The Stock Market is critical because we live in a world driven by financial markets. If you can learn even a bit about how they work, you can give yourself a massive advantage in life. The stock market is not just

for the wealthy and privileged it's something everyone supposes to have access to. The stock market is a beautiful opportunity machine in the world ever devised, but most people never learn how to harness its power to build money, and I don't want you to be one of them.
