*Henry Luce and His American Century* Anthem Press

The study of two great demagogues in American history--Huey P. Long, a first-term United States Senator from the red-clay, piney-woods country of northern Louisiana; and Charles E. Coughlin, a Catholic priest from an industrial suburb near Detroit. Award-winning historian Alan Brinkley describes their modest

origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era. \*Winner of the American Book Award for History\*

*His Very Best* JHU Press

Civil disobedience, the refusal to obey certain laws, is a method of protest famously articulated by philosopher and writer Henry David Thoreau in his 1849 essay "Civil Disobedience." Thoreau believed that protest became a moral obligation when laws collided with conscience. Since then, civil disobedience has been employed as a form of rebellion around the world. But is there a place for civil disobedience in democratic societies? When is civil disobedience justifiable? Is violence ever called for? Furthermore, how effective is civil disobedience?

**Studyguide for the Unfinished Nation: a Concise History of the American People by Alan Brinkley, ISBN 9780077422769** Cram101

At a time when liberalism is in disarray, this vastly illuminating book locates the origins of its crisis. Those origins, says Alan Brinkley, are paradoxically situated during the second term of Franklin Delano Roosevelt, whose New Deal had made liberalism a fixture of American politics and society. The End of Reform shows how the liberalism of the early New Deal—which set out to repair and, if necessary, restructure America's economy—gave way to its contemporary counterpart, which is less hostile to

corporate capitalism and more solicitous of individual rights. Clearly and dramatically, Brinkley identifies the personalities and events responsible for this transformation while pointing to the broader trends in American society that made the politics of reform increasingly popular. It is both a major reinterpretation of the New Deal and a crucial map of the road to today's political landscape.

The Unfinished Nation: A Concise History of the American People

From one of America's most respected journalists and modern historians comes the highly acclaimed, "splendid" (The Washington Post) biography of Jimmy Carter, the thirty-ninth president of the United States and Nobel Prize-winning humanitarian. Jonathan Alter tells the epic story of an enigmatic man of faith and his improbable journey from barefoot boy to global icon. Alter paints an intimate and surprising portrait of the only president since Thomas Jefferson who can fairly be called a Renaissance

Man, a complex figure—ridiculed and later revered—with a piercing intelligence, prickly intensity, and biting wit beneath the patented smile. Here is a moral exemplar for our times, a flawed but underrated president of decency and vision who was committed to telling the truth to the American people. Growing up in one of the meanest counties in the Jim Crow South, Carter is the only American president who essentially lived in three centuries: his early life on the farm in the 1920s without electricity or running water might as well have been in the nineteenth; his presidency put him at the center of major events in the twentieth; and his efforts on conflict resolution and global health set him on the cutting edge of the challenges of the twenty-first. "One of the best in a celebrated genre of presidential biography," (The Washington Post), His Very Best traces how Carter evolved from a timid, bookish child—raised mostly by a Black woman farmhand—into an ambitious naval nuclear engineer writing passionate, never-before-published love letters from sea to his wife and full partner, Rosalynn; a peanut farmer and civic leader whose guilt over staying silent during the civil rights movement and not confronting the white terrorism around him helped power his quest for racial justice at home and abroad; an obscure, born-again governor whose brilliant 1976 campaign demolished the racist wing of the Democratic Party and took him from zero percent to the presidency; a stubborn outsider who failed politically amid the bad economy of the 1970s and the seizure of American hostages in Iran but succeeded in engineering peace between Israel and Egypt, amassing a historic environmental record, moving the government from tokenism to

diversity, setting a new global standard for human rights and normalizing relations with China among other unheralded and far-sighted achievements. After leaving office, Carter eradicated diseases, built houses for the poor, and taught Sunday school into his mid-nineties. This "important, fair-minded, highly readable contribution" (The New York Times Book Review) will change our understanding of perhaps the most misunderstood president in American history.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the

beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows. Jonathan Cohn's *The Ten Year War* is the definitive account of the battle over Obamacare, based on interviews with sources who were in the room, from one of the nation's foremost healthcare journalists. The Affordable Care Act, better known as "Obamacare," was the most sweeping and consequential piece of legislation of the last half century. It has touched nearly every American in one way or another, for better or worse, and become the defining political fight of our time. In *The Ten Year War*, veteran journalist Jonathan Cohn offers the compelling, authoritative history of how the law came to be, why it looks like it does, and what it's meant for average Americans. Drawn from hundreds of hours of interviews, plus private diaries, emails and memos, *The Ten Year War* takes readers to Capitol Hill and to town hall meetings, inside the West Wing and, eventually, into Trump Tower, as the nation's most powerful leaders try to reconcile pragmatism and idealism, self-interest and the public good, and ultimately two very different visions for what the country should look like. At the heart of the book is the decades-old argument over what's wrong with American health care and how to fix it. But the battle over healthcare was always about more than policy. *The Ten Year War* offers a deeper examination of how our governing institutions, the media and the two parties have evolved, and the dysfunction those changes have left in their wake.

**a concise history of the American people [custom edition, Moreno Valley College]** McGraw-Hill Education Known for its clear narrative voice, impeccable scholarship, and affordability, Alan Brinkley's *The Unfinished Nation* offers a concise but comprehensive examination of American History. Balancing social and cultural history with traditional political and diplomatic themes, it tells the story of the diversity and complexity of the United States and the forces that have enabled it to survive and flourish despite division. This fifth edition of Volume 1 includes coverage of events and developments through the year 1877 and features two new essays.

**Studyguide for the Unfinished Nation** McGraw-Hill Humanities, Social Sciences & World Languages Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling program for the U.S. survey course invites students to think critically about the many forces that continually create the *Unfinished Nation* that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This edition features a series of Patterns of Popular Culture essays, as well as expanded coverage of pre-Columbian America, new

America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story.

Grand Central Publishing

"In The Unfinished Nation, Alan Brinkley provides a clear and intelligent account of the American past that strikes a balance between the new diversity in scholarship and the narrative unity that any general history must have. He makes clear that one can incorporate the rich and varied experiences of America's many cultures into a coherent and compelling story and at the same time retain a sense of what ties Americans together as members of a perpetually troubled but remarkably successful nation"--Description from amazon.com.
