Focal Point Pocket Books

Once, Special Agent Smoky Barrett hunted serial killers for the FBI. She was one of the best—until a madman terrorized her family, killed her husband and daughter, and left her face scarred and her soul brutalized. Turning the tables on the killer, Smoky shot him dead—but her life was shattered forever. Now Smoky dreams about picking up her weapon again. She dreams about placing the cold steel between her lips and pulling the trigger one last time. Because for a woman who's lost everything, what is there left to lose? She's about to find out. In all her years at the Bureau, Smoky has never encountered anyone like him—a new and fascinating kind of monster, a twisted genius who defies profilers' attempts to understand him. And he's issued Smoky a direct challenge, coaxing her back from the brink with the only thing that could convince her to live. The killer videotaped his latest crime—an act of horror that left a child motherless—then sent a message addressed to Agent Smoky Barrett. The message is enough to shock Smoky back to work, back to her FBI team. And that child awakens something in Smoky she thought was gone forever. Suddenly the stakes are raised. The game has changed. For as this deranged monster embarks on an unspeakable spree of perversion and murder, Smoky is coming alive again—and she's about to face her greatest fears as a cop, a woman, a mother . . . and a merciless killer's next victim.

A Biographical Novel of Camille Pissarro Ballantine Books

In any activity an organisation undertakes, whether strategic, operational or tactical, the activity can only be successful with the input, commitment and support of its people - stakeholders. Gaining and maintaining the support and commitment of stakeholders requires a continuous process of engaging the right stakeholders at the right time and understanding and managing their expectations. Unfortunately, most organisations have difficulty implementing such culture change, and need assistance and guidance to implement a consistent process for identification and management of stakeholders and their changing expectations. As a continuous improvement process, stakeholder management requires understanding and support from everyone in the organisation from the CEO to the short-term contractor. This requires the concepts and practices of effective stakeholder management to become embedded in the culture of the organisation: 'how we do things around here', this book provides the 'road map' to help organisations achieve these objectives. The text has two specific purposes. Firstly, it is a 'how-to' book providing the fundamental processes and practices for improving stakeholder management in endeavours such as projects, and program management offices (PMO), it also gives guidance on organisational survival during mergers and acquisitions, preparing for the tender bidding, and marketing campaigns. Secondly, Lynda Bourne's book is for organisations that have recognised the importance of stakeholder engagement to their success, it is a guidebook for assessing their current maturity regarding implementation of stakeholder relationship management with a series of guidelines and milestones for achieving the preferred level of maturity.

Depths of Glory Diamond Pocket Books (P) Ltd.

The second edition of this pathbreaking, highly innovative comparative study in state-building by a major political scientist is a fully updated examination of the problems of making democratic government work. He concludes with a detailed proposal for a new type of government: alternating presidentialism. This meets the need for strong parliamentary control and efficient government, with safeguards against both parliamentary obstructionism and government by decree, and so could help to avoid political paralysis in Latin America, in the post-communist countries of Europe and in countries with dysfunctional parliamentary systems such as Italy and Israel.

A suspenseful and dramatic story of impossible love between a German soldier and a French Resistance fighter in World War Two Paris. In 1943, Michel Roth is a young soldier working in the German army's back offices in occupied Paris. But his fluency in French gets Roth a new task when the Gestapo find themselves in need of a translator for the confessions of interrogated French resisters. After work Roth chooses another path – he slips out of his hotel carrying a bag of civilian clothes and steals into an alley where he changes personas, becoming Monsieur Antoine, a young Frenchman. He strolls the streets of Paris, where one day he meets Chantal, daughter of an antiquarian bookseller. They fall in love, and when Chantal warns him away from the notorious café Turachevsky, favoured nightspot for German officers and the French women who entertain them, Michel believes it is out of jealousy. Too late he discovers that she is a member of the Resistance, and his naiveté leaves Michel on the other side of the SS interrogation machine. What follows is a tale of desperate cat and mouse through Paris, and into the devastated French countryside at the end of the war, when neighbours are quick to betray neighbours, and even to take revenge into their own hands.

