*AP Spanish Flashcards, Third Edition: Up-to-Date Review and Practice* McGraw Hill Professional  
 Learning Spanish can be a difficult process but ¡Vívelo! makes it easier by offering a fresh

approach. It emphasizes what readers know and can readily do with the language. The book includes activities that are designed to encourage readers to make cultural comparisons and connections. These activities, such as signature searches, information gap and jigsaw, are incorporated throughout the chapters to encourage a better comprehension of meaning with a purpose. ¡Vívelo! also offers metacognitive strategies to facilitate processing of advanced structures. The heavy emphasis on content and experiential learning empowers readers to gain a stronger understanding of Spanish.  
*Top 25 Spanish Questions You Need to Know* John Wiley & Sons  
 This volume provides a sample of the most recent studies on Spanish-English codeswitching both in the Caribbean and among bilinguals in the United States. In thirteen chapters, it brings together the work of leading scholars representing diverse disciplinary perspectives within linguistics, including psycholinguistics, sociolinguistics, theoretical linguistics, and applied linguistics, as well as various methodological approaches, such as the collection of naturalistic oral and written data, the use of reading comprehension tasks, the elicitation of acceptability judgments, and computational methods. The volume surpasses the limits of different fields in order to enable a rich

characterization of the cognitive, linguistic, and socio-pragmatic factors that affect codeswitching, therefore, leading interested students, professors, and researchers to a better understanding of the regularities governing Spanish-English codeswitches, the representation and processing of codeswitches in the bilingual brain, the interaction between bilinguals' languages and their mutual influence during linguistic expression.

There are many ways to learn Spanish, and one sure way to lose it. If you don't use it! Don't do it! Instead, hold on to your hard-earned Spanish and learn more by taking the ¿Cómo se dice? Quiz and studying Spanish, 1 lesson a day... The lessons of ¿Cómo se dice?, Spanish for How does one say?, are designed to put you in daily contact with Spanish. Each volume of ¿Cómo se dice? offers a select group of 122 new lessons, enough to keep you in Spanish for 4 months, 1 lesson a day, with a quiz. Each lesson begins by asking how to say an English word, expression or phrase in Spanish. Like a flash quiz, this simple format gives you the opportunity to solve the lesson in Spanish before you proceed to read the lesson. It does not matter that you answer correctly, but rather that you engage in this exercise. Thinking about how to say something in Spanish is much

more effective as a learning tool than simply being told how to say something. The skill level of ¿Cómo se dice? ranges from entry level to intermediate, to a bit of advanced. Following the quiz, each lesson is broken into its component parts, which are defined and demonstrated by examples. Lesson topics range from simple vocabulary, to a rule of grammar, to the finer points of Spanish. This variety is meant to engage you and give you the knowledge and tools you need to take your Spanish to the next level. Remember, Spanish should never be harder to learn than it has to be. Accordingly, ¿Cómo se dice? will always strive to show you how English and Spanish are the same, as well as different, so that you can leverage your own knowledge of English into a knowledge of Spanish. For example, the English noun transportation goes Spanish as *transportación*, reservation means *reservación*, education becomes *educación*, and so on. Knowing just this one link between English and Spanish is your key to over a thousand words in Spanish, without memorization → memorización! While there are never enough hours in the day, you can always make a few minutes just for yourself. Own those minutes by taking the ¿Cómo se dice? Quiz(TM) and studying ¡hablo(R) Spanish, 1 lesson a day...(TM)

This dual-language text provides theory and methodology for teaching reading in Spanish to Spanish/English bilingual or Spanish-dominant students. The goal is to help educators teach these students the skills necessary to become proficient readers and, thus, successful in the school system. At the very core of the book are the hispano-parlantes--the Spanish-speaking children--who bring to the schools, along with their native language and cultures, a wealth of resources that must be tapped and to whom all educators have a responsibility to respond. True to the concepts of developing bilingual educators to serve bilingual students, the text presents chapters in English and Spanish. Each chapter is written in only one language at the preference of the author. Thus, to be successful with this book, the reader must be bilingual. Themes emphasized in the text include current reading methodologies, the concept of reading as developmental literacy skills, reading in the content areas, new views of the development of proficiency in the second language, issues related to students with special learning needs, assessment, and the uses of technology in the delivery of instruction. Never losing sight of its goal--to teach reading in Spanish to bilingual or Spanish-dominant students--the book includes a series of focusing questions and follow-up activities; these are not simply translations of existing activities, strategies, and techniques intended for monolingual English students, but specifically designed to be appropriate for Spanish-speaking students. Directed to university preservice and in-service instructors of reading and bilingual education as well as administrators and district- and school-level staff developers who

work with Hispanic populations, the book is sensitive at all times to nuances of the languages and cultures of the intended audiences.

*Kaplan SAT II Spanish, 2002-2003* McGraw Hill Professional

Reinforces language learnt by revisiting and revising selected core language from Caminos 1.

Teaches grammar in a systematic way, identifying patterns clearly and providing plenty of practice.
