Studies in Islamic
Civilization draws upon
the works of Western
scholars to make the case

that without the
tremendous contribution
of the Muslim world there
would have been no
Renaissance in Europe.
For almost a thousand
years Islam was arguably
one of the leading
civilizations of the world
spanning a geographic
area greater than any
other. It eliminated social
distinctions between

classes and races, made clear that people should enjoy the bounties of the earth provided they did not ignore morals and ethics, and rescued knowledge that would have been lost, if not forever, then at least for centuries. The genius of its scholars triggered the intellectual tradition of Europe and for over seven hundred years its language, Arabic, was the international language of science. Strange then that its legacy lies largely ignored and buried in time. In the words of

Aldous Huxley, "Great is truth, but still greater, from a practical point of view, is silence about truth. By simply not mentioning certain subjects... propagandists have influenced opinion much more effectively than they could have by the most eloquent denunciations." Studies in Islamic Civilization is a compelling attempt to redress this wrong and restore the historical truths of a "golden age" that ushered in the Islamic renaissance, and as a by-product that of

the West. In doing so it gives a bird's eye view of the achievements of a culture that at its height was considered the model of human progress and development. (2010). The Swahili Africa World Press

The Story of an Ancient African Community

International Institute of Islamic Thought (IIIT)

A practical guide to the ancient magical tradition of Russian sorcery and Eastern Slavic magical rites • Offers step-by-step instructions for over 100

spells, incantations, charms, amulets, and practical rituals for love, career success, protection, healing, divination, communicating with spirits and ancestors, and other challenges and situations • Reveals specific places of magical power in the natural world as well as the profound power of graveyards and churches for casting spells • Explores the folk history of this ancient magical tradition, including how the pagan gods gained new life as Eastern Orthodox saints, and

shares folktales of magical beings, including sorceresses shapeshifting into animals and household objects Passed down through generations, the Slavic practice of magic, witchcraft, and sorcery is still alive and well in Russia, the Ukraine, and Belarus, as well as the Balkans and the Baltic states. There are still witches who whisper upon tied knots to curse or heal, sorceresses who shapeshift into animals or household objects, magicians who cast spells

for love or good fortune, and common folk who seek their aid for daily problems big and small. Sharing the extensive knowledge she inherited from her mother and grandmother, including spells of the “Old Believers” previously unknown to outsiders, Natasha Helvin explores in detail the folk history and practice of Russian sorcery and Eastern Slavic magical rites, offering a rich compendium of over 100 spells, incantations, charms, and practical rituals for love,

relationships, career success, protection, healing, divination, averting the evil eye, communicating with spirits and ancestors, and a host of other life challenges and daily situations, with complete step-by-step instructions to ensure your magical goals are realized. She explains how this tradition has only a thin Christian veneer over its pagan origins and how the Slavic pagan gods and goddesses acquired new lives as the saints of the Eastern Orthodox Church.

She details how the magical energy for these spells and rituals is drawn from the forces of nature, revealing specific places of power in the natural world as well as the profound power of graveyards and churches for casting spells. She explores the creation of amulets and talismans, the importance of icons, and the proper recital of magical language and actions during spells, as well as how one becomes a witch or sorceress. Offering a close examination of these two-

thousand-year-old occult practices, Helvin also includes Slavic folk advice, adapted for the modern era. Revealing what it means to be a Slavic witch or sorceress, and how this vocation pervades all aspects of life, she shows that each of us has magic within that we can use to take control of our own destiny.

Ruth Finnegan's Oral

Literature in Africa was first published in 1970, and since then has been widely praised as one of the most important books in its field. Based on years of fieldwork, the study traces the history of storytelling across the continent of Africa. This revised edition makes Finnegan's ground-breaking research available to the next generation of scholars. It includes a new introduction, additional images and an updated bibliography, as well as its original chapters on

poetry, prose, "drum language" and drama, and an overview of the social, linguistic and historical background of oral literature in Africa. This book is the first volume in the World Oral Literature Series, an ongoing collaboration between OBP and World Oral Literature Project. A free online archive of recordings and photographs that Finnegan made during her fieldwork in the late 1960s is hosted by the World Oral Literature Project (<http://www.oralliterature.org/collections/rfinnegan001.html>) and can also be accessed from publisher's website.

Asili ya Waseuta, yaani, Wazigua, Wanguu, Wasambaa, Wabondei, Wakilindi na Waluvu BRILL This story unfolds amidst the traditional social and cultural life of the people inhabiting Ukerewe in northern Tanzania. It tells of the lives of Mr Mr Myombekere and his wife Bugonoka whose love survives despite their failure to conceive children in a polygamous

society where sterility is stigmatised, bearing children is a central source of meaning in life, and a man is expected to marry additional women until he produces a child. This couple remain committed only to one another and search for a cure to their ailment. Their actions strengthen their relationship, and they become an exemplary couple in their society, finally rewarded by the birth of a son and daughter. The genesis and evolution of Kitereza's epic novel and its context

is as perhaps as remarkable as the work itself. Kitereza was born in Ukerewe in 1896 and wrote at the height of colonial rule, in part to preserve a culture threatened with extinction. He wished to keep alive the relationships of a people with one another and the land, and the spirit of cooperation on which their social life was based. He chose to write in his native Kikerewe because 'above all, I wanted this to be a way of preserving the language of our

ancestors, by showing the reader how beautifully they spoke to each other'. This classic Tanzanian story was written in Kikerewe in 1945, but to this day, remains unpublished in this language. Failure to find a publisher for the Kikerewe work persuaded Kitereza to translate his work into Swahili in 1969, which was then published in 1980 and widely acclaimed. Previously only available in the author's own Kiswahili translation, this is the first complete translation into English.

The translator, Gabriel Ruhumbika is a writer, professor of literature and descendant of Kitereza. He had unique access to the author's manuscripts and diaries. Ruhumbika also provides a comprehensive introduction and explanatory notes on the text.
