In 2017 Barnaby Lenon, previously the head master of Harrow School, wrote a best-selling book about high-achieving state schools in England (Much Promise). Later that year he went on a tour of Further Education colleges and started to research the

fortunes of those who do less well at school. In *Other People's Children* he writes about the state of vocational education in England and the implications of his findings for a post-Brexit economy.

Hachette UK The guide is an essential resource for trainee teachers working towards the Teachers' Standards for qualified teacher status (QTS). It also helps newly qualified teachers (NQTs) and

more experienced teachers have an 'understanding of, and always act within, the statutory frameworks which set out their professional duties and responsibilities' Teachers' Standards. Higher Level Teaching Assistants (HLTAs) and Teaching Assistants (TAs) working towards HLTA status will find the guide invaluable in developing knowledge of how 'other frameworks

that support the development and well-being of children and young people impact upon their practice' HTLA Professional Standards. Which London School & the South-East Coleridge Press This comprehensive guide to continuing professional development (CPD) in the lifelong learning sector (LLS) provides teachers with practical support and guidance alongside

development activities. It encourages teachers to reflect on their practice and subsequently shape and develop their teaching in response to the needs of their learners, their institution and local and national priorities. The book emphasises the importance of teachers as professional individuals who are responsible for their own CPD. It also helps senior managers to create a

positive environment and 'learning organisation' in which teaching and learning can flourish. The book sets the context for CPD and: Offers an understanding of the CPD process and the need for undertaking reflective practice Meets the needs of new teachers, trainers and tutors in the sector Considers CPD for teaching and learning and subject-specific CPD Provides an introduction to action

research and case studies of research into teaching and learning in the sector. Accessible to anyone who is working, or training to work, in the LLS, this book will provide practical suggestions, ideas and activities to stimulate activities and research.
