RISHI PAGE

Good Enough Ctk Publishing

When a ventilator prevented her from speaking during her final hours, Jennifer started writing. After her death, her husband turns to those pages to tell her story of courage and faith. James had just walked through the door after a day's work when Jennifer told him the news that changed everything: it was cancer. In the following two years they would lose their sense of normalcy and their dreams for the future. But along the way, they would gain something even greater than their loss. Told through the eyes of a grieving husband is this true story of a young woman's fight for her life. Jennifer's final words, penned by hand when a ventilator prevented her from speaking, provide a powerful backdrop to this journey of faith and hope. A memoir that also offers a practical pathway for those struggling with loss, *The Last Seven Pages* is a testimony of a God who is present in our darkest moments, and who turned a devastating illness into a life-changing promise.

Gentle Words to Comfort Createspace Independent Pub

The American way of life pushes people to constantly strive for more--more money, more stuff, more clout. But how much is enough? And how do we know when we have too much of a good thing? In this provocative, paradigm-shifting book, Will Davis Jr. challenges readers to discover the peace that comes through contentment with what we have and compassion for those in need. Through surprising statistics, scriptural insight, and real-life stories, Davis gently leads readers to consider living with less in order to do more for the kingdom. Thought-provoking discussion questions and short chapters make this a perfect study for small groups. No one will come away from this powerful book unchanged.

[Purgatory Living](#) CreateSpace

Describes the modern world's struggles with depression and burnout in the face of mounting economic pressures, with advice on how to experience authentic happiness by accepting moderate resource levels.

[Living in the Fullness of Jesus, a Study in Colossians](#) Multnomah

Discover the wonder of a life with God you can't contain. The pages of scripture are full of ordinary people who walked with God as he poured himself out through them to a world in need. What if God never changed? What if he is still speaking to us and longing to work miraculously through us? What if it isn't a matter of more training or effort but simply receiving and releasing everything he already purchased? "Life in the Overflow" invites you to know God intimately as your Daddy in a way that spills out of you naturally. Filled with disarming honesty and fervent expectation, this book mirrors a reflection of who you are, who your God is and what he actually longs to do through "ordinary, messy kids" today!

Intimacy With God Joel Comiskey

There is no greater intimacy than "Intimacy with God". Establishing an intimate relationship with God is one of the best relationships you could ever have. I was taught this by my late Grandmother, and have since established my own personal intimate relationship with God. However, it wasn't until I reached the mature age of 30 that I realized what intimacy with God truly was. It was during many trials and tribulations of my life that caused me to seek God with my

whole heart and surrender my life to Him. Before I truly established intimacy with God, I had drifted so far from Him and was living a life that was displeasing to Him. One day when I was at my lowest, I began to reflect on the things that my Grandmother had instilled in me at a very early age. I found myself on my knees crying out to God for His help. I found a church home and started attending Bible study, reading the Bible for myself, and meditating on the Word of God, and obeying His Word. The Bible tells us in Proverbs 22:6, "Train up a child in the way he should go, and when he is old, he will not depart from it". In this her first book, Tonya Raby shares her personal testimony and some of her life's experiences while on her journey of establishing "Intimacy with God". She shares scriptures from what she calls her personal toolbox (the Bible) to better help you understand how you too can establish an "Intimate Relationship with God". [More Than Enough](#) Multnomah

"A ... series of Christian daily reflections on learning to live with imperfection in a culture of self-help that promotes endless progress"--Provided by publisher.

The Gospel: Objections and Answers Createspace Independent Publishing Platform

Many practice exercises as well as prayers included. Angels, The Cloud of Witnesses, intercession and The Fathers throne are among the subjects covered.

[The Grace of Enough](#) James Pinnick

"Brown's book Just Enough is a compelling account of how Edo Japan confronted similar environmental problems and created solutions that connected farms and cities, people and nature." —Huffington Post The world has changed immeasurably over the last thirty years, with more, bigger, better being the common mantra. But in the midst of this constantly evolving world, there is a growing community of people who are looking at our history, searching for answers to issues that are faced everywhere, such as energy, water, materials, food and population crisis. In *Just Enough*, author Azby Brown turned to the history of Japan, where he finds a number of lessons on living in a sustainable society that translate beyond place and time. This book of stories depicts vanished ways of life from the point of view of a contemporary observer and presents a compelling argument around how to forge a society that is conservation-minded, waste-free, well-housed, well-fed and economically robust. Included at the end of each section are lessons in which Brown elaborates on what Edo Period life has to offer us in the global battle to reverse environmental degradation. Covering topics on everything from transportation, interconnected systems, and waste reduction to the need for spiritual centers in the home, there is something here for everyone looking to make changes in their life. *Just Enough* is a much-needed beacon in our evolving world, giving us hope in our efforts to achieve sustainability now.

