An essay on the lasting usefulness of childhood truths is accompanied by new commentary by the author on the phenomenal success of his book

Why me? Nourish Your Light

From the author to the reader: Show-and-Tell was the very best part of school for me, both as a student and as a teacher. As a kid, I put more into getting ready for my turn to present than I put into the rest of my homework. Show-and-Tell was real in a way that much of what I learned in school was not. It was education that came out of my life experience. As a teacher, I was always surprised by what I learned from these amateur hours. A kid I was sure I knew well would reach down into a paper bag he carried and fish out some odd-shaped treasure and attach meaning to it beyond my most extravagant expectation. Again and again I learned that what I

thought was only true for me . . . only valued by me . . . only cared about by me . . . was common property. The principles guiding this book are not far from the spirit of Show-and-Tell. It is stuff from home—that place in my mind and heart where I most truly live. P.S. This volume picks up where I left off in *All I Really Need to Know I Learned in Kindergarten*, when I promised to tell about the time it was on fire when I lay down on it.

First of all, I want to thank my friend and therapist David Bene, who believed in me and inspired me to write this trilogy.

Secondly, I would like to thank my parents: Sinair and Helia, my crooked parents: Lori and Barry; and to all those who in one way or another contributed as inspiration to these books: my friends with stories about their lives, neuroses and problems; my brothers with their own experiences and opinions; the people who passed in my life or who sat with me at a bar table, simply to give me an idea and inspire me without even knowing that I was in the process of emptying my soul. My BFFs (best friends forever) also support me always, especially to Marília Lacerda. Thank my friend and inspiration of woman, Cátia Damasceno (www.mulheresbemresolvidas.com.br), my heroine, a specialist in sexuality and an excellent teacher. Lidiane Machado, my coach, the person who made me sign this contract, and all those who helped me promote this work: Bruna Marques, my cousins and students

alike. Above all, I want to thank God for the opportunity to touch the hearts of people, at the same time that I can reach my heart, understand myself and accept myself as a human being, that fails, but that always tries to improve every day Thank you for believing in my work and in all of you for acquiring and disseminating this book.

"Emily Oster is the non-judgmental girlfriend holding our hand and guiding us through pregnancy and motherhood. She has done the work to get us the hard facts in a soft, understandable way."
—Amy Schumer *Fully Revised and Updated for 2021* *What to Expect When You're Expecting* meets *Freakonomics*: an award-winning economist disproves standard recommendations about pregnancy to empower women while they're expecting. From the author of *Cribsheet* and *The Family Firm*, a data-driven decision making guide to the early years of parenting *Pregnancy*—unquestionably one of the most profound, meaningful experiences of

adulthood—can reduce otherwise intelligent women to, well, babies. Pregnant women are told to avoid cold cuts, sushi, alcohol, and coffee without ever being told why these are forbidden. Rules for prenatal testing are similarly unexplained. Moms-to-be desperately want a resource that empowers them to make their own right choices. When award-winning economist Emily Oster was a mom-to-be herself, she evaluated the data behind the accepted rules of pregnancy, and discovered that most are often misguided and some are just flat-out wrong. Debunking myths and explaining everything from the real effects of caffeine to the surprising dangers of gardening, *Expecting Better* is the book for every pregnant woman who wants to enjoy a healthy and relaxed pregnancy—and the occasional glass of wine.

Christmas arrives early when a fateful encounter leads two strangers to unexpected love in this holiday romance from New York Times bestselling author Jessica Clare. Christmas may be

coming, but it's just another day at the ranch as far as Eli Pickett is concerned. Someone has to take care of the herd and that means no holiday vacation for him. But that's just the way he likes it--it's not like he has a woman to spend time with anyways. Most women don't want the ranch life, or the surly, silent cowboy that comes with it. Fine with him. He'd rather have the quiet of a roaring fire and the company of his dogs. Cassandra Horn is trying to make it to her parents' winter cabin in Wyoming before the blizzard hits. She desperately needs a vacation from the chaos of Manhattan...and her boss's boyfriend, who is making her life miserable. But Cass never makes it to the cabin. A raging snowstorm causes her car to crash, where she's found unconscious by Eli. When Cass wakes, she has no memories of who she is. Eli takes one look at Cass's big blue eyes and dark curls, and like a Christmas miracle, falls head over heels in love. But while the attraction is mutual, can she give her heart to this cowboy if she's not sure it's hers to give?

