The original light novel that started the phenomenon! In this fantasy world, everything's a game--and these gamer siblings play to win! Meet Sora and Shiro, a brother and sister who are loser shut-ins by normal standards. But these siblings don't play by the rules of the "crappy game" that is average society. In the world of gaming, this genius pair reigns supreme, their invincible avatar so famous that it's the stuff of urban legend. So when a young boy calling himself God summons the siblings to a fantastic alternate world where war is forbidden and all conflicts--even those involving national borders--are decided by the outcome of games, Sora and Shiro have pretty much hit the jackpot. But they soon learn that in this world, humanity, cornered and outnumbered by other species, survives within the confines of one city. Will Sora and Shiro, two failures at life, turn out to be the saviors of mankind? Let the games begin...!

YOU NEVER KNOW WHAT'S IN THE CARDS... Before the creation of Disboard, a world where everything is decided by games, there raged a terrible war among the various races. The Immanity weren't the only ones fighting to end that war, though—one Elf had her own plans: Whoever's left standing after the world is destroyed is the winner! What tricks did Think Nirvalen have up her sleeve all those years ago? Who was actually pulling the strings behind the Great War? And did Nina Clive, Think's overworked assistant, even make it out alive?!

"Ex-soldier Juzo Inui has one question--who turned him into a cyborg and erased his memories?

After the war, cyborg soldiers known as the Extended were discharged. Juzo Inui is one of them, a man whose body was transformed, his head replaced with a giant gun! With no memory of his previous life--or who replaced his head and why--Inui now scratches out a living in the dark streets of the city as a Resolver, taking on cases involving the Extended... Keeping Tetsuro, the fugitive son of the Berühren Corporation, safe is going to take resources Juzo doesn't have. An old contact at the Extended Management Squad can help, but in exchange Juzo has to bring in the very first noncompliant Extended, Hayden Gondry, the suspect in a number of murders whose victims had their auxiliary brains forcibly removed. Juzo takes the case, but tracking down Gondry will entangle him in a larger conspiracy..."--Provided by publisher.

A twist of fate landed Sora and Shiro in a bizarre world where everything, even war and politics, is decided by the outcome of games. For a couple of pro-gaming savants like them, it's the ultimate playground. With the fate of mankind's last kingdom on the line, they're ready to wager everything! The rules are stacked against them, the enemy is only too happy to cheat, and there's even magic involved, but one thing's for sure--no one plays a better game than they do.

Gaming no longer only takes place as a ›closed interactive experience‹ in front of TV screens, but also as broadcast on streaming platforms or as cultural events in exhibition centers and e-sport arenas. The popularization of new technologies, forms of expression, and online services has had a considerable influence on the academic and journalistic discourse about games. This anthology examines which paratexts gaming cultures have produced - i.e., in which forms and formats and through which channels we talk (and write) about games - as well as the way in which paratexts influence the development of games. How is knowledge about games generated and shaped today and how do boundaries between (popular) criticism, journalism, and scholarship have started to blur? In short: How does the paratext change the text?

Modern humanity with some 5,000 years of recorded history has been experiencing growing pains, with no end in sight. It is high time for humanity to grow up and to transcend itself by embracing transhumanism. Transhumanism offers the most inclusive ideology for all ethnicities and races, the religious and the atheists, conservatives and liberals, the young and the old regardless of socioeconomic status, gender identity, or any other individual qualities. This book expounds on contemporary views and practical advice from more than 70 transhumanists. Astronaut Neil Armstrong said on the Apollo 11 moon landing in 1969, "One small step for a man, one giant leap for mankind." Transhumanism is the next logical step in the evolution of humankind, and it is the existential solution to the long-term survival of the human race.
