If you read the
original
Buffettology,
you know
exactly half of
what you need
to know to

effectively
apply Warren
Buffett's
investment
strategies.
Published in
1997, the
bestselling
Buffettology
was written
specifically for
investors in
the midst of a
long bull

market. Since then we've seen the internet bubble burst, the collapse of Enron, and investors scrambling to move their assets -- what remains of them -- back to the safety of traditional blue chip companies. As price peaks turned into troughs, worried investors wondered if there was any constant in today's volatile market. The answer is yes: Warren Buffett's value investing

strategies make money. The New Buffettology is the first guide to Warren Buffett's selective contrarian investment strategy for exploiting down stocks -- a strategy that has made him the nation's second-richest person. Designed to teach investors how to decipher and use financial information the way Buffett himself does, this book guides investors through

opportunity-rich bear markets, walking them step-by-step through the equations and formulas Buffett uses to determine what to buy, what to sell -- and when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and again that his strategy has earned enormous profits at a time no one expects them to -- and with almost zero risk to his

<p>capital. In short, The New Buffettology is an essential companion to the original Buffettology, a road map to investment success in the worst of times.</p> <p><u>The Tao of Warren Buffett</u> Irwin Professional Pub Tools to help you see yourself more clearly, engage more deeply, and equip you to be a confident great leader.</p> <p><i>Buffettology</i> Partridge Publishing NEW YORK TIMES</p>	<p>BESTSELLER #1 WALL STREET JOURNAL BESTSELLER USA TODAY BESTSELLER BLUE OCEAN SHIFT is the essential follow up to Blue Ocean Strategy, the classic and 3.6 million copy global bestseller by world-renowned professors W. Chan Kim and Renee Mauborgne. Drawing on more than a decade of new work, Kim and Mauborgne show you how to move beyond competing,</p>	<p>inspire your people's confidence, and seize new growth, guiding you step-by-step through how to take your organization from a red ocean crowded with competition to a blue ocean of uncontested market space. By combining the insights of human psychology with practical market-creating tools and real-world guidance, Kim and Mauborgne deliver the definitive guide to shift</p>
---	---	--

yourself, your team, or your organization to new heights of confidence, market creation, and growth. They show why nondisruptive creation is as important as disruption in seizing new growth. BLUE OCEAN SHIFT is packed with all-new research and examples of how leaders in diverse industries and organizations made the shift and created new markets by applying the process and tools outlined in the book. Whether

you are a cash-strapped startup or a large, established company, nonprofit or national government, you will learn how to move from red to blue oceans in a way that builds your people's confidence so that they own and drive the process. With battle-tested lessons learned from successes and failures in the field, BLUE OCEAN SHIFT is critical reading for leaders, managers, and

entrepreneurs alike. You'll learn what works, what doesn't, and how to avoid the pitfalls along the way. This book will empower you to succeed as you embark on your own blue ocean journey. BLUE OCEAN SHIFT is indispensable for anyone committed to building a compelling future. [Value Investing Made Easy: Benjamin Graham's Classic Investment Strategy Explained for](#)

Everyone John Wiley & Sons
There are many ways to make money in today's market, but the one strategy that has truly proven itself over the years is value investing. Now, with *The Little Book of Value Investing*, Christopher Browne shows you how to use this wealth-building strategy to successfully buy bargain stocks around the world.
Uncover the Secret Hiding

Places of Stock Market P Pan Macmillan
Here is the true story of a top Wall Street player's transformation from a straight-arrow believer to a jaded cynic, who reveals how Wall Street's insider game is really played. Dan Reingold was a top Wall Street analyst for fourteen years and Salomon Smith Barney analyst Jack Grubman's chief competitor in the red-hot sector of

telecom. Reingold was part of the "Street" and believed in it. But in this action-packed, highly personal memoir written with accomplished *Fast Company* senior writer Jennifer Reingold the author describes how his enthusiasm gave way to disgust as he learned how deeply corrupted Wall Street and much of corporate America had become during the roaring stock

market bubble of the 1990s. Confessions of a Wall Street Analyst provides a front-row seat at one of the most dramatic -- and ultimately tragic -- periods in financial history. Reingold recounts his introduction to the world of Wall Street leaks and secret deal-making; his experiences with corporate fraud; and Wall Street's alarming penchant for lavish spending and multimillion-

