Annotation Providing an up-to-date view of workforce issues facing the water utility industry, this survey charts rapidly changing staffing levels, merit increases, hiring practices, cost control, and compensation practices along with a variety of other issues concerning the 2009 economy.

Water-resources-related Information for the Milwaukee Metropolitan Sewerage District Planning Area, Wisconsin, 1970-2002 American Water Works Association

Updated annually, this study is the only comprehensive study of salary data for 45 water and wastewater jobs from 1,046 utilities. Data is summarized by type of utility ownership, utility size, location, and average gallons managed. This study allows utilities to compare positions in their facility to others of similar size and geographic location.