All I Really Need to Know I Learned From the Mouse

Peaceful Earth, LLC
For over three decades, director Ken Kwapis has charted a career full of exceptional movies and television, from seminal shows like *The Office* to beloved films like *He's Just Not That Into You*. He is among the most respected directors in show business, but getting there wasn't easy. He struggled just like everyone else. With each triumph came the occasional faceplant. Using his background and inside knowledge, *But What I Really Want To Do is Direct* tackles Hollywood myths through Ken's highly entertaining experiences. It's a rollercoaster ride fueled by brawls with the top brass, clashes over budgets, and the passion that makes it all worthwhile. This humorous and refreshingly personal memoir is filled with inspiring instruction, behind-the-scenes hilarity, and unabashed joy. It's a celebration of the director's craft, and what it takes to succeed in show business on your own terms. "Ken Kwapis always brought out the best in the actors on *The Office*. Whenever Ken was directing, I always felt safe to go out on a limb

and take chances, knowing he had my back. Every aspiring director should read this book. (I can think of several 'professional' directors that should read it too!)" - Jenna Fischer "A vital, magnificent manifesto on the art and craft of directing, written with emotional, instinctual and intellectual depth by one of America's most beloved film and television directors" -Amber Tamblyn "In the years that I was fortunate to work with Ken on *Malcolm in the Middle*, he had an uncanny ability to guide actors right to the heart of a scene and reveal its truths. He admits that he doesn't have all the answers, he'll make mistakes, and at times he'll struggle, but as he says in the book, 'It's the struggle to get it right that makes us human.'" - Bryan Cranston "Good luck finding a more kind, passionate, and talented director alive than Ken. Seriously, good luck." -Tig Notaro "'Action!' is what most directors bark out to begin a scene. But Ken Kwapis starts by gently intoning the words 'Go ahead...'. That simple suggestion assures everyone they're in smart, capable, humble hands. That's how you'll feel

reading this book. And so, if you're anxious to discover how a top director always brings humor, honesty, and humanity to his work, all I can tell you is...Go ahead." -Larry Wilmore
Slow Down Harvest House Publishers
 With unwavering humanity and light-footed humor, this intimate account of the interminable year of 2020 offers commentary on the COVID-19 pandemic, protests for racial justice, the U.S. presidential election, and more, all with a miraculous dose of groundedness in head-spinning times. From the award-winning book critic and best-selling author. "This book is so funny and so true. Charles Finch unpacks a year of plague, fear, shameless venality, and dizzying stupidity with an irrepressible wit and surgically precise cultural observations. I didn't know how badly I needed exactly this. Maybe you do too?" —Joe Hill, author of *Heart-Shaped Box* In March 2020, at the request of the Los Angeles Times, Charles Finch became a reluctant diarist: As California sheltered in place, he began to write daily notes about the odd ambient changes in his

own life and in the lives around him. The result is *What Just Happened*. In a warm, candid, welcoming voice, and in the tradition of Woolf and Orwell, Finch brings us into his own world: taking long evening walks near his home in L.A., listening to music, and keeping virtual connections with friends across the country as they each experience the crisis. And drawing on his remarkable acuity as a cultural critic, he chronicles one endless year with delightful commentary on current events, and the things that distract him from current events: Murakami's novels, reality television, the Beatles. *What Just Happened* is a work of empathy and insight, at once of-the-moment and timeless—a gift from one of our culture's most original thinkers.
