Ellis Island Interviews Immigrants Tell Their Stories In Their Own Words Downloaded from ecobankpayservices.ecobank.com by guest

JOHNS TY

Ellis Island ABDO

This book is about the history of Ellis Island and the experience of immigrating to America.

My Journey Through Ellis Island Arcadia Publishing

"An exploration of the island that served as a gateway to thousands of immigrants and that has since become an important American symbol"--Provided by publisher.

Toward A Better Life Marshall Cavendish

Discusses life on Ellis Island, including detainment and deportation of immigrants, daily activities, the development of the immigration station, its role in the formation of the great melting pot of America, and the later years.

The United States is considered the world's foremost refuge for foreigners, and no place in the nation symbolizes this better than Ellis Island. Through Ellis Island's halls and corridors more than twelve million immigrants--of nearly every nationality and race--entered the country on their way to new experiences in North America. With an astonishing array of nineteenth- and twentieth-century photographs, *Ellis Island* leads the reader through the fascinating history of this small island in New York harbor from its pre-immigration days as one of the harbor's oyster islands to its spectacular years as the flagship station of the U.S. Bureau of Immigration to its current incarnation as the National Park Service's largest museum.

Ellis Island's Famous Immigrants Simon and Schuster

Ideal for today's young investigative reader, each A True Book includes lively sidebars, a glossary and index, plus a comprehensive "To Find Out More" section listing books, organizations, and Internet sites. A staple of library collections since the 1950s, the new A True Book series is the definitive nonfiction series for elementary school readers.

The Next Ship Home Arcadia Publishing

For millions of people, leaving home and coming to America meant giving up family and all things familiar. For more than sixty years, one site was the first place in America all new immigrants saw. Find out why Ellis Island holds such an important place in America's history.

Ellis Island Red Chair Press

"An unflinching look at the immigrant experience, an unlikely and unique friendship, and a resonant story of female empowerment."--Pam Jenoff, New York Times bestselling author of *The Woman with the Blue Star* Ellis Island, 1902: Two women band together to hold America to its promise: "Give me your tired, your poor ... your huddled masses yearning to breathe free..." A

young Italian woman arrives on the shores of America, her sights set on a better life. That same day, a young American woman reports to her first day of work at the immigration center. But Ellis Island isn't a refuge for Francesca or Alma, not when ships depart every day with those who are refused entry to the country and when corruption ripples through every corridor. While Francesca resorts to desperate measures to ensure she will make it off the island, Alma fights for her dreams of becoming a translator, even as women are denied the chance. As the two women face the misdeeds of a system known to manipulate and abuse immigrants searching for new hope in America, they form an unlikely friendship--and share a terrible secret--altering their fates and the lives of the immigrants who come after them. This is a novel of the dark secrets of Ellis Island, when entry to "the land of the free" promised a better life but often delivered something drastically different, and when immigrant strength and female friendship found ways to triumph even on the darkest days. Inspired by true events and for fans of Kristina McMorris and Hazel Gaynor, *The Next Ship Home* holds up a mirror to our own times, deftly questioning America's history of prejudice and exclusion while also reminding us of our citizens' singular determination.

Ellis Island Immigration Arcadia Publishing

From 1892 to 1954, Ellis Island was the gateway to a new life in the United States for millions of immigrants. In later years, the island was deserted, the buildings decaying. Ellis Island was not restored until the 1980s, when Americans from all over the country donated more than \$150 million. It opened to the public once again in 1990 as a museum. Learn more about America's history, and perhaps even your own, through the story of one of the most popular landmarks in the country.

Ellis Island Oral History Interview, Series EI, No. 312 Capstone Interviews by the National Park Service in cooperation with the Statue of Liberty-Ellis Island Foundation conducted 1985-1986 with immigrants to the United States from around the world, all of whom arrived at Ellis Island between 1892 and 1924. Virtually every nation that contributed sizable ethnic groups to the United States is represented in the oral histories, including Russia, Germany, Italy, France, Belgium, Great Britain, Poland, Romania, Spain, Syria, Turkey, Greece, Palestine, Egypt, and Japan.

Ellis Island Interviews Barnes & Noble Publishing

Multicultural America Children's Press(CT)

The experiences of people coming to the United States from many different lands are conveyed in the words of a contemporary young girl visiting Ellis Island and of a girl who immigrated in about 1910, as well as by quotes from early twentieth century immigrants and Ellis Island officials.

Ellis Island SAGE Publications

Experience historic events through the eyes of Maximilian P. Mouse, Time Traveler! Max was hoping the fifth time would be the charm and he would land at home in 2013. Unfortunately, the time machine still isn't working! Maximilian finds himself on the deck of a new ship in the year 1920. This one is also full of passengers, but these people are immigrants making their way to Ellis Island and a new life in New York City. Maximilian is amazed by the stories of the immigrants and entranced by the beauty of the Statue of Liberty welcoming them to their new home. But, he is concerned about a new crack in the time machine's shell. Will he ever get home to help his family save Tanner's Glen? Calico Chapter Books is an imprint of Magic Wagon, a division of ABDO Group. Grades 3-6.

