Battle Royale Slam

Book Jack Townsend
 An interplanetary battle is renewed in an epic novel of a warring solar system by the author of *Ballistic*. The war should have been over. But it's not for a group of nationalists grabbing for control. It's

been two weeks since a missile with a nuclear warhead tore through the planetary defenses in the most blistering large-scale attack ever committed in the history of the Gaia system. Commander Dunstan Park of the Rhodian navy has been handpicked to command an experimental cruiser that could dictate the course of the escalating conflict. All he has to do is keep the ship from falling into the wrong

hands. On Gretia, the powder keg is beyond control. A terrorist attack against civilians draws Idina Chaudhary into a costly battle. It also forces a cautious Aden Jansen back into the fray. Now dedicated to a just cause, he's still keeping his past hidden. The risk of exposing his former alliance could twist not only his fate but also that of his sister, Solveig, heir to the family empire.

With no time to waste, Dunstan hits the ground running. But as insurgents threaten the unstable peace, what's ahead for both sides could change the destiny of the Gaia system forever.

Its Development and Characteristics 47North Long-listed for the 2018 Man Booker Prize Short-listed for the 2018 Gordon Burn Prize Short-listed for the 2018 Goldsmiths Prize Inspired by the real-life murder of a British army soldier by religious fanatics, Guy Gunaratne's *In Our Mad and Furious City* is a snapshot of the diverse, frenzied edges of modern-day

London. A crackling debut from a vital new voice, it pulses with the frantic energy of the city's homegrown grime music and is animated by the youthful rage of a dispossessed, overlooked, and often misrepresented generation. While Selvon, Ardan, and Yusuf organize their lives around soccer, girls, and grime, Caroline and Nelson struggle to overcome pasts that

haunt them. Each voice is uniquely insightful, impassioned, and unforgettable, and when stitched together, they trace a brutal and vibrant tapestry of today's London. In a forty-eight-hour surge of extremism and violence, their lives are inexorably drawn together in the lead-up to an explosive, tragic climax. In *Our Mad and Furious City* documents the stark disparities and

bubbling fury coursing beneath the prosperous surface of a city uniquely on the brink. Written in the distinctive vernaculars of contemporary London, the novel challenges the ways in which we coexist now—and, more important, the ways in which we often fail to do so.

Apocalypse Party
The cult Japanese bestselling phenomenon!
Koushun Takami's

notorious high-octane thriller is based on an irresistible premise: a class of 42 junior high school students are taken to a deserted island where, as part of a ruthless authoritarian program, they are electronically collared, provided with weapons of varying potency, and sent out onto the island. If they are in the wrong part of the island at the wrong time, their collars will

explode. If they band together to save themselves a collar will explode at random. If they try to escape from the island, they will be blown up. Their only chance for survival lies in killing their classmates. Criticized as violent exploitation when first published in Japan - where it then proceeded to become a runaway bestseller - BATTLE ROYALE is a Lord of the

Flies for the 21st century, and a potent story of politics and survival in a dog-eat-dog world. Made into a controversial hit movie of the same name, BATTLE ROYALE is already a contemporary Japanese pulp classic, and is now available for the first time to the UK mainstream. *Japanese Culture* Random House "Maggie understands that splatter for splatter's sake is boring. Psychopathy

is boring.
Coldness is boring. She's interested in feeling, and when her stories turn violent (as they frequently do), it's with a surreal emotional barbarity that distorts the entire world. You can mop up blood with any fabric. Maggie's concern is with the wound left behind, because the wound never leaves-it haunts. As a result, each of these stories leaves a wound of its

own. Some weep, watching as you try (and fail) to recover. Others laugh. But never without feeling." -B.R. Yeager, author of Negative Space "And once finished, I felt like my tongue had been misplaced, guts heavy and expanded ... gums numb with a tongue that'd been put elsewhere, my mouth clean around a pipe weaving up through pitch and shadow ... and well past ready, primed

for delight, waiting but knowing I had already been filled to skin; crying shit, hearing piss, fingernails seeping bile, pores dribbling blood, soles slopping off and out to meet a drain mid-floor ..." - Christopher Norris, author of Hunchback '88
