**Easy Learning Mandarin Chinese Language Words
 Workbook for Beginners 160 Pages** AuthorHouse

Now we are in multicultural community. We need understanding
 and communication among countries. As a Chinese teacher, I
 have learnt a simple way through tried and error to learn Chinese
 which is suitable for western people. We can learn Chinese Pinyin
 by the Method of Chinese Learning by Transfer from English
 International Phonetic Alphabet to Chinese Pinyin ,So I want to
 recommend the book«Elementary Chinese» to you. Let the world
 know China better and Let China reach out to the world. With the
 further Reform and Opening, more and more foreigners want to

know China and study the Chinese language. From my years of
 English learning, I have noticed studying Chinese with the help of
 Transfer. Among the English International Phonetic Alphabets,
 many alphabets are similar to the Chinese Phonetic Alphabets.
 The Transfer has obvious effects for the foreign beginners in
 reading the words correctly and improving their self-taught
 abilities. There are three parts in this book. The first part is how
 to learn Pinyin by the Method of Chinese Learning by Transfer
 from English International Phonetic Alphabet to Chinese
 Pinyin,The second part is to grasp Chinese spelling by practicing
 Pinyin. The third part is to learn how to write Chinese by “Chinese
 Basic Strokes.” An Introduction to the Method of Chinese
 Learning by Transfer from English International Phonetic Alphabet
 to Chinese Pinyin 1. Contrast between the Chinese Pinyin and
 English International Phonetic Alphabet There are 48 phonetic
 alphabets in English with 20 vowels and 28 constants, 20 vowels
 including 8 double vowels and 12 single vowels. Vowel is the
 critical phoneme in forming syllable and word and its right

reading is the key in studying standard English pronunciation. There are 47 Chinese Pinyin, 6 simple finals with the same function as the 12 single vowels in English phonetic alphabets, 9 compound finals and 9 nasal finals with the same function as 8 double vowels, and 23 initials just like the 28 constants. The precise sounds of the finals are key in Standard Chinese pronunciation. 2. Chinese pronunciation is termed "Voice Front Approach", that is, the front of the oral cavity exercises more and pronounces. While English pronunciation is termed "Voice Rear Approach", that is, the rear of the oral cavity exercises more and pronounces. The book will talk about the learning of Chinese Pinyin by Label of English Phonetic Alphabet Sound Symbolism Approach and Phonetic Alphabet Transfer Approach. It will help the foreigners learn the Chinese Pinyin and know the ways to read Chinese characters from the comparison of the places of articulation in phonetic alphabets and Pinyin. With the purpose of transfer, the book will teach the foreigners to learn Chinese by Phonetic Alphabet Sound Symbolism Approach of the English International Phonetic Alphabets and the Chinese Pinyin. From my point of view, the greatest advantage of the method is that it is simple, practical, and easy to understand, with operability. Surely, it will give a shortcut for the westerners to study Chinese. I have intended to continue with Volume 2 and Volume 3, which will show the Chinese long history, brilliant culture and traditional customs to the world and make China known to the world.

Learn Mandarin Chinese Workbook for Beginners: 2 Books In 1
Penguin

Whether your child already speaks Chinese or is learning Chinese as a second language, these simple Chinese characters will help set down the foundation for learning to write in Chinese. The earlier children are introduced to a second language, the more likely they will find ease and develop fluency in their non-native language. This notebook is made for beginners or kids who want to learn Chinese. It offers a complete Chinese course based on Level 1 of the Chinese Proficiency Test (HSK). There are totally 150 Simplified Chinese words with pinyin and translation in English with strokes order for every word.

