Young, attractive and very ambitious, George Duroy, known to his friends as Bel-Ami, is offered a job as a journalist on *La Vie française* and soon makes a great success of his new career. But he also comes face to face with the realities of the corrupt society in which he lives - the sleazy colleagues, the manipulative mistresses and wily financiers - and swiftly learns to become an arch-seducer, blackmailer and social climber in a world where love is only a means to an end. Written when Maupassant was at the height of his powers, *Bel-Ami* is a novel of great frankness and cynicism, but it is also infused with the sheer joy of life - depicting the scenes and characters of Paris in the belle époque with wit, sensitivity and humanity. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

*The Red and the Black* Stendhal - First published in 1830, *The Red and the Black*, is widely considered the masterpiece of 19th century French author Marie-Henri Beyle, known more commonly by his pen name, Stendahl. It follows the ambitions of Julien Sorel, a young man raised in the French countryside who wishes to rise above his provincial station by climbing the social ranks of Parisian society. Through a series of events, Julien's talent and hard work give way to deception and hypocrisy when he realizes the limitations for advancement of a sincere and honest man of humble origins. Although Julien achieves much which he aspires to, ultimately his pride gets the better of him when he commits a violent crime of passion, leading to his tragic downfall. Through the deep psychological introspection of Julien we see Stendhal's unique literary genius, the remarkable way in which he allows readers to live in the minds of his characters. Set against the backdrop of the July Revolution of 1830, *The Red and the Black* is a narrative which embodies the rich social conflict of that time. This edition is translated with an introduction by Horace B. Samuel.

Painted Love John Wiley & Sons

*Bel-Ami* Guy De Maupassant - The story chronicles journalist Georges Duroy's corrupt rise to power from a poor ex-NCO to one of the most successful men in Paris, most of which he achieves by manipulating a series of powerful, intelligent, and wealthy mistresses.

Written over the course of four decades, François-René de Chateaubriand's epic autobiography has drawn the admiration of Baudelaire, Flaubert, Proust, Barthes, and Sebald. Here, in the first books of his massive *Memoirs*, spanning the years 1768 to 1800, Chateaubriand looks back on the already bygone world of his youth. He recounts the history of his aristocratic family and the first rumblings of the French Revolution. He recalls playing games on the beaches of Saint-Malo, wandering in the woods near his father's castle in Combourg, hunting with King Louis XVI at Versailles, witnessing the first heads carried on pikes through the streets of Paris, meeting with George Washington in Philadelphia, and falling hopelessly in love with a young woman named Charlotte in the small Suffolk town of Bungay. The volume ends with Chateaubriand's return to France after seven years of exile in England. In this new edition (the first unabridged English translation of any portion of the *Memoirs* to be published in more than a century), Chateaubriand emerges as a writer of great wit and clarity, a self-deprecating egotist whose meditations on the meaning of history, memory, and morality are leavened with a mixture of high whimsy and memorable gloom.

The fox shows them all the hidden animals of the city and Ottoline makes notes on them in her field notebook. Mr Munroe is making notes too - on the anonymous poems he finds stuck to lampposts on

their journey. Who is the secretive poet, and how can he and Ottoline help them mend their broken heart?

‘I resolved to write a book which would create some stir in the world and continue to do after I had gone from it.’ - Choderlos de Laclos A great sensation at the time of first publication, *Les Liaisons Dangereuses* reads as much the most 'modern' of eighteenth-century novels. Viewed by some critics as a morality tale and others as a subtle inquiry into libertinism, it brilliantly depicts the foibles of the French aristocracy on the eve of the French Revolution. Renowned for its exploration of lust, revenge and human malice, and still carrying a tremendous power to shock, its adaptations for screen and stage have made its central characters notorious for their sophisticated and ultimately tragic games of seduction and manipulation.

events as rich and surprising as any in modern fiction. Beginning during the summer that men first walked on the moon, and moving backward and forward in time to span three generations, *Moon Palace* is propelled by coincidence and memory, and illuminated by marvelous flights of lyricism and wit. Here is the most entertaining and moving novel yet from an author well known for his breathtaking imagination. From New York Times-bestselling author Paul Auster (*The New York Trilogy*).

*Capital Letters* sheds new light on how literature has dealt with society’s most violent legal institution, the death penalty. It investigates this question through the works of three major French authors with markedly distinct political convictions and literary styles: Victor Hugo, Charles Baudelaire, and Albert Camus. Working at the intersection of poetics, ethics, and law, Ève Morisi uncovers an unexpected transhistorical dialogue on both the modern death penalty and the ends and means of literature after the French Revolution. Through close textual analysis, careful contextualization, and the critique of violence forged by Giorgio Agamben, Michel Foucault, and René Girard, Morisi reveals that, despite their differences, Hugo, Baudelaire, and Camus converged in questioning France’s humanitarian redefinition of capital punishment dating from the late eighteenth century. Conversely, capital justice led all three writers to interrogate the functions, tools, and limits of their art. *Capital Letters* shows that the key modern debate on the political and moral responsibility, or autonomy, of literature crystallizes around the death penalty in works whose form disturbs the commonly accepted divide between aestheticism and engagement.

#### **The Art of Cuphead** Editions Champ Vallon

A classic of modern French literature, the thrilling real-life story of the military hero, ambassador, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love. *Promise at Dawn* begins as the story of a mother’s sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland “born out of a mother’s murmur into a child’s

ear, a promise whispered at dawn of future triumphs and greatness, of justice and love.”

In the Sarboucane sea, Balbuzar the pirate reigns supreme. He attacks, plunders, sinks, and ransoms everything that comes within his reach. Savage, cruel, formidable, certainly, Balbuzar is; but also with a certain bonhomie, and a great sense of justice. He is in harmony with the sea, the islands, the wind, the rocks. Around him, birds, always. Men, women, children...they all love him. For he is free as the air. But now the Empress Pépita XIII is worried about her state of affairs, and Balbuzar's constant plundering. She sends against him her best officer, the Commodore, at the head of an armada. He represents force, order, law. Arrogant, domineering, relentless. And sure to be the one who will clean the Sarboucane sea. Balbuzar and the Commodore clash. Two exceptional sailors, two sharp warriors. The fight begins, shattering, tumultuous. The struggle, however, is unequal, for the Commodore has immense resources, an army behind him and the power of the empire. He's built a gigantic ship that will surely sweep away the pirates and their black-flag flotilla. Balbuzar's fate seems certain. Will the outlaw will be crushed by the enormity of the adversary? Cooked in the

imperial pot? Or will the cunning pirate will find the rift in the monster's breastplate? Will he will defeat his monstrous foe, like David blasting Goliath? Balbuzar is the story of a confrontation between two worlds, that of royalty and that of piracy, between conformity and diversity. Gérard Moncombe's text deftly balances action, humor and poetry, while artist Frédéric Pillot's stunning, gorgeously detailed illustrations help paint this rousing, unforgettable tale. One that you'll want to come back to again and again... A fable about freedom, about resistance, about power. And an ode to nature.