dollar pay packages. Reingold spars with arch rival Grubman; fends off intense pressures from Wall Street bankers and corporate CEOs; and is wooed by Morgan Stanley's CEO, John Mack, and CSFB's über-banker Frank Quattrone. Reingold describes instances in which confidential deals are whispered days before their official announcement. He recalls the moment

he learns that Bernie Ebbers's WorldCom was massively cooking its books. And he is shocked to have been an unwitting catalyst for a series of sexually explicit e-mails that would rock Wall Street; bring Jack Grubman to his knees; and contribute to the stepping aside of Grubman's boss, Citigroup CEO Sandy Weill. Some of Reingold's stories are outrageous, others

<p>Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In <i>The Tao of Warren Buffett</i>, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with</p>	<p>an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book</p>	<p>exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business</p>

transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-	superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." The Tao of Warren Buffett inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic. <u>My Warren Buffett Bible</u>	Simon and Schuster Published in 1997, the bestselling BUFFETTOLOG Y was tailored to the conditions of investors in the midst of a long bull market. Now, four years later, that market has seen once hot tech stocks crash and investors scramble to move their assets, or what remains of them, back to the safety of traditional blue chip companies. As peaks turn to troughs, worried

investors wonder if there are any constants in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. And, as THE NEW BUFFETTOLOGY demonstrates, there is no time to acquire like today's bear market. THE NEW BUFFETTOLOGY is the first guide to Warren Buffett's strategy for exploiting down stocks -

a strategy that has made him the world's second richest person. Designed to teach investors how to decipher and use financial information like Buffett himself, this one-of-a-kind guide walks readers step-by-step through the equations and formulas Buffett uses to determine what to invest in and, just as importantly, when. Authors Mary Buffett and David Clark explore Buffett's

recent investments in detail, proving time and time again that his strategy has earned enormous profits at a time when no one expects them - and with almost zero risk to his capital.

The Essays of Warren Buffett

TCKPublishing.com
"Look at market fluctuations as your friend rather than your enemy; profit from folly rather than participate in it." —Warren Buffett

Investors shouldn't hate the market because of its up and downs. They should capitalize on it—and give a middle finger to those brokers wasting their time (and money) buying and selling, viewing investing as just buying stocks and not taking ownership of a company. In this book, Joe Ponzio gives an "f-you" to Wall Street and teaches you how to become a sharp value investor who	uses economic downturns to your advantage. By buying into companies you believe in—but that may be selling for less than their intrinsic value, like high-end retailers in a weak market and discount retailers in a strong one—you will profit from their long-term performance. It's the perfect guide for anyone fed up with Wall Street's bull.	<u>Work and Your Life</u> Simon and Schuster A comprehensive and practical guide to the stock market from a successful fund manager—filled with case studies, important background information, and all the tools you'll need to become a stock market genius. Fund manager Joel Greenblatt has been beating the Dow (with returns of 50 percent a year) for more than a decade. And
---	---	---

now, in this highly accessible guide, he's going to show you how to do it, too. You're about to discover investment opportunities that portfolio managers, business-school professors, and top investment experts regularly miss—uncharted areas where the individual investor has a huge advantage over the Wall Street wizards. Here is your personal

treasure map to special situations in which big profits are possible, including: · Spin-offs · Restructurings · Merger Securities · Rights Offerings · Recapitalizations · Bankruptcies · Risk Arbitrage

Proven Strategies for Arbitrage and Other Special Investment Situations

Harriman House Limited
Deep insight and candid discussion from one of Wall Street's best investors