Tuttle Learning Chinese Characters Columbia University Press

This book is a quick and easy way to learn basic Chinese Characters. All beginning Chinese language learners struggle to memorize and learn to write Chinese characters. The First 100 Chinese Characters adopts a structural approach which helps students to quickly master the basic characters that are fundamental to this language. Intended for beginning Chinese students, this character book presents characters that have been carefully selected for rapid and effective learning. The English meanings, pronunciations in hanyu pinyin and alternate forms (if any) for each Chinese character are presented along with a stroke order guide and spaces for writing practice. Printed with gray guidelines, the stroke order guides are designed to be traced over to teach students the standard sequence of strokes used to write the character. Related compounds and phrases are given to assist in vocabulary building. Three indexes at the back allow the characters to be looked up by their English meanings, hanyu pinyin pronunciations, or radicals. Extra practice sheets are also provided. This Chinese character book contains: Step-by-step stroke order diagrams show you how to write each character. Special boxes with grid lines help you practice writing them correctly. Compounds and sample sentences provide easy vocabulary building. Hanyu pinyin romanizations identify and help you pronounce every word.

I Found It! (Written in Traditional Chinese, Pinyin and English) a Bilingual Look and Find Book Smart Learning Publishing

"The approach that has helped thousands of learners memorize Japanese kanji has been adapted to help students with Chinese characters. Remembering Simplified Hanzi covers the writing and meaning of the 1,000 most commonly used characters in the traditional Chinese writing system, plus another 500 that are best learned at an early stage." "Of critical importance to the approach found in these pages is the systematic arranging of characters in an order best suited to memory. In the Chinese writing system, strokes and simple components are nested within relatively simple characters, which can, in turn, serve as parts of more complicated characters and so on. Taking advantage of this allows a logical ordering, making it possible for students to approach most new characters with prior knowledge that can greatly facilitate the learning process."--BOOK JACKET.

Zhong wen ting shuo du xie. Level 2, part 1 Tuttle Publishing

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages

fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

(HSK Level 2 & AP Study Exam Prep Book) Learning Chinese Pinyin Is Easy For the Beginners

① Learn Mandarin Chinese Workbook for Beginners: ✓ When you are learning Mandarin, you can learn all the rules, but you need to practice. But where do you go to find the best resources? You do not need to look any further because we are here to help! With this workbook, you can expect to make great strides in your journey toward becoming proficient in Mandarin. You will be learning how to read and write basic Mandarin words and phrases. Upon completing this workbook, you will be able to converse with a native Mandarin-speaking individual. You will learn about the weather, how to tell time, how to count, how to order a meal, and even how to ask about another person's

occupation. You cannot learn Mandarin without ensuring there is a degree of culture embedded into your work. This is why we have included some Chinese idioms for you to practice reading. According to history, the use of these specific idioms is to inspire you to continue on your journey to becoming fluent in Mandarin. As you start to immerse yourself in this book's content, you will begin to feel the joy of correctly translating your first pinyin word into Chinese characters. It is when you can shuffle your knowledge between English, pinyin, and Chinese characters that you will be ready to tackle the next hurdle of Mandarin. For now, remember how you felt when you started learning Mandarin. Keep that passion burning, as it is going to make the process of learning Mandarin that much easier! ★★★ ② Learn Mandarin Chinese for Beginners: ✓ Have you ever had an urge to learn Mandarin but have been put off by other people saying it looks too difficult? Trust me, it is not as difficult as other people say it is. We agree that learning Mandarin can be seen as quite a daunting experience, but that is why books like this one exist. As soon as you know what to expect, as well as some rules regarding how to read and write Mandarin as a beginner, you will be well on your way to mastering the language. What's great about "Learn Mandarin Chinese for Beginners" is that it comes with a composite workbook that you can use to really hone your Mandarin skills. With this book, we will be explaining everything about Mandarin to you. This will include some history and help you understand your personal learning style. This will ensure that you will perfect Mandarin in the quickest amount of time possible! You will find yourself understanding the four different Mandarin tones, the different ways to master pinyin, as well as even learning some personal life lessons along the way. We have tailored this book to be unique for each student and not by using a one-size-fits-all approach. It does not matter why you are learning Mandarin. As long as you have the passion and dedication to put time aside every single day and commit to learning the language, we will have you conversing with native Mandarin speakers in no time at all. This book is your best guide! By picking it up, you have taken the very first step in learning Mandarin, and we are so excited to be on this unique, fun, and exciting journey with you. ★★★