[It Starts with You - It Starts in You](#) Wipf and Stock Publishers

In *Stop Sabotaging Your Life: 3 Steps To Your Full Potential*, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough.... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time listening to our own hearts and minds. Some people try to find self-acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that."—Cristina "The world is filled with very

successful executives who for decades focus every waking minute on professional accolades and professional development [only to] realize they haven't take the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you to challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential." —Adrian "If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth." —Blaine *God, Take Over; I Am Finished* Moody Publishers

Two things can happen through grief: we can become comfortable with it, allowing it to become an unwanted companion, or we can let hope rise. The latter is anything but easy; it's a journey. In *Nothing to Hold but Hope*, Jennifer Kostick takes us through her real life struggle of pain, telling us the story of her fifteen-year battle through miscarriage, stillbirth, and secondary infertility. She invites us to walk with her through the desert of grief while searching for hope. Throughout each step, Jennifer paints a candid portrait of what the battle of grief looks like, while providing encouragement for the weary heart along the way.

Do you know that you were well thought out in the mind of God? Do you know you were not a by-chance product? Do you know you have a God purpose? *Created On Purpose For Purpose* holds the keys that will unlock all the answers and equip you to walk out your God purpose! Everyone has a sense that they were born for a purpose. But there is something more than just a purpose. The God purpose was designed specifically for you, and it's your responsibility to live out this assignment! From her own experience in discovering her God purpose, author Lisa Singh has outlined the steps to take to discover your God purpose. This easy-to-read guide will instruct you to explore why God designed a special purpose for you and how you can come to understand it. Once you know your place in the world, you can begin to live your purpose and thereby bless not only yourself, but the world you live in. Realize who you are and learn practical applications for victorious, fulfilling living. Whether studying alone or in a small Bible study, you'll find the tools you need to find your God purpose and start living your life the way it was intended to be lived—on purpose!

CHASING MORE AND FINDING ENOUGH Ave Maria Press

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: *The Book of the Mind* covers such subjects as faith, reason, morality, and the subconscious. Part Two: *The Book of the Body* develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

There's Not Enough Time Harmony

The life force, also known as "spirit," is the essence of being and the conscious and most important form of energy. Living energy is personal and within our conscious control, and by learning about it, we can use it to transform our life into vibrant and meaningful expressions of who we really are. Consciousness is purely energetic and therefore difficult to quantify in mechanistic terms. It is the characteristic of living energy and is the foundation of awareness. Consciousness is the thread running through all life. Living Energy is an introduction to the process of mystic spirituality. The reader is encouraged to attain a deep and meaningful connection to the divine with expanded awareness. The principles given in this book are equally relevant to the novice and the advanced practitioner. Robert explains how we may reveal our hidden potential by shifting our perception away from what is customary and comfortable to open the doors to greater spiritual awareness.

The Lifestyle of Heaven Ascending Book 2 CreateSpace

This is a book for anyone who has battled a mental illness - any mental illness - or for anyone who loves someone with a mental illness. It is also a book for anyone who has struggled to understand the role of faith in his/her suffering. Blue recounts a 35-year battle with the daily despair of OCD. For the first 25 years, his Christian upbringing convinced him he had a faith issue, not a chemical one. At age 25, after realizing there was more going on than a simple lack of faith, he spent the next 10 years struggling to find the right diagnosis, doctor, and treatment plan. This journey landed him in 7 different psychiatrists offices, countless psychologists offices, and even in the mental hospital for three days. In the end, Blue finds some answers but also comes to grips with the presence of his questions. This book will engage you, encourage you, and make you think about the sometimes toxic blend between spirituality and mental illness. Excerpt from chapter 3: At its core, OCD is a quest for certainty where certainty doesn't/can't exist. The person who washes his hands a million times wants certainty that the deadly germs are banished from his hands, but he can never be sure. The driver who fears she has accidentally hit a pedestrian re-drives the same route over and over, looking for absolute certainty that she didn't hit the innocent pedestrian, but there's no way to be absolutely certain that that odd color on the sidewalk isn't the blood of the child she just ran over who is now at the hospital or the morgue. Or the kid who is terrified he'll be abandoned by his parents...he can never ask enough questions or stand in just the right spot to check on their early arrival so as to be completely certain that they will always come back. Uncertainty dooms the sufferer of OCD to his torture chamber. For the religious person, uncertainty will, at some point, attack his quest for peace through faith. Let's face it: religion comes with plenty of uncertainty. Sooner or later, everyone on the quest to understand or know God will have to ask some difficult questions: Why does God allow bad things to happen to good people? Why does God allow so much suffering when he could simply zap the evil-doers? What does it mean to be saved? Unsaved? Is there such a thing as hell, and if so, how do I know that the sweet little old lady who used to live next door who wasn't very religious but who was the kindest person I ever knew isn't there? (See appendix for a fuller discussion of hell). My inevitable questions about the black-and-white certainties of the Christian faith caused the struggle between my internal self and my external self to rage on. Spiritual questions plagued my brain from the time I was old enough to ponder such matters, but the stakes were high in my family, where failure to see things the Right Way was not acceptable. My family's certainty mixed with my inevitable lack of certainty created a struggle within me between intellectual honesty and family acceptance - a struggle that persists to this day. One of the certainties of my upbringing that troubled my uncertain brain was the question of hell. To make matters worse, in my early childhood, we were Southern Baptists to the core - no drinking, church on Sunday and Wednesday (and sometimes Sunday night just in case!), suits to church so Jesus could admire our wardrobes, etc. Dogmatic Christian groups are guilty of excessive certainty about countless uncertain things, like how long it took the world to be created, where the precise line is between those who are "saved" and "unsaved," and that hell is a real place where anyone who hasn't "accepted Jesus as his/her savior" is going. Middle-school-Southern-Baptist-Tim, who had outgrown his fear of being left by his parents, needed some new way to be petrified of abandonment and isolation. Eternal damnation seemed like just the right thing for my brain to grab ahold of.

