This work is a composite index of the complete runs of all mystery and detective fan magazines that have been published, through 1981. Added to it are indexes of many magazines of related nature. This includes magazines that are primarily oriented to boys' book collecting, the paperbacks, and the pulp magazine hero characters, since these all have a place in the mystery and detective genre.

In this book the author examines how women detectives are portrayed in film, in literature and on TV. Chapters examine the portrayal of female

investigators in each of these four genres: the Gothic novel, the lesbian detective novel, television and film.

He was born in 1863 in Wales, in Caerlison-Usk. He settled in London, still young, where he was a bookstore clerk for a few months, becoming a preceptor. Subsequently, he began to write in total material shortage and fatigue. For a long time he lived on translations. Still unrecognized, he continued his work with a growing feeling that "an immense spiritual gulf separated him from other men" and that he lived as a "Robinson Crusoe of the soul."A curious fact was that he, along with W. B. Yeats and Aleister Crowley, was a member of the "Hermetic Order of the Golden Dawn," the ill-fated 20th century magic society.His work is acclaimed worldwide and has already been recognized by such big names as H. P. Lovecraft, Stephen King and Jorge Luis Borges. This selection specially chosen by the literary critic August Nemo, contains the following stories:The Great God PanThe White PeopleThe Black SealThe Novel of the White PowderThe Red HandThe Inmost LightThe Bowmen

The Golden Amazon's arch-enemy, Sefner Quorne, discovers that all mental gifts, such as memory and creativity, are not inherent in human brains and mental make-up, but are something that is broadcast throughout the universe by a Central Intelligence, and then interpreted individually by the recipient! Quorne invents a device to block such thoughts selectively from reaching the Earth, thereby reducing the population to imbeciles--with the Amazon and Abna also being affected. The ambitious scientist then embarks on the most audacious voyage ever to be undertaken by man when, at the surprising suggestion of his wife Viona--daughter of the Amazon--he travels to the very center of the universe in order to seize the secrets to all knowledge from the Central Intelligence itself! Can Quorne be thwarted before he becomes the most powerful being in the cosmos? Another astounding adventure in the unfolding saga of the Golden Amazon!

"In Conundrums for the Long Week-End, Robert McGregor and Ethan Lewis explore how Sayers used her fictional hero to comment on, and come to terms with, the social upheaval of the time: world wars, the crumbling of the privileged aristocracy, the rise of democracy, and the expanding struggle of women for equality. A reflection of the age, Lord Peter's character changed tremendously, mirroring the developing subtleties of his creator's evolving worldview." "Scholars of the Modern Age, fans of the mystery genre, and admirers of Sayers's fiction are sure to appreciate McGregor and Lewis's incisive examination of the literary, social, and historical context of this prized author's most popular work."--Jacket.

This Complete Apocalyptic Novel Series (Books 1-7) begins when ragtag survivors of an alien invasion try to save humanity from the Book of Revelation's seven seals. Tag along with the gang as they fight their way through the apocalypse while facing zombies, aliens, and a few strange creatures. (Book 1) Sarah Van Dam is a divorced mom with two teenage sons, Willis and Georgie. Dealing with her abusive ex-husband is nothing when compared to the return of the seven seals from the Book of Revelation. The first seal, White Horse, brings an alien invasion and a false messiah. Earth's environment is altered, a zombie plague is unleashed, and a hybrid species is created by breeding with the uninfected. A small portion of the population is immune to the spores' infection; this includes Sarah, her sons and Jack, a man she releases from jail. With the help of scientists Professor Dillon and Max, Father Mitch, a small militia group and a couple pet dogs, these ragtag survivors fight the aliens and attempt to save the planet from the seven judgments. (Book 2) Ragtag survivors of the first seal (White Horse) successfully rid Earth of the aliens. Staying clear of nuclear power plant meltdowns seemed to be the worst thing they would have to deal with, aside from an occasional zombie. That was, until the second seal (Red Horse) was opened and civil unrest began. Zombie cocoons hatched into mutants, children became gunmen, and animals turned violent, even one of their own people began changing into a zombie. When they finally reached the prepper compound where they thought they would find safety, they found something unexpected, instead. (Book 3) Sarah, Jack, Max, Willis, Georgie, Miss Foo, Father Mitch, and prepper Randy are captured by the half-breeds and are to be fed to the alien bioship. While onboard the spaceship, they end up inside Mars where dinosaurs from the Mesozoic Era roam and creatures are jailed. (Book 4) Our ragtag characters must endure the opening of the fourth seal and the violence, famine, pestilence, and beasts that it brings. The zombies have returned, the alien moss has morphed into something more destructive, and The Community has begun taking the tainted biological warfare vaccine again. Will they be able to escape from Death and the aliens? Or will they finally reach their breaking point and be fed to the bioship? Find out by tagging along with the gang in this lighthearted and upbeat story. (Book 5) Forced off Earth because of an alien invasion, our haggard crew must find a new home. While Infinity One is designed for deep space flight, it is virtually untested as it sets out on its maiden voyage into the solar system. (Book 6) Close to perishing, the battered crew of Infinity One must risk their lives--and sacrifice one--to assure that human life continues on. (Book 7) The depleted crew have made many sacrifices as they fought their way through the Book of Revelation's first six seals. Now with the last seal hanging over their heads, will they finally meet their match in these last days? Find out in this final book of the Seven Seals Redux series. Suspenseful and optimistic, this apocalyptic series follows ordinary people as they try to carry out the impossible task of saving mankind.

These early works by Edgar Allan Poe were originally published in the mid 19th century. As a collection of short stories, these represent some of Poe's best works in the horror genre, and include 'The Fall of the House of Usher', 'The Masque of the Red Death', 'The Premature Burial', 'The Pit and the Pendulum', and many other titles. Born in Boston, Massachusetts in 1809, Poe became an orphan at a very early age. After being taken in by a couple in Richmond, he spent a brief spell in the United Kingdom before returning to enrol at the University of Virginia. Poe struggled for many years to make a living as a writer and frequently had to move city to stay in employment as a critic. Even for his greatest success, 'The Raven', he only received \$9 and, although becoming a household name, his financial position remained far from stable. Poe died in 1849, aged just 40, yet his legacy is a formidable one: He is seen today as one of the greatest practitioners of Gothic and detective fiction that ever lived, and popular culture is replete with references to him. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions.

Dorothy L. Sayers wrote bestselling detective novels and short stories in the 1920s and 1930s. Working within a popular medium, Sayers promotes nineteenth century and modernist literature with skills learnt during a period of employment in an advertising agency. In much of her fiction she recommends her choice of good books by name. She also suggests that taking Victorian literature as a foundation can bring her reader to a better understanding of literary modernism. With a didactic intent, Sayers shows how Lewis Carroll's Alice can help us to eventually read Virginia Woolf, for instance. Her approach to educating her readers is always through entertainment. Sayers worked briefly as a teacher before taking up copywriting and retained important insights on how to improve the learning experience for any reader. Sayers' admiration for the Victorian sensation author Wilkie Collins is widely recognised. This book examines Sayers' attention to equally important Victorian influences from John Ruskin and George Eliot to Oscar Wilde, particularly in relation to the topic of education. She often questions the boundaries between "popular" and "serious" literature. Sayers' personal views on the connections between mid-Victorian, late Victorian and high modernist authors are also considered.