How Foreigners Learn Chinese Through the Pinyin System

Matthew Driver

This highly-visual book introduces an effective new method for learning Chinese characters using visual stimuli and pictographs. Learning the necessary characters used to write even simple Chinese sentences can be a long and arduous process. Chinese Characters Made Easy makes the learning process fun and easy by presenting the 1,000 most common characters using a new mnemonic approach that associates each character with a memorable visual and verbal clue—making memorization easy. The character for person, for example, is superimposed over a sketch of a man representing "a person standing on two legs"—drawing the reader's attention to the distinctive shape of the character and associating the sketch with the character's meaning. The Chinese characters are presented in groups or clusters all sharing common elements and meanings, for context and ease of identification. These groups of characters all share common root symbols known as radicals or relate to a particular theme or topic such as colors, numbers, animals, or body parts. Pronunciations, meanings and vocabulary compounds are provided for each character in the group. Key features of Chinese Characters Made Easy include: An introduction to the history and structure of the Chinese writing system 1,000 characters and over 3,000 words for beginning learners of Chinese This Chinese character book's visual approach is a powerful learning tool. It can be used by serious students and is entertaining and useful to

general readers who are curious about how the Chinese writing system works and how it developed.

As the teaching of Chinese increasingly uses simplified characters, this new version of the popular A Primer for Advanced Beginners of Chinese fills an important gap in Chinese-language instruction. The two-volume primer is addressed to meet the needs of the rapidly growing number of Chinese language students who were raised in the United States in Chinese-speaking homes and speak the language but cannot read or write it. This text develops lessons around readings on Chinese history, culture, geography, literature, folktales and mythology, customs, and cuisine.

Mandarin Chinese for Beginners Independently Published

This workbook is designed for use with the Elementary Mandarin Chinese Textbook and offers a wealth of carefully-designed practice activities to help you solidify every aspect of your Chinese skills in listening, speaking, reading, and writing. It includes extensive interactive drills, exercises and other practice materials. Online audio files are available for use in the relevant exercises. The lessons in this workbook correspond to the 24 lessons in the Elementary Mandarin Chinese Textbook. The

materials in this workbook are meant to be completed by students outside of class to strengthen and consolidate their understanding of the materials in the textbook. Lessons 1 and 2 of the Workbook contain exercises to learn to read and pronounce the Pinyin alphabet along with simple classroom expressions. They also introduce 48 basic Chinese characters. Beginning with Lesson 3, each lesson of the workbook contains two parts. Each part has two sets of listening comprehension exercises, one translation exercise, one character practice sheet, and one reading and writing exercise. Lessons 13 and 24 of the textbook are review lessons and therefore have no corresponding workbook materials.

Tuttle Publishing

This user-friendly guide to the basics helps you learn how to speak Chinese quickly and easily by drawing parallels with something you already know—English. Chinese is a fascinating language that can seem impossibly difficult to learn at first, but is relatively easy if you focus on the spoken aspect. This revised edition contains new dialogues, cultural notes, IT and social media vocabulary, and new manga illustrations. This book is designed for everyone who wants to learn to speak and understand colloquial Chinese—whether it is for business, pleasure, or travel to China. A lighthearted guide that brings Chinese to life in a down-to-earth fashion, *Mandarin Chinese for Beginners* makes language learning fun. Real-life dialogues and situations help you to converse with confidence. Sentence pattern exercises and drills help to reinforce what you are learning. Native-speaker audio recordings enable you to pronounce Chinese vocabulary accurately. Interesting notes, idioms, sayings and poems introduce you to Chinese culture. *Mandarin Chinese for Beginners* contains lots of extra hints and tips drawn from the authors' many years of experience in teaching the language to foreigners. Answer keys for the exercises are provided, and an "Extend Your Vocabulary" section in each chapter helps you to remember and understand more words that you'd think possible.