Discover how to line up your thoughts, words and desires with what God says about you and you'll be on your way to living the life you have always dreamed of, a life of Passion, Potential and Enjoyment.

True Enough EnoughFinding More by Living with Less

Author's Note About four years ago, I walked out of my life. Leaving professional middle class behind me, I set out in search of something more than acquiring and performing. I was so tired of being disappointed every time I arrived at a goal and found nothing there. I couldn't name it, but I suspected there was more to understand about this life. Receiving that understanding became my priority. Whether I was hiking or writing, dancing or crying, all I wanted was to know the more. My way of being changed immediately and gradually as I learned to let go of old stories and step into new freedom. I know now that Love, as a principle, is what I and you have been looking for. It is the beauty, freedom, and wellbeing that we imagine "heaven" to be. And the truth is we don't need to wait. We can live in Love and all its Joy right now. We don't have to die to live in heaven.

Proof of Heaven by Eben Alexander has been on the New York Times bestseller list for fifty-nine weeks. Browsing in Barnes and Noble days after I finished this manuscript, I picked up Alexander's book. I was interested solely because he is a neurosurgeon, not the kind of guy typically writing about heaven. Skimming, I noticed that his near death experience was strikingly similar to my own nonphysical experiences. So I read the whole the whole book in an afternoon. My first impression was true. Alexander and I have indeed received nearly identical revelations: Love is all there is. Fear isn't real. We can't fuck it up. Separation isn't possible. Every question is the answer. We both feel that we must share these universal principles as best we can to everyone who can hear them. We both learned to move into "heaven" by focusing on the feeling of it. We both know that everyone has the ability to do the same, and we can do it now. What if you are not who you think you are? I also share Alexander's challenge of putting nonphysical experiences into words after they have come through the filter of my physical body. It's like describing Einstein this way: He was a man. Can you imagine how much you would miss if that's all you knew of him? That's how it feels to offer you words about the experience of god. I offer them only because they might interest you enough to have your own experience. Well, that and because I really cannot imagine being able to keep this Joy all to myself. What if you have suffered enough? That is what I have been asking myself for the last few years, and now, I am asking you. Even if we are the worst people on the planet (whatever that means), we have more than paid our debt. We have spent enough days in fear and shame to punish our worst mistakes. If you don't believe that, at least ask yourself how continuing to punish yourself benefits anyone. Withholding joy and peace from your own life perpetuates misery in every life. What if you are so much more? I am writing to you to say that I have spent the last ten years in deliberate pursuit of the answer to this question. What I learned changed everything for me. What Alexander learned changed everything for him. It can change everything for you too. My message is not meant to challenge or replace a life that is working for you. What I am suggesting is a way of living that fulfills and delights moment by moment. If you

aren't enjoying your life as much as surviving it, I suggest a change. What do you have to lose? You don't have to spend seven days in a coma to have the experience of Alexander. That is his message, and it is mine. He died. I sat. We learned the same good news: There are no prerequisites. You don't have to be a certain kind of person. No history or flaw can disqualify you. There are no rules, no competition, and nothing to achieve. As I illustrate with my own life experience, there is only Love, and we can choose to enjoy it at anytime.

When You Think You're Not Enough Tim Blue

Do you ever feel caught in an endless cycle of working harder and longer to get more while enjoying life less? The Stewart family did—and they decided to make a radical change. Popular Catholic blogger and podcaster Haley Stewart explains how a year-long internship on a sustainable farm changed her family's life for the better, allowing them to live gospel values more intentionally. When Haley Stewart married her bee-keeping sweetheart, Daniel, they dreamed of a life centered on home and family. But as the children arrived and Daniel was forced to work longer hours at a job he liked less and less, they dared to break free from the unending cycle of getting more yet feeling unfulfilled. They sold their Florida home and retreated to Texas to live on a farm with a compost toilet and 650 square feet of space for a family of five. Surprisingly, they found that they had never been happier. In *The Grace of Enough*, Stewart shares essential elements of intentional Christian living that her family discovered during that extraordinary year on the farm and that they continue to practice today. You, too, will be inspired to: live simply offer hospitality revive food culture and the family table reconnect with the land nurture community prioritize beauty develop a sense of wonder be intentional about technology seek authentic intimacy center life around home, family, and relationships Drawing from Pope Francis's encyclical on the environment, *Laudato Si'*, Stewart identifies elements of Catholic social teaching that will enhance your life and create a ripple effect of grace to help you overcome the effects of today's "throwaway" culture and experience a deeper satisfaction and stronger faith.
