The Divine Comedy Palala Press

The Divine Comedy (1320) is a narrative poem by Dante Alighieri. Begun in 1308 while Dante was exiled from his native Florence, The Divine Comedy--a long poem divided into three books of 33 cantos each--presents the author's spiritual journey from sinfulness and despair to salvation and self-understanding. Written in the Tuscan vernacular, the poem was influential in establishing a standardized Italian language. In the first book, Inferno, Dante is led by the Roman poet Virgil into Hell. There, he comes to terms with his own sinfulness while observing the horrors and tortures suffered by those condemned to eternity in its circles. Along the way, Dante

encounters historical figures, acquaintances, and other individuals whose violence, fraud, treachery, and betrayal led their spirits to terrible suffering. This technique, which incorporates dialogue with detailed description, is used throughout *The Divine Comedy* to provide context on historical, theological, and political subjects while simultaneously situating the poet as narrator and interlocutor in his own work. In this way, the physical and spiritual journey portrayed in the poem becomes a journey for Dante himself, a way of transcending the despair he describes at its beginning. In *Purgatorio*, Dante follows Virgil on an ascent of the Mountain of Purgatory, where he encounters the souls of sinners who must atone for their actions in life before entering Heaven. Leaving Virgil behind, Dante, in *Paradiso*, follows a divine Beatrice through the celestial spheres of Heaven. As he approaches God and his own salvation, changed by a newfound sense of "the Love which moves the sun and the other stars," Dante ascends to the heights of world literature, uniting the created soul and the artist's creation as no other poet has done before

or since. With a beautifully designed cover and professionally typeset manuscript, this edition of Dante Alighieri's *The Divine Comedy* is a classic of Italian literature reimagined for modern readers.

"Inferno" is the first part of the 14th-century epic poem "Divine Comedy," written by the Italian writer Dante Alighieri. This part preceded the other two - Purgatorio and Paradiso. In the poem, Dante makes a journey through Hell,

guided by the ancient Roman poet Virgil. There he sees the sufferings of those who have rejected spiritual values. Hell is depicted as nine concentric circles of torment located within the Earth, with every next circle marked by growing severity of suffering, which also corresponds to the severity of sin undertaken by a soul. The spiritual message of the poem is about the recognition and rejection of sin.

The Complete Writings of Henry Wadsworth Longfellow: The Divine Comedy of Dante Alighieri Sagwan Press

Described variously as the greatest poem of the European Middle Ages and, because of the author's evangelical purpose, as the 'Fifth Gospel', Dante conceived The Divine Comedy as a new epic of Christianity in which he creates a universe in which reason and faith transform moral and social chaos into order. Examining questions of faith, desire and enlightenment, and furnished with semi-autobiographical details, Dante's poem is a brilliantly nuanced and emotionally moving allegory of human redemption, it examines human nature in an extreme way, it's a very detailed and structured recount of the journey of the moral character, who at one the same time is

both the author and his reader, through the three realms of the Christian afterlife, containing the most emotionally moving lines literature has ever achieved. In the present edition Henry Boyd's brilliant and authoritative translations of Dante's three books or canticles, The Inferno, The Purgatorio and The Paradiso and Henry Longfellow's widely-acclaimed and masterful blank verse translation of The Divine Comedy, tracing the author's journey from Hell through Purgatory to Paradise, have been gathered together and published for the first time in a single volume, that aims to strike the perfect balance of tightness of translation to the original and colloquialism, and that is likely to be the best modern version of Dante, uniting poetry and scholarship in the very body of the translation, a deeply-informed and structured version of Dante's work, that is a pleasure to read. This volume contains all three parts of Dante's great poem about the journey of the author's soul in a recent, contemporary English translation with the complete collection of the rich historical, medieval illustrations by Priamo della Quercia, Giovanni di Paolo, the maps from the

