications and capability to be great physicians for the American public. This is the true story that should be told to every American.

*Dermatology for the USMLE* Thieme  
In the tough competition for residency positions, how can you stand out? Get the Residency: ASHP's Guide to Residency Interviews and Preparation can help. You'll get tips, a long-term plan, and answers to your questions, including: When do I start planning my residency strategy—and how How can I set up a timeline and task list to keep myself on target for success? How can I ace the interview process? What should I have in my portfolio? What happens if I don't make the match? Plus, get late breaking information you can't get in any other book on the Pharmacy Online Residency Centralized Application Service (PhORCAS) and the Post-Match Dynamic List. The authors of Get the Residency put together a course at Nova Southeastern University College of Pharmacy that has helped their students achieve an 83 percent residency acceptance rate, against the national average of 60 percent in the most recent match. Now, Joshua Caballero, PharmD, BCPP; Kevin A. Clauson, PharmD; and Sandra Benavides, PharmD, along with faculty and clinicians across the country, share their effective techniques with you. They offer candid advice, guidance, and warnings that will be directly applicable to your hunt for a post graduate residency or fellowship and will stay with you as your career grows. You can begin using this as a guide as early as your first year, or as soon as you are ready to begin the residency application process. Let their experience and understanding of the process guide you through each step toward your professional future.