Period." In *The Way of Integrity*, Beck presents a four-stage process that anyone can use to find integrity, and with it, a sense of purpose, emotional healing, and a life free of mental suffering. Much of what plagues us—people pleasing, staying in stale relationships, negative habits—all point to what happens when we are out of touch with what truly makes us feel whole. Inspired by *The Divine Comedy*, Beck uses Dante's classic hero's journey as a framework to break down the process of attaining personal integrity into small, manageable steps. She shows how to read our internal signals that lead us towards our true path, and to recognize what we actually yearn for versus what our culture sells us. With techniques tested on hundreds of her clients, Beck brings her expertise as a social scientist, life coach and human being to help readers to uncover what integrity looks like in their own lives. She takes us on a spiritual adventure that not only will change the direction of our lives, but also bring us to a place of genuine happiness.

The best news of all regarding business success is that nature is neutral. If you do what other successful people do, you will get the results that other successful people get. And if you don't, you won't. It is as simple as that. Some of these laws may seem simplistic or self-evident. Some repeat themselves in different ways in different categories. Don't be fooled into discounting or dismissing them on that account. Great success and mastery in any field always go to those who are brilliant on the basics. As you read, take a few moments with each law and honestly evaluate your own conduct and behavior with regard to that law. One insight or new idea that you did not have before can be all that it takes to change the direction of your life. When you apply *The 100 Absolutely Unbreakable Laws of Business Success* and you live your business life in harmony with them, you will gain a distinct advantage over those who do not. You will enjoy levels of success and satisfaction you may never have imagined possible. You will accomplish more in a few months or years than many people accomplish in a lifetime! . NEW YORK TIMES BESTSELLER • "This book is a gift! I've been practicing their strategies, and it's a total game-changer."—Brené Brown, PhD, author of the #1 New York Times bestseller *Dare to Lead* This groundbreaking book explains why women experience burnout differently than men—and provides a simple, science-based plan to help women minimize stress, manage emotions, and live a more joyful life. Burnout. Many women in America have experienced it. What's expected of women and what it's really like to be a woman in today's world are two very different things—and women exhaust themselves trying to close the gap between them. How can you "love your body" when every magazine cover has ten diet tips for becoming "your best self"? How do you "lean in" at work when you're already operating at 110 percent and aren't recognized for it? How can you live happily and healthily in a sexist world that is constantly telling you you're too fat, too needy, too noisy, and too selfish? Sisters Emily Nagoski, PhD, and Amelia Nagoski, DMA, are here to help end the cycle of feeling overwhelmed and exhausted. Instead of asking us to ignore the very real obstacles and societal pressures that stand between women and well-being, they explain with compassion and optimism what we're up against—and show us how to fight back. In these pages you'll learn • what you can do to complete the biological stress cycle—and return your body to a state of relaxation • how to manage the "monitor" in your brain that regulates the emotion of frustration • how the Bikini Industrial Complex makes it difficult for women to love their bodies—and how to defend yourself against it • why rest, human connection, and befriending your inner critic are keys to recovering and preventing burnout With the help of eye-opening science, prescriptive advice, and helpful worksheets and exercises, all women will find something transformative in these pages—and will be empowered to create positive change. Emily and Amelia aren't here to preach the broad platitudes of expensive self-care or insist that we strive for the impossible goal of "having it all." Instead, they tell us that we are enough, just as we are—and that wellness, true wellness, is within our reach.

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BOOKRIOT "Burnout is the gold standard of self-help books, delivering cutting-edge science with energy, empathy, and wit. The authors know exactly what's going on inside your frazzled brain and body, and exactly what you can do to fix it. . . . One Minute for Yourself Harper Perennial

A deftly written novel brimming with magical realist touches, *The Feline Plague* tells the story of Ira, a Slovenian child who discovers early the cruelty of the adult world—particularly the mistreatment of animals. Ira struggles to reconcile her life with a world in which people are small-minded, the chances for happiness are few, and petty tyrants rule. She takes a job with *The Lady*, a capitalist entrepreneur who runs the Ark, a pet emporium where she expects "pets will become the new jewelry." Ira careens into adulthood alongside a fairy-tale cast: her evil mother and sisters, a benevolent grandmother, best friend and alter ego Felipe, a blind painter who moonlights as a window dresser, and a pair of twins so identical their employer thinks they're one person. Acclaimed novelist Maja Novak masterfully conjures a series of vivid tableaux, setting Ira loose in a world where miniature wooden animals come to life—where jealousy, dreams, and realities unfold as Ira's rite of passage parallels the backdrop of communism's dying days and capitalism's shaky start.