works by Bernardino Daniello da Lucca and the full-page illustrations, commissioned by Alessandro Vellutello, constituting a truly complete edition of one of the world's greatest literary masterworks, that should prove to be accessible to everyone and is definitely the ideal edition for both literary scholars and readers, that only just became acquainted with this great masterpiece of literature and for the first time gain access to Dante's universe. The present academic, non-commercial edition merges Henry Boyd's and Henry Longfellow's translations into a brilliantly new, comprehensive edition and contains the complete collection of historical, medieval illustrations in color. No part of this publication may be reproduced, distributed, or transmitted in any form or by any means, including photocopying, recording, or other electronic or mechanical methods, or by any information storage and retrieval system without the prior written permission of the publisher, except in the case of very brief quotations embodied in critical reviews and certain other noncommercial uses permitted by copyright law. The authors

and contributors of the material in this edition deceased more than seventy years ago and according to Copyright Law their copyrighted material is in the public domain. Influential for seven centuries, this literary classic is a must-have and this luxurious edition is a stunning addition to any library.

**Dante's Divine Comedy** Scholar's Choice This edition gives a side-by-side parallel translation of Dante's Divine Comedy using Longfellow's translation. The Divine Comedy is an epic poem written by Dante Alighieri between 1308 and his death in 1321. It is generally considered to be the preeminent work of Italian literature and one of the greatest works of world literature. The poem is written in the Tuscan dialect, and the poem helped establish this dialect as the standardized Italian language. The poem is divided into three parts: Inferno, Purgatorio, and Paradiso. At the superficial level, the poem describes Dante's travels through Hell, Purgatory, and Heaven; but at a deeper level, it is an allegory of the soul's journey towards God. In order to articulate this journey towards God, Dante uses on medieval Christian theology and

philosophy, especially Thomistic philosophy and the Summa Theologica of Thomas Aquinas. Longfellow's translation is considered to be the best translation, overall. Longfellow, being a poet himself, was able to create a flowing translation that has not been surpassed.

*The Divine Comedy*; Franklin Classics  
Inferno is the first part of Dante Alighieri's 14th-century epic poem Divine Comedy. It is followed by Purgatorio and Paradiso. The Inferno tells the journey of Dante through Hell, guided by the ancient Roman poet Virgil. In the poem, Hell is depicted as nine concentric circles of suffering located within the Earth; it is the "realm ... of those who have rejected spiritual values by yielding to bestial appetites or violence, or by perverting their human intellect to fraud or malice against their fellowmen." As an allegory, the Divine Comedy represents the journey of the soul toward God, with the Inferno describing the recognition and rejection of sin.

*La Divina Commedia* Sagwan Press  
This first volume of Robert Durling's new

translation of The Divine Comedy brings a new power and accuracy to the rendering of Dante's extraordinary vision of Hell, with all its terror, pathos, and humor. Remarkably true to both the letter and spirit of this central work of Western literature, Durling's is a prose translation (the first to appear in twenty-five years), and is thus free of the exigencies of meter and rhyme that hamper recent verse translations. As Durling notes, "the closely literal style is a conscious effort to convey in part the nature of Dante's Italian, notoriously craggy and difficult even for Italians." Rigorously accurate as to meaning, it is both clear and supple, while preserving to an unparalleled degree the order and emphases of Dante's complex syntax. The Durling-Martinez Inferno is also user-friendly. The Italian text, newly edited, is printed on each verso page; the English mirrors it in such a way that readers can easily find themselves in relation to the original terza rima. Designed with the first-time reader of Dante in mind, the volume includes comprehensive notes and textual

commentary by Martinez and Durling: both are life-long students of Dante and other medieval writers (their Purgatorio and Paradiso will appear next year). Their introduction is a small masterpiece of its kind in presenting lucidly and concisely the historical and conceptual background of the poem. Sixteen short essays are provided that offer new inquiry into such topics as the autobiographical nature of the poem, Dante's views on homosexuality, and the recurrent, problematic body analogy (Hell has a structure parallel to that of the human body). The extensive notes, containing much new material, explain the historical, literary, and doctrinal references, present what is known about the damned souls Dante meets --from the lovers who spend eternity in the whirlwind of their passion, to Count Ugolino, who perpetually gnaws at his enemy's skull--disentangle the vexed party politics of Guelfs and Ghibellines, illuminate difficult and disputed passages, and shed light on some of Dante's unresolved conflicts.