Common Stocks and Common Sense provides detailed insight into common stock investing, using a case-study approach based on real-world investments. Author Edgar Wachenheim is the 28-year CEO of Greenhaven Associates, boasting an average annual portfolio comparable to Warren Buffet's. In this book, he shares his knowledge and

experiences by providing detailed analyses of actual investments made by himself and other investors. The discussion covers the entire investment process, including the softer, human side, with candid insight into the joys and frustrations, intensities and pressures, and risks and uncertainties. The unique emphasis on behavioral economics and real-world cases set this book apart from the herd—but it's Wachenheim himself and his deeply-examined perspective that elevates the book beyond a mere investing guide. Between 1990 and 2014, a typical portfolio managed by Wachenheim enjoyed an average annual return in excess of 18%, achieved using relatively conservative stocks and no financial leverage. As a proponent of evidence and example, his analysis of real cases serve as a valuable education for anyone looking to improve their own investment practices. Understand investment through the lens of a Wall Street leader Dig into the details of real-world common stock investing Learn how to invest creatively and minimize risk Go beyond theory to study strategy on a case-by-case basis

<p>Investment principles and strategies are easy to find—entire libraries have been written about theories and methods and what 'should' happen. But this book goes beyond the typical guide to show you how these ideas are applied in the real world—and what actually happened. Investors seeking real insight, real expertise, and a proven track record will find Common Stocks and Common</p>	<p>Sense a uniquely useful resource. <u>The Three Chairs</u> Scribner Harley-Davidson: words that evoke the open American road and the 'Made in America' tradition like no others. The sweeping chopper handlebars, the distinctive throaty 'potato potato' roar of the engine and the unmistakable logo are all emblems recognized the world over. This</p>	<p>book expertly ties together the mechanical evolution of the Harley's engines - from the earliest motorized pedal bicycles to the iconic heavyweight twin cylinder V-engines we know and love today - and the social history of the brand's phenomenal rise in the twentieth century, as innovative survivor of the Great Depression, supplier of the military during both World Wars and enduring</p>

symbol of freedom and rebellion in movies such as 'Easy Rider'. It is fully illustrated with pictures of the bikes and those who have ridden them as well as beautiful examples of H-D's distinctive design aesthetic in advertising and collectibles. Currency Give a man a fish and he eats for a day. Teach him to arbitrage, and he will eat for a lifetime' Warren Buffett Warren Buffett

and the Art of the Stock Arbitrage is the first book to explore the secret world of Buffett's arbitrage and special situations investing. Long considered one of the most powerful and profitable of Buffett's investment operations, but the least understood, these special types of investments have been the edge that has made Warren Buffett the world's greatest investor. This book

examines Buffett's special brand of arbitrage investing, which involves taking advantage of short term price discrepancies that often occur when one company offers to buy another company. Buffett and David Clark, the authors of four best-selling books on Warren Buffett's investment methods, take the reader deep into the world of Buffett's arbitrage and special

situation operations, giving us his strategies, his equations for determining value, and dozens of examples of his investments in this very lucrative segment of Buffett's investment operations. They offer detailed analysis and explanations of Buffett's arbitrage and special situations operations and techniques for the first time ever.

The Interpretatio

n of Financial Statements
Simon and Schuster
This is the book that tells readers how to invest likethe man known as 'the Wizard of Omaha' (Forbes) and theinvestor with 'the Midas Touch'. John Train analyzes thestrategies, based on the value approach, that have guidedBuffett in his career, strategies that work even thoughBuffett operates a thousand miles from

Wall Street.
A History of the World's Most Famous Motorcycle
Bloomsbury Publishing
With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Buffett's successful perspective. They clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired

by the seminal work of Buffett's mentor, Benjamin Graham, this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New

Buffettology and The Tao of Warren Buffett.
Why You Won't Get Rich W. W. Norton & Company
In the third edition of this international best seller, Lawrence Cunningham brings you the latest wisdom from Warren Buffett's annual letters to Berkshire Hathaway shareholders. New material addresses: the financial crisis and its continuing implications for investors, managers and society; the

housing bubble at the bottom of that crisis; the debt and derivatives excesses that fueled the crisis and how to deal with them; controlling risk and protecting reputation in corporate governance; Berkshire's acquisition and operation of Burlington Northern Santa Fe; the role of oversight in heavily regulated industries; investment possibilities today; and weaknesses of popular option

valuation models. Some other material has been rearranged to deepen the themes and lessons that the collection has always produced: Buffett's "owner-related business principles" are in the prologue as a separate subject and valuation and accounting topics are spread over four instead of two sections and reordered to sharpen their payoff.