American Passage Barnes & Noble Publishing

A look at the process of entering America a hundred years ago--from both an institutional and a human perspective. Outstanding Academic Title, Choice America is famously known as a nation of immigrants. Millions of Europeans journeyed to the United States in the peak years of 1892-1924, and Ellis Island, New York, is where the great majority landed. Ellis Island opened in 1892 with the goal of placing immigration under the control of the federal government and systematizing the entry process. Encountering Ellis Island introduces readers to the ways in which the principal nineteenth- and early twentieth-century American portal for Europeans worked in practice, with some comparison to Angel Island, the main entry point for Asian immigrants. What happened along the journey? How did the processing of so many people work? What were the reactions of the newly arrived to the process (and threats) of inspection, delays, hospitalization, detention, and deportation? How did immigration officials attempt to protect the country from diseased or "unfit" newcomers, and how did these definitions take shape and change? What happened to people who failed screening? And how, at the journey's end, did immigrants respond to admission to their new homeland? Ronald H. Bayor, a senior scholar in immigrant and urban studies, gives voice to both immigrants and Island workers to offer perspectives on the human experience and institutional imperatives associated with the arrival experience. Drawing on firsthand accounts from, and interviews with, immigrants, doctors, inspectors, aid workers, and interpreters, Bayor paints a vivid and sometimes troubling portrait of the immigration process. In reality, Ellis Island had many liabilities as well as assets. Corruption was rife. Immigrants with medical issues occasionally faced a hostile staff. Some families, on the other hand, reunited in great joy and found relief at their journey's end. Encountering Ellis Island lays bare the profound and sometimes-victorious story of people chasing the American Dream: leaving everything behind, facing a new language and a new culture, and starting a new

American life.

Drawing on firsthand accounts from, and interviews with, immigrants, doctors, inspectors, aid workers, and interpreters, Bayor paints a vivid and sometimes troubling portrait of the immigration procedure.

What Was Ellis Island? Prometheus Books

Between 1892 and 1954, more than 12 million immigrants entered the United States through the Ellis Island processing station in New York harbor. To these immigrants, Ellis Island was a symbol of the American dream—once they passed through its gates, they could start a new life with opportunities that were not available to them in their countries of origin. Today, roughly one-third of our country's population is descended from those who were processed at Ellis Island, and the facility is now a museum dedicated to American immigration.

Ellis Island Potomac Books, Inc.

In *The Ellis Island Snow Globe*, Erica Rand, author of the smart and entertaining book *Barbie's Queer Accessories*, takes readers on an unconventional tour of Ellis Island, the migration station turned heritage museum, and its neighbor, the Statue of Liberty. By pausing to reflect on what is and is not on display at these two iconic national monuments, Rand focuses attention on whose heritage is honored and whose obscured. She also reveals the shifting connections between sex, money, material products, and

ideas of the nation in everything from the ostensible father-mother-child configuration on an Ellis Island golf ball purchased at the gift shop to the multi-million dollar July 4, 1986 Liberty Weekend extravaganza celebrating the Statue's centennial just days after the Supreme Court's un-Libertylike decision upholding the antisodomy laws challenged in *Bowers v. Hardwick*. Rand notes that portrayals of the Statue of Liberty as a beacon for immigrants tend to suppress the Statue's connections to people brought to this country by force. She examines what happened to migrants at Ellis Island whose bodies did not match the gender suggested by the clothing they wore. In light of contemporary ideas about safety and security, she examines the "Decide an Immigrant's Fate" program, which has visitors to Ellis Island act as a 1910 board of inspectors hearing the appeal of an immigrant about to be excluded from the country. Rand is a witty, insightful, and open-minded tour guide, able to synthesize numerous diverse ideas—about tourism, immigration history, sexuality, race, ethnicity, commodity culture, and global capitalism—and to candidly convey her delight in her Ellis Island snow globe. And pen. And lighter. And back scratcher. And golf ball. And glittery pink key chain.

In the Shadow of Lady Liberty Children's Press(CT)

More than 17 million immigrants came here-to the front door of America-from 1890 to 1915 in what has been called the largest mass migration in human history. In the shadow of the Statue of Liberty, Ellis Island is one of the nation's most important historical sites and is one of our most heavily visited national monuments. Its story is the story of our people and their struggles for freedom and dreams of a better life.

Ellis Island Interviews Infobase Publishing

What motivates so many people to take great risks to come to America's shores? This is a fascinating and profusely illustrated oral history of the true stories of immigrants told in their own words.

[A Primary Source Investigation of Ellis Island](#) Simon and Schuster
Contains transcripts of interviews with over one hundred of the last surviving immigrants who came through Ellis Island to America, and includes conversations with six employees of the

island in which they discuss their duties and experiences.

Ellis Island Capstone

A SPECTATOR BOOK OF THE YEAR A landmark work of history that brings the voices of the past vividly to life, transforming our understanding of the immigrant experience. Whilst living in New York, journalist Małgorzata Szejnert would often gaze out from lower Manhattan at Ellis Island, a dark outline on the horizon. How many stories did this tiny patch of land hold? How many people had joyfully embarked on a new life there — or known the despair of being turned away? How many were held there against their will? Ellis Island draws on unpublished testimonies, memoirs and correspondence from many internees and immigrants, including Russians, Italians, Jews, Japanese, Germans, and Poles, along with commissioners, interpreters, doctors, and nurses — all of whom knew they were taking part in a tremendous historical phenomenon. It tells the many stories of the island, from Annie Moore, the Irishwoman who was the first to be processed there, to the diaries of Fiorello La Guardia, who worked at the station before going on to become one of New York City's greatest mayors, to depicting the ordeal the island went through during the 9/11 attacks. At the book's core are letters recovered from the Russian State Archive, a heartrending trove of correspondence from migrants to their loved ones back home. But their letters never reached their destination: instead, they were confiscated by intelligence services and remained largely unseen. Far from the open-door policy of myth, we see that deportations from Ellis Island were often based on pseudo-scientific ideas about race, gender, and disability. Sometimes, families were broken up, and new arrivals were held in detention at the Island for days, weeks, or months under quarantine. Indeed the island compound has spent longer as an internment camp than as a migration station. Today, the island is no less political. In popular culture, it is a romantic symbol of the generations of immigrants that reshaped the United States. But its true history reveals that today's immigration debate has deep roots. Now a master storyteller brings its past to life, illustrated with unique archival photographs.
